Requisition/PD# N0038315X0109, PATX4441@6144

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC B. This part must be acquired from a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data review discloses that required data or data rights are not in Government possession and cannot be economically obtained.

This acquisition will be negotiated with: VACCO INDUSTRIES INC (1PVC5)

VACCO INDUSTRIES INC (1PVC5) will be solicited because VACCO INDUSTRIES INC (1PVC5) is the only approved source of supply. VENDERS P/N 83805-105, I.A.W. OEM P/N 70307-83805-103 is a CSI item governed by source-controlled technical data. Only SIKORSKY AIRCRAFT CORP (78286), the owner of the source-controlled technical data or NAVAIR the Basic Design Engineer (BDE), can approve new sources for the manufacture of these items. The source approval process involves inspection and review of manufacturing techniques, special skills, qualifications, and knowledge required to complete the complex manufacturing procedures. Although SIKORSKY AIRCRAFT CORP (78286) owns the technical data for this item, they do not possess all necessary capabilities to manufacture the items, only VACCO INDUSTRIES INC (1PVC5) does. No other source possesses the necessary manufacturing capability, access to technical data, special skills, qualifications and knowledge required to supply the subject items. The Government does not possess sufficient rights in the technical data to distribute them to potential new suppliers of the items.

**6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:**

The proposed contract action was synopsised in the FedBizOpps website for government-wide point of entry on:

2-9-15

The following sources have expressed an interest in this acquisition: AVIARMS (58985) SURPLUS

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

The NAVSUP Weapon Systems Support (WSS) Source Development Department has conducted a market research per the market research document. The AMC/AMSC is "3B", this part must be acquired from a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data review discloses that required data or data rights are not in Government possession and cannot be economically obtained. Currently the only approved source of supply is VACCO INDUSTRIES INC (1PVC5). No other sources have expressed an interest in manufacturing the subject item to the Source Development Department. Additional sources must obtain engineering source approval prior to contract award. To promote competition the NAVSUP (WSS) will continue to encourage manufactures with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority. Also future requirements will be advertised in the FedBizOpps website (www.fedbizopps.gov) in order to encourage potential suppliers to submit Source Approval Requests

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

**8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:**

For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

**9. REFERENCE TO THE APPROVED ACQUISITION PLAN:**

An informal / formal acquisition plan is / is not required for this acquisition.
