Line of Accounting

4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION: This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is:

Folder Number: 14155-0014

Requisition/PD# N0038314X2939

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC D. The data needed to acquire this part competitively is not physically available, it cannot be obtained economically, nor is it possible to draft adequate specifications or any other adequate, economical description of the material for a competitive solicitation.

This acquisition will be negotiated with: HAMILTON SUNDSTRAND CORP (99167)

No other commercial supply source have the information necessary to produce the items due to source controlled drawings. The source controlled drawings are property of HAMILTON SUNDSTRAND CORP (99167). Furthermore these items are also considered critical to safety of flight thus, additional sources must obtain engineering source approval prior to contract award. For these reasons NAVSUP WSS is presently unable to fully compete these items.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:

The proposed contract action was synopsised in the FedBizOpps website for government-wide point of entry on:

7/18/2014

The following sources have expressed an interest in this acquisition: HAMILTON SUNDSTRAND (99167) as of

8/21/2014

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

The NAVSUP Weapon Systems Support (WSS) Source Development Department (SDD) has conducted a market research per the market research document. The subject Accessory Gearbox is a Critical Safety Item (CSI) and all alternate sources must qualify IAW the design control activity's procedures, as approved by NAVAIR prior to contract award. Available data including all publications, associated drawings and specifications required to manufacture and maintain the quality of the subject item are not available to the government to purchase from other than the current approved source of supply Hamilton Sundstrand (99167). The data is not in the Government possession and cannot be economically obtained. Without this data it is not possible for any other source to manufacture the subject item. The government does not possess the manufacturing data necessary to support full and open competition. No other sources have currently expressed an interest in becoming an approved manufacturing source for the subject item to the Source Development Department. To promote competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOpps website (www.fedbizops.gov) in order to encourage potential suppliers to submit Source Approval Requests.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is / is not required for this acquisition.
