1. IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:

DLA Maritime at Mechanicsburg .

2. NATURE/DESCRIPTION OF ACTION: This J&A is for the negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A cover the acquisition of the following article(s):

Nomen	Telephone	Quantity	46 each
NSN	5805-01-502-5665		Cage Code 28199
P/N	90-209-1		Unit Price <u>[Redacted]</u>
Estimated Value (include option)		<u>[Redacted]</u>	
Appropriation, Subhead and Cost Code			
97X4930 NC1A 000 81004 0 050120 7R 000000 8PMT00000000			
Option: Yes		%	Days
			No Option <input checked="" type="checkbox"/>

The required item is (ISDN) Integrated Services for Digital Network telephone apparatus used for communication onboard Virginia Class Submarines.

4. IDENTIFICATION OF STATUTORY AUTHORITY: This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302-1. The supplies required by the agency are only available from one responsible source or a limited number of sources and no other type of supplies will satisfy agency requirements.

5. DEMONSTRATION OF CONTRACTOR'S UNIQUE QUALIFICATIONS:

The current Acquisition Method Code (AMC/AMSC) is 3C. For the reasons explained below, these supplies are only available for the following source: Cage 28199 – L-3 Henschel

AMC 3 – Acquire for the second or subsequent time directly from the actual manufacturer.

AMSC C – Part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills and manufacturing knowledge by the qualified sources require acquisition of the part from the approved sources. The approved sources retain data rights, manufacturing knowledge or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

The telephone apparatus being procured is a component of the ISDN system installed onboard the Virginia Class Submarines. It is a network technology that supports digital transfer of simultaneous voice and data traffic. The item being procured must be compatible with the system already installed in order for it to operate properly. L-3 is currently the only approved source for the manufacture of this system and its parts.

6. GOVERNMENTWIDE POINT OF ENTRY NOTICE/POTENTIAL SOURCES: The Government will synopsisize this contract action by posting a synopsis on FedBizOpps.gov as required by FAR 5.2.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing data are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining price reasonableness. When certified cost and pricing data is obtained, it will be used to ensure reasonableness, completeness and realism of proposed costs as required.

8. DESCRIPTION OF MARKET SURVEY: A Technical review has been conducted on this item. The review consisted of searching several Government databases including ITIMP, Naval Ships Engineering Drawing Repository, Federal Logistics Information Center & ERP as well as the Internet. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, Applicable TMS Weapon System/Usable-on-Code, Criticality Coding, recorded approved sources of supply, historical sources of supply and past contracts. Based on this research, the Contracting Officer has determined that the only known manufacturing source is Wartsila Defense Inc.

9. ANY OTHER SUPPORTING FACTS: None.

10. LISTING OF INTERESTED SOURCES: The following sources have expressed, in writing, an interest in this acquisition: NONE

11. ACTIONS TO REMOVE BARRIERS TO COMPETITION:

The solicitation will include a clause providing that the Government will consider alternate offers, and that alternate offerors should submit a source approval request (SAR) package that will be referred to the cognizant engineering activity. If, due to mission requirements, the current procurement cannot be delayed in order to allow sufficient time for the engineering activity to determine whether to approve an alternate offer, the SAR package will be considered for future awards. This acquisition will be synopsisized via FedBizOpps and any firm requesting a copy of the solicitation will be provided one.

N00104-14-X-D423

REQUISITION NUMBER/PD: N00104-14-X-E752

FOLDER NUMBER: 14226-0101

12. STATEMENT OF DELIVERY REQUIREMENTS:

(a) The required delivery date (month/year) is:

August 2015

(b) Ship To: W25G1U

13. REFERENCE TO THE APPROVED ACQUISITION PLAN: An Acquisition Plan is not required for this acquisition.

14. DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS: The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.

REQUISITION NUMBER/PD: N0010414XE752

FOLDER NUMBER: 14255-0079

**TECHNICAL AND REQUIREMENTS CERTIFICATION
REQUIRED BY FAR 6.303-2(b)**

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.
