Option: Yes      %      Days      No Option X

This flexible, tactical workstation is configured using high-performance COTS modules housed in militarized enclosures. The Q-70 can be installed in airborne, surface, and submarine platforms to fulfill multiple combat system tasks. With the capability to emulate legacy display systems, the Q-70 workstation allows for immediate transition to open combat architectures and provides a cost-effective protection of prior hardware and software investments.

**5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:**

The current Acquisition Method Code (AMC/AMCS) is 3H This acquisition will be negotiated with: 90536  
(CAGE 90536) Lockheed Martin Corporation

Only this source will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by this non-Government activity. No other manufacturer's part can be used as a replacement for this item.

**6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES:** This justification, the solicitation & the resulting contract will be posted on FedBizOpps.

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

**8. DESCRIPTION OF MARKET SURVEY:** A technical review has been conducted, and based on this review; the contracting officer determines there are no other identifiable sources. Based on marketing research the contracting officer has determined that the only known manufacturing source is 90536.

**9. ANY OTHER SUPPORTING FACTS:**

Drawings are not available for full and open competition.

**10. LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition:

**11. ACTIONS TO REMOVE BARRIERS TO COMPETITION:** The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVSUP WSS limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.

This/these item(s) will be reviewed under the NAVSUP WSS replenishment parts program. Should it be determined the item(s) can be broken out, future acquisitions will be competitive.
