

6. **FEDERAL BUSINESS OPPORTUNITIES/POTENTIAL SOURCES:** The proposed contract was/will be synopsised in the FedBizOpps website for government wide point of entry.

7. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining reasonableness. Certified cost and pricing data will be obtained and used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY:** A technical review has been made to determine and identify all known sources.

9. **ANY OTHER SUPPORTING FACTS:**

The articles to be procured are complex and must meet critical operational and reliability requirements, the achievement of which requires unique production techniques and extensive and/or sophisticated testing, and the government has not yet acquired or developed the technical data.

10. **LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition.

None 8/1/12

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION:**

The NAVSUP Weapons Systems Support Source Development Department (NAVSUP-WSS) has a breakout program designed to convert as many acquisitions as possible to full and open competition. The Source Development Department has conducted a review of the available data required to support spares competition and it has been found to be inadequate. Potential new sources would be required, at an extensive cost, to develop the necessary attributes, i.e. specialized test equipment, tooling and alignment fixtures, special material and associated test criteria to successfully support spares of the subject item. Due to the complexity of the required test equipment and the high cost to develop the electrical and mechanical requirements, achieving competition is not possible at this time. No other manufacturer, other than Raytheon Systems (96214) has the expertise, facilities or equipment necessary for manufacturing the subject item. Future requirements will continue to be advertised in the FedBizOpps website (www.fedbizopps.gov) and in the NAVSUP Buy Requirements Listings. *APB*

12. **STATEMENT OF DELIVERY REQUIREMENTS:**

(a) The required delivery date (month/year) is: 07/13

(b) Ship To:
W25G1U [redacted] (EA) W62G2T [redacted] (EA)

13. **REFERENCE TO THE APPROVED ACQUISITION PLAN:** An Acquisition Plan is not required for this acquisition.

14. **DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS:** The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.

**TECHNICAL AND REQUIREMENTS CERTIFICATION
REQUIRED BY FAR 6.303-2(b)**

I certify that the facts and representations under my cognizance which are included in this justification and which form a basis for this justification are complete and accurate.
