1. **IDENTIFICATION OF AGENCY AND/OR CONTRACTING ACTIVITY:** DLA Aviation Strategic Acquisition at Philadelphia, PA.

2. **NATURE/DESCRIPTION OF ACTION:** This J&A is for the negotiation and award of a contract through other than full and open competition.

3. **DESCRIPTION OF SUPPLIES/SERVICES:** This J&A covers the acquisition of the following article(s):

Nomen: See Attachment	Quantity: See Attachment
NSN: See Attachment	Cage Code: 4U884
P/N: See Attachment	Unit Price: See Attachment

Estimated Value (include option): [REDACTED]

Appropriation, Subhead and Cost Code: See See Attachment

4. **IDENTIFICATION OF STATUTORY AUTHORITY:** This J&A is based upon the authority of 10 USC 2304(c)(1), as implemented by Federal Acquisition Regulation 6.302.1

5. **DEMONSTRATION OF CONTRACTORS UNIQUE QUALIFICATIONS:** The current Acquisition Method Code (AMC/AMSC) is 3C and 3H . This acquisition will be negotiated with

(4U884) Raytheon

Only the above will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by a non-Government activity and the technical data required for acquisition by other than the above is not available.

6. **FEDERAL BUSINESS OPPORTUNITIES/POTENTIAL SOURCES:** The proposed contract was/will be synopsized in the FedBizOpps website for government wide point of entry.

7. **DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government will be fair and reasonable. In instances when certified cost and pricing are required, an analysis of cost information will be performed which will consider field pricing reports, commerciality, procurement history and other available cost and pricing information in determining reasonableness. Certified cost and pricing data will be obtained and used to ensure reasonableness, completeness and realism of proposed costs as required.

8. **DESCRIPTION OF MARKET SURVEY:** A technical review has been made to determine and identify all known sources.

9. **ANY OTHER SUPPORTING FACTS:**

The articles to be procured are complex and must meet critical operational and reliability requirements, the achievement of which requires unique production techniques and extensive and/or sophisticated testing, and the government has not yet acquired or developed the technical data.

10. **LISTING OF INTERESTED SOURCES:** The following sources have expressed, in writing, an interest in this acquisition.

none (as of 7/1/2013)

11. **ACTIONS TO REMOVE BARRIERS TO COMPETITION:**

Items 1 and 5 on the attachment have an AMC/AMSC of 3H and the following applies;

The Source Development Department has conducted a review of the available data required to support spares competition and it has been found to be inadequate. Potential new sources would be required, at an extensive cost, to develop the necessary attributes, i.e. specialized test equipment, tooling and alignment fixtures, special material and associated test criteria to successfully support spares of the subject items. Due to the complexity of the required test equipment and the high cost to develop the electrical and mechanical requirements, achieving competition is not possible at this time. No other manufacturer, other than Raytheon (4U884) has the expertise, facilities or equipment necessary for manufacturing the subject items. *APB*

Items 2 through 4 have an AMC/AMSC of 3C and the following applies;

Raytheon (4U884) is the only approved source of supply. No other sources have expressed an interest in manufacturing the subject items to the Source Development Department. Available data has not been found adequate to support competitive acquisition. Additional sources must obtain engineering source approval prior to contract award. *APB*

12. **STATEMENT OF DELIVERY REQUIREMENTS:**

(a) The required delivery date (month/year) is: DEC 2013

(b) Ship To:

13. **REFERENCE TO THE APPROVED ACQUISITION PLAN:** An Acquisition Plan is not required for this acquisition.

14. **DOCUMENTATION FOR SPARE/REPAIR PARTS ACQUISITIONS:** The specifications for the above articles have been reviewed and reflect the minimum needs of the Government.
