4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION: This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is: 3 B multiple codes see pg 2 for definitions

Folder Number: 15342-0038

Requisition/PD# N0038316X0640

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC B. This part must be acquired from a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data review discloses that required data or data rights are not in Government possession and cannot be economically obtained.

This acquisition will be negotiated with: Honeywell (70210)

Only Honeywell Corp. (70210) will be solicited for OEM p/n: 67000022-1, I.A.W. Boeing (77272) SCD: 901-325-116-101, due to Honeywell owns the data rights on their Vendor Drawing and refuse to sell that data to the Government/NAVAIR. Since the Government does not have the data to support the acquisition of this item it cannot be competed. The Item is coded as a Critical Application Item (CAI) and only NAVSUP WSS N23 Source Development Department can approve CAI sources. The approval process involves inspection and review of manufacturing techniques, special skills, qualifications, and knowledge required to complete the complex procedures. The cognizant Government engineering activity is responsible for this process. Honeywell is the only qualified source approved by the Source Development Department.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE: The proposed contract action was synopsised and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Jan 6, 2016

and as a result:

No other sources have expressed an interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

NAVSUP Weapon Systems Support (WSS) has conducted a market research per the market research document. The subject item is a Critical Application Item (CAI) and all alternate sources must qualify IAW the design control activity's procedures, as approved by NAVAIR prior to contract award. Available data including all publications, supporting test equipment availability and associated drawings and specifications required to manufacture the subject item are not available to purchase from other than the current approved source of supply Honeywell International (70210). Available data including all publications, supporting test equipment availability and associated drawings and specifications required to manufacture the subject item has not been found adequate to support full and open competition. No other sources have currently expressed an interest in becoming an approved manufacturing source for the subject item. To promote competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOpps website (www.fedbizops.gov) in order to encourage potential suppliers to submit Source Approval Requests.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is / is not required for this acquisition.
