DEFENSE LOGISTICS AGENCY
DLA Maritime at Mechanicsburg
5450 CARLISLE PIKE
MECHANICSBURG, PA 17055-0788

JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

REQUISITION NUMBER: Various (See attached)	FOLDER NUMBER: 16014-0027

[redacted]		[redacted]		[redacted]
(Item Manager's Name)		(Extension)		(Code)
[redacted]		[redacted]		[redacted]
(Technician's Name)		(Extension)		(Code)
[redacted]		[redacted]		[redacted]
(Buyer's Name)		(Extension)		(Code)

1. **IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:**

DLA Maritime at Mechanicsburg

2. **NATURE/DESCRIPTION OF ACTION:** This J&A is for the negotiation and award of a contract through other than full and open competition.

3. **DESCRIPTION OF SUPPLIES/SERVICES:** This J&A covers the acquisition of the following articles:

NSN	NOMEN	FEATURE NO.	QTY	PR	U/P	TOTAL
1HM 6140-01-468-5954	BATTERY ASSEMBLY	B059	345	N0010416X3519	[redacted]	[redacted]
SAME AS ABOVE		B059	339	N0010416X5503		

Estimated Value: (include option) **Total for all requirements on this J&A -** [redacted]

Appropriation, Subhead and Cost Code:
97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMF00000000

No Option

Item description required for all items:
The above items are all components used in the AN/UYQ-70 weapon system tactical workstation. This flexible, tactical workstation is configured using high-performance COTS modules housed in militarized enclosures. The Q-70 can be installed in airborne, surface and submarine platforms to fulfill multiple combat system tasks. With the capability to emulate legacy display systems, the Q-70 worstation allows for immediate transition to open combat architectures and provides a cost-effective protection of prior hardware and software investments.

4. **IDENTIFICATION OF STATUTORY AUTHORITY:** This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements. A C1 J&A was obtained for the previous award for this item issued using the authority of 10 USC 2304(c)(1) and as stated in the J&A, in order to reduce barriers to competition, the alternate offers clause was included in the solicitation inviting interested

parties to submit alternate offers which if received would be forwarded to technical for possible approval on future buys.

5. **DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:**
The current Acquisition Method Code (AMC/AMCS) is 3R. For the reasons explained below, these supplies are only available from the following source: (52088) Lockheed Martin Corporation
Only this source will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by this non-Government activity. No other manufacturer's part can be used as a replacement for this item. The data or the rights to use the data needed to purchase these parts from additional sources are not owned by the Government and it is not economical to purchase them. Lockheed Martin (LM) is the Original Equipment Supplier, design agent, and system integrator for the Q-70 weapon system. LM has the expert knowledge of the design and operational characteristics of this weapon system, to include various configurations on multiple platforms, which includes Maritime, Air and Land-based applications. LM is the only source possessing the expertise on critical engineering processes, procedures, software, firmware, components and test fixtures to ensure the appropriate configuration for compatability within the Q-70 system. LM has an established supplier base consisting of more than 70 COTS/NDI product lines. This expertise and engineering knowledge cannot be readily duplicated without signifant time and cost associated with re-engineering, which would result in programmatic risk to Navy Combat Systems equipment and schedules.

6. **GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES**: A presolicitation notice to inform potential sources of this impending requirement as well as the solicitation will be sent to the GPE in accordance with FAR 5.2. This justification and the resultant award will be posted to FedBizOpps in accordance with FAR 5.3.

7. **DETERMINATION OF FAIR AND REASONABLE COST**: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY**: A technical review, which consisted of searching several Government databases including ITIMP, NSSP and ERP,and JEDMICS and NSEDR has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sources of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing source is 52088. ERP Master Data Base and HAYSTACK data bases were queried through item interrogation to ascertain potential alternate sources that may be identified that would meet the Government's minimum requirments for the tasks. At this time no additional sources were identified through these research efforts. Furthermore, a Sources Sought Base Notice was posted to FedBizOpps on 5 February 2016 for 10 calendar days, inviting potential sources to fill out a Market Survey and express their interest in providing an offer on this order to be forwarded to the design and technical authority for approval. DRS Technologies and Koehlke Components, Inc submitted responses to the market survey. DRS Technologies and Koehlke Components, Inc information will be forwarded to NAVSEA to determine what ISEA will do the review since Q-70 is an

"orphaned" system and does not have a centralized program office or in-service engineering activity (ISEA). The current procurement will not be delayed while the ISEA conducts their review and makes a final determination if DRS and Koehlke can be approved as a source of supply for future requirements.

9. ANY OTHER SUPPORTING FACTS:
Drawings are not available for full and open competition. The data or the rights to use the data needed to purchase these items from alternate sources are not owned by the Government and it is not economical to purchase them.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition:
DRS Technologies and Koehlke Components, Inc

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION: The government will include a clause in the solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the NAVSUPWSS technical division for review. Q-70 is an "orphaned" system so it no longer has a centralized program office or in-service engineering activity (ISEA). Alternate offers submitted may be forwarded to NAVSEA, SPAWAR and the NAVAIR Host Program Offices as appropriate. If due to mission requirements the current procurement cannot be delayed in order to allow sufficient time for approval of alternate offers, the SAR package will be considered for future awards.

12. STATEMENT OF DELIVERY REQUIREMENTS:
(a) The required delivery date (month/year) is 03/17
(b) Ship to: Q93111 - Lockheed Martin, Virginia Beach, VA = 684 EA

13. REFERENCE TO THE APPROVED ACQUISITION PLAN: An Acquisition Plan is not required for this acquisition.

14. DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITION: All available specifications for the above articles have been reviewed and reflect the minimum needs of the Government.

REQUISITION NUMBER/PD: Various (See attached)	FOLDER NUMBER: 16014-0027

TECHNICAL AND REQUIREMENTS CERTIFICATION REQUIRED BY FAR 6.303-2(b)

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.

TECHNICAL COGNIZANCE:

[redacted]				29mar2016
Signature	Name & Title	Code	Phone	Date

REQUIREMENTS COGNIZANCE:

[redacted]				29mar2016
Signature	Name & Title	Code	Phone	Date

COMPETITION ADVOCATE REVIEW AND CONCURRENCE:

Signature	Name & Title	Code	Phone	Date

CONTRACTING OFFICER'S CERTIFICATION REQUIRED BY FAR 6.303-2(a)(12)

I certify that this justification is accurate and complete to the best of my knowledge and belief. (Represents approval if less than $650K).

Amy E Puchalsky	Amy E Puchalsky Contract Specialist	ZIB2	717-605-6436	30 Mar 2016
Signature	Name & Title	Code	Phone	Date

APPROVAL REQUIRED BY FAR 6.304
APROVAL: (Over $650K)

Signature	Name & Title	Code	Phone	Date

Approval Levels:
