FOLDER NUMBER: 14020-0054

**4. IDENTIFICATION OF STATUTORY AUTHORITY:** This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1.

**5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:**

The current Acquisition Method Code (AMC/AMCS) is 3B. This acquisition will be negotiated with:  
(CAGE 1VPW8) GENERAL DYNAMICS C4 SYSTEMS INC

Only this source will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by this non-Government activity. No other manufacturer's part can be used as a replacement for this item. The government does not have adequate data, lacks rights to data, or both, needed to purchase this part from additional sources. Valid AMCs: 1, 2, 3, 4 and 5.

**6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES:** This justification, the solicitation & the resulting contract will be posted on FedBizOpps.

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

**8. DESCRIPTION OF MARKET SURVEY:** Market Research was performed by the engineering activity at the time of initial provisioning and no other viable sources of supply were identified. Technical has perused available databases such as ITIMP, NSEDR, FLIS and JEDMICS to validate that Cage 1VPW8 is currently the only source identified that can provide a form, fit and functionally compatible unit at this time. Based on this market research, the contracting officer has determined that the only known manufacturing source is 1VPW8.

**9. ANY OTHER SUPPORTING FACTS:**

This part must be acquired from a manufacturing source specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data right, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part; nor use of a second source part in the intended application. Although, by DoD-STD-100 definition, altered and selected items shall have an adequate technical data package, data review discloses that required data or data rights are not in Government possession and cannot be economically obtained.

**10. LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition:

None at this time

**11. ACTIONS TO REMOVE BARRIERS TO COMPETITION:** The government will include a clause in this solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit

a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve the alternate offer, the SAR package will be considered for future awards. This item has been reviewed under the NAVSUP WSS limited screen process and determined that the item cannot be broken out. No additional actions to remove barriers to competition are required under this process.
