

6. **FEDERAL BUSINESS OPPORTUNITIES/POTENTIAL SOURCES:** The proposed contract was/will be synopsisized in the FedBizOpps website for government wide point of entry.

7. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining reasonableness. Certified cost and pricing data will be obtained and used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY:** A technical review has been made to determine and identify all known sources.

9. **ANY OTHER SUPPORTING FACTS:**

The articles to be procured are complex and must meet critical operational and reliability requirements, the achievement of which requires unique production techniques and extensive and/or sophisticated testing, and the government has not yet acquired or developed the technical data.

10. **LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition.

NONE

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION:**

The NAVSUP Weapons Systems Support Source Development Department has a Breakout Program designed to compete as many acquisitions as possible. The Source Development Department has conducted a review of the available data required to support competition and it has been found to be inadequate. NAVSUP-WSS will send a letter to Teradyne Inc (23350) in an attempt to procure the required manufacturing and qualifying data. When the contractor's response is received, an economical evaluation will be performed to determine if the Government will acquire the data. If the determination is made not to acquire the data, the reason(s) will be documented and the acquisition of data process terminated. If the Government determines to acquire the data, it is estimated that it will take a minimum of eighteen (18) months for the contractor to prepare and submit the data with an additional four (4) months for NAVSUP-WSS to review the data and develop a complete data package. Future requirements will continue to be advertised in the FedBizOpps website (www.fedbizopps.gov) and in the NAVSUP Buy Requirements Listings. *APB*
