1. CONTRACTING ACTIVITY: DLA Aviation Strategic Acquisition at Philadelphia, PA

2. DESCRIPTION OF THE ACTION BEING APPROVED: Negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A covers the acquisition of the following article(s):

Nomen: Quantity:

NSN: CAGE Code:

P/N: Unit Price:

Estimated Value (include option) The required delivery date is:

Line of Accounting

4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION: This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is:

Folder Number: 14262-0014

Requisition/
PD# N0038314X3597

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC C. This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). The approved source(s) retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

This acquisition will be negotiated with: Sikorsky Aircraft Corporation (78286)

The NAVSUP H53 Technical Dept has completed a limited screen review on the subject item. The AMC/AMSC is (3C) with Sikorsky Aircraft Corporation (78286) as the only approved source of spares. Part number 65391-11607-042 has been found inadequate for competition due to low quarterly demand and the drawing data restricting use of the technical data for sources other than Sikorsky Aircraft Corporation (78286). No other sources have expressed an interest in manufacturing the subject item to the NAVSUP WSS Source Development Department. NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority, namely, NAVSUP WSS, NADEP or NAVAIR. Future requirements will be advertised in the FedBizOpps website (www.fedbizopps.gov) and the NAVSUP WSS Buy Requirements Listing in order to encourage potential suppliers to submit Source Approval Requests.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:

The proposed contract action was synopsised in the FedBizOpps website for government-wide point of entry on:

12/16/2014

The following sources have expressed an interest in this acquisition: None

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

The NAVSUP Weapon Systems Support (WSS) Source Development (SDD) has conducted a market research per the market research document. The subject Gear Shaft Assembly is a Critical Safety Item (CSI) and all alternate sources must qualify IAW the design control activity's procedures, as approved by NAVAIR prior to contract award. Currently the only approved manufacturing source of supply is Sikorsky Aircraft Corporation (78286). Available data including all publications, supporting test equipment availability and associated drawings and specifications required to manufacture the subject item has not been found adequate to support full and open competition. No other sources have currently expressed an interest in becoming an approved manufacturing source for the subject item to the Source Development Department. To promote competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOpps website (www.fedbizopps.gov) in order to encourage potential suppliers to submit Source Approval Requests.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For reasons set forth in Paragraph (5) & (6), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is / is not required for this acquisition.
