(Buyer's Name)	(Extension)	(Code)

1. **IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:**

DLA Maritime at Mechanicsburg

2. **NATURE/DESCRIPTION OF ACTION:** This J&A is for the negotiation and award of a contract through other than full and open competition.

3. **DESCRIPTION OF SUPPLIES/SERVICES:** This J&A covers the acquisition of the following articles:

1HM 6130-01-452-9386	POWER SUPPLY	B260	12	N0010416X5919	[redacted]
1HM 5995-01-455-7269	CABLE ASSEMB, SPECIA	MK006	2	N0010416X5920	
1HM 5995-01-455-7272	CABLE ASSEMB, SPECIA	MK007	5	N0010416X5921	
1HM 5995-01-455-7274	CABLE ASSEMB, SPECIA	MK022	7	N0010416X5922	
1HM 4140-01-458-2180	IMPELLER, FAN, AXIAL	B369	3	N0010416X5923	
1HM 6130-01-473-0882	POWER SUPPLY	B496	1	N0010416X5925	
1HM 5180-01-492-3934	JACK SCREW KIT	MK038	8	N0010416X5927	
1HM 5995-01-509-2440	CABLE ASSEMBLY, POWE	C133.20	2	N0010416X5929	
1HM 5963-01-513-3024	LOWER CONTROL PANEL	B894	1	N0010416X5931	
1HM 5965-01-519-1214	HEADSET, ELECTRICAL	B974	6	N0010416X5932	
1HM 5975-01-530-2767	PANEL, ELECTRICAL-EL	B850	1	N0010416X5934	
1HM 5925-01-548-3130	CIRCUIT BREAKER	B1158	1	N0010416X5940	
1HM 7025-01-555-3361	MODULE, ETHERNET	B1217	2	N0010416X5941	
1HM 5998-01-599-1472	COPPER INPUT CARD	B1523	1	N0010416x5967	
7HH 7025-01-603-3069	SWITCH, VIDEO	B1519	8	N0010416X6366	
1HM 7025-01-603-9476	TRACKBALL, USB, 2INCH	B1572	2	N0010416X6368	
1HM 6130-01-612-4400	POWER SUPPLY, 300W	B1664	2	N0010416X6370	
7HH 7025-01-631-6766	22 INCH DISPLAY	B1501	9	N0010416X6380	

Estimated Value: (include option) **Total for all requirements on this J&A –** [redacted]

Appropriation, Subhead and Cost Code:
97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMF00000000

No Option

Item description required for all items:

Spares C1 J&A
Revised

The above items are all components used in the AN/UYQ-70 weapon system tactical workstation. This flexible, tactical workstation is configured using high-performance COTS modules housed in militarized enclosures. The Q-70 can be installed in airborne, surface and submarine platforms to fulfill multiple combat system tasks. With the capability to emulate legacy display systems, the Q-70 worstation allows for immediate transition to open combat architectures and provides a cost-effective protection of prior hardware and software investments.

4. **IDENTIFICATION OF STATUTORY AUTHORITY:** This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements. For those items, with the exception of NIIN 01-455-7269, NIIN 01-458-2180 and NIIN 01-530-2767, with previous award history using the authority of 10 USC 2304(C)(1) a C1 J&A was obtained and as stated in the J&A, in order to reduce barriers to competition, the alternate offers clause was included in the solicitation inviting interested parties to submit alternate offers which if received would be forwarded to technical for possible approval on future buys. For NIIN 01-455-7269, NIIN 01-458-2180 and NIIN 01-530-2767 the respective J&A's stated that the alternate offers clause would be included however this clause was inadvertently omitted from the RFP. For this reason, in accordance with PGI 206.304, the current J&A is being approved at one level above the approval level for the prior J&A. For NIIN 01-548-3130, NIIN 01-555-3361 and NIIN 01-603-9476, in addition to the remark about the alternate offers clause a statement was included that the items would be reviewed under the NAVSUP replenishment parts program and should it be determined that the part can be broken out, future acquisitions would be competitive. This language was unintentionally added to these prior J&A's because this program has not existed since the 1990s therefore this action was not performed nor intended to be performed. This is a first time buy for NIIN 01-492-3934, NIIN 01-599-1472 and NIIN 01-631-6766 using the authority of 10 USC 2304(c)(1).

5. **DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:**
The current Acquisition Method Code (AMC/AMCS) is 3R. For the reasons explained below, these supplies are only available from the following source:
(52088) Lockheed Martin Corporation
Only this source will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by this non-Government activity. No other manufacturer's part can be used as a replacement for this item. The data or the rights to use the data needed to purchase these parts from additional sources are not owned by the Government and it is not economical to purchase them. Lockheed Martin (LM) is the Original Equipment Supplier, design agent, and system integrator for the Q-70 weapon system. LM has the expert knowledge of the design and operational characteristics of this weapon system, to include various configurations on multiple platforms, which includes Maritime, Air and Land-based applications. LM is the only source possessing the expertise on critical engineering processes, procedures, software, firmware, components and test fixtures to ensure the appropriate configuration for compatability within the Q-70 system. LM has an established supplier base consisting of more than 70 COTS/NDI product lines. This expertise and engineering knowledge cannot be readily duplicated without signifant time and cost associated with re-engineering, which would result in programmatic risk to Navy Combat Systems equipment and schedules.

6. **GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES:** A presolicitation notice to inform potential sources of this impending requirement as well as the solicitation will be sent to the GPE in accordance with FAR 5.2. This justification and the resultant award will be posted to FedBizOpps in accordance with FAR 5.3.

7. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY:** A technical review, which consisted of searching several Government databases including ITIMP, NSSP and ERP,and JEDMICS and NSEDR has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sources of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known manufacturing source is 52088. ERP Master Data Base and HAYSTACK data bases were queried through item interrogation to ascertain potential alternate sources that may be identified that would meet the Government's minimum requirments for the tasks. At this time no additional sources were identified through these research efforts. Furthermore, a Sources Sought Base Notice was posted to FedBizOpps on 24 March 2016 for 7 calendar days, inviting potential sources to fill out a Market Survey and express their interest in providing an offer on this order to be forwarded to the design and technical authority for approval. Two responses were received in the allotted time frame, DRS Technologies and RC Electronics. Q-70 is an orphan system with no centralized ISEA, therefore the source sought responses will be forwarded to NAVSEA. NAVSEA must determine which engineering activity is going to review the source sought notices.

9. **ANY OTHER SUPPORTING FACTS:**
Drawings are not available for full and open competition. The data or the rights to use the data needed to purchase these items from alternate sources are not owned by the Government and it is not economical to purchase them.

10. **LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition:
DRS Technologies and RC Electronics.

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION:** The government will include a clause in the solicitation that provides that the government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the NAVSUPWSS technical division for review. Q-70 is an "orphaned" system so it no longer has a centralized program office or in-service engineering activity (ISEA). Alternate offers submitted may be forwarded to NAVSEA, SPAWAR and the NAVAIR Host Program Offices as appropriate. If due to mission requirements the current procurement cannot be delayed in order to allow sufficient time for approval of alternate offers, the SAR package will be considered for future awards.

12. STATEMENT OF DELIVERY REQUIREMENTS:
(a) The required delivery date (month/year) is 05/17
(b) Ship to: Q93111 - Lockheed Martin, Virginia Beach, VA = 73 EA

13. REFERENCE TO THE APPROVED ACQUISITION PLAN: An Acquisition Plan is not required for this acquisition.

14. DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITION: All available specifications for the above articles have been reviewed and reflect the minimum needs of the Government.

REQUISITION NUMBER/PD: Various (See attached)	FOLDER NUMBER: 16076-0027

TECHNICAL AND REQUIREMENTS CERTIFICATION REQUIRED BY FAR 6.303-2(b)

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.

TECHNICAL COGNIZANCE:

[redacted]				20May2016
Signature	Name & Title	Code	Phone	Date

REQUIREMENTS COGNIZANCE:
