5. **DEMONSTRATION OF CONTRACTORS UNIQUE QUALIFICATIONS:** The current Acquisition Method Code (AMC/AMSC) is 3C. This acquisition will be negotiated with (K0802) Meggitt UK LTD T/A

Only the above will be solicited because the articles to be acquired are highly specialized parts, designed and manufactured by a non-Government activity and the technical data required for acquisition by other than the above is not available.

Available data has not been found adequate to support competitive acquisition. The subject item is considered critical to safety of flight, therefore, additional sources must obtain engineering source approval prior to contract award. The NAVSUP Weapon Systems Support (WSS) will continue to encourage manufactures with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority. Future requirements will be advertised in the FedBizOpps website (www.fedbizopps.gov) and the NAVSUP Weapon Systems Support (WSS) Buy Requirements Listing in order to encourage potential suppliers to submit Source Approval Requests.
