When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

Based on marketing research the contracting officer has determined that the only known manufacturing source is King Nutronics Corp.

Drawings are missing from the technical data package to buy from other than the current source.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVICP limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.

This item will be reviewed under the NAVICP replenishment parts program. Should it be determined that the item can be broken out future buys will be competitive
