(Buyer's Name) Please Print ██████████	(Extension) ██████████	(Code) ██████

1. IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:

DLA Maritime at Mechanicsburg.

2. NATURE/DESCRIPTION OF ACTION: This J&A is for the negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A cover the acquisition of the following article(s):

Number	SWITCH,ELECTRONIC	Quantity	2
NSN	7HH 5895 014872276	Cage Code	5D744
P/N	6777729/6777729-1	Unit Price	██████████

Estimated Value (include option) ██████████

Appropriation, Subhead and Cost Code:

97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PRMF00000000

Option: Yes 100% 180 Days

Item description required for all items: This Electronic Switch Assembly (FPA) is a part of the 6778000 Final Power Amplifier (FPA) for the Transmitter Group of the AN/SPY-1D radar array, providing CFA cathode pulse outputs in addition to containing filament and screen grid networks for the internal switch tubes. It is an integral part of the AN/SPY-1 radar array, a computer controlled passive electronically scanned system, using four complementary antennas to provide 360 degree coverage and is a key component of the AEGIS Combat System, which uses powerful computer and radar technology to track and guide weapons to destroy enemy targets. *This item is the only known unit to be functionally compatible with all existing components of the AEGIS Combat System.*

Revised 11/13

N3902950830136,
REQUISITION NUMBER/PD: N3902950960151 **FOLDER NUMBER:** 15120-0020

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:
The current Acquisition Method Code (AMC/AMCS) is 3B. For the reasons explained below, these Supplies are only available from the following source(s): RAYTHEON COMPANY

Only the above manufacturing source(s) will be solicited because the article to be acquired is a highly specialized part. This Electronic Switch Assembly is coded source-controlled to Raytheon, CAGE 5D744 who are identified as the approved source of supply and have PBL and system integration responsibilities. There are no authorized substitutes of this item as this is the only item known to meet performance and compatibility requirements within the higher assembly. The item must be integrated and tested within the upper assembly and must qualify within approved testing specifications procedures, embedded coding procedures, design protocols, and internal QA requirements.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The government will synopsise this contract action by posting a synopsis on FedBizOpps.gov as required by FAR Subpart 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing sources are Cage 5D744, Raytheon Company. If a company other than the one listed believes they have a compatible product, they can submit the item to the Engineering Program Office, to include research and development, drawings and test specifications. The program office will test and evaluate the item at the company's expense. Upon qualification, the approved company will be able to participate in future solicitations. *A sources sought notice was issued and no other sources were identified.*

9. ANY OTHER SUPPORTING FACTS:
This part must be acquired from manufacturing sources specified on a source control drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. In order for another manufacturer/vendor to compete, they would be required to contact NSWC, PHD division and have their part approved for the intended application.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:
None at this time

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: ~~The government will include in this solicitation that provides that the government will consider alternate offers, and that alternate offers should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards.~~
Furthermore, a Sources Sought Base Notice was posted to FedBizOpps on 17 June, 2015 for 10 calendar days, inviting potential sources to fill out a Market Survey and express their interest in providing an offer on this order to be forwarded to the design and technical authority for approval. No responses were received during this timeframe.
