4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMCS) is | 5Q | . For the reasons explained below, these

Supplies are only available from the following source: (CAGE 71905) Derbyshire

AMSC Q: The Government does not have adequate data, lacks rights to data, or both, needed to purchase this part from additional sources.
If other than the suggested source is awarded, we will require First Article Test performance which would delay the delivery and affect the fleet support. Suggested source already has the special tooling and testing equipment required in order to move the delivery in support of the fleet requirements at hand..

When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

Based on this market research the contracting officer has determined that the only known manufacturing source is _____71905____.

71905 - Derbyshire is the only qualified source that has already been waived FAT, has the special tooling and testing equipment required in order to move the delivery in support of the fleet requirements at hand..

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:

NONE at this time.

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVSUP WSS limited screen process and determined that the item cannot be broken out.
