4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMCS) is **3C**. For the reasons explained below, these Supplies are only available from the following source(s) **CARLETON LIFE SUPPORT, CAGE NUMBER: 99251**

This part requires engineering source approval to maintain the quality of the part due to the potential loss of life if the product is defective. Carelton (CAGE NUMBER: 99251) is the only entity to obtain source approval for this part.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. 9. ANY OTHER SUPPORTING FACTS:

The approve source retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and this data is essential to maintain the uppermost quality of the part. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible and sources must be approved by the Government engineering activity.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:

None at this time. Sources Sought issued 6/9/2015.

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offers should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. Furthermore, a Sources Sought Base Notice was posted to FedBizOpps on 09 June 2015, until 20 June 2015 a total of 10 days to invite potential sources to fill out a Market Survey and express their interest in providing an offer on this order to be forwarded to the design technical authority for approval.
