AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC B. This part must be acquired from a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data review discloses that required data or data rights are not in Government possession and cannot be economically obtained.

This acquisition will be negotiated with: VACCO INDUSTRIES INC (1PVC5)

VACCO INDUSTRIES INC (1PVC5) will be solicited because VACCO INDUSTRIES INC (1PVC5) is the only approved source of supply. VENDERS P/N 83805-106, I.A.W. OEM P/N 70307-83805-104 is a CSI item governed by source-controlled technical data. Only SIKORSKY AIRCRAFT CORP (78286), the owner of the source-controlled technical data or NAVAIR the Basic Design Engineer (BDE), can approve new sources for the manufacture of these items. The source approval process involves inspection and review of manufacturing techniques, special skills, qualifications, and knowledge required to complete the complex manufacturing procedures. Although SIKORSKY AIRCRAFT CORP (78286) owns the technical data for this item, they do not possess all necessary capabilities to manufacture the items, only VACCO INDUSTRIES INC (1PVC5) does. No other source possesses the necessary manufacturing capability, access to technical data, special skills, qualifications and knowledge required to supply the subject items. The Government does not possess sufficient rights in the technical data to distribute them to potential new suppliers of the items.

Also future requirements will be advertised in the FedBizOpps website (www.fedbizopps.gov) in order to encourage potential suppliers to submit Source Approval Requests.
