- 1. CONTRACTING ACTIVITY:** DLA Aviation Strategic Acquisition at Philadelphia, PA
- 2. DESCRIPTION OF THE ACTION BEING APPROVED:** Negotiation and award of a contract through other than full and open competition.
- 3. DESCRIPTION OF SUPPLIES/SERVICES:** This J&A covers the acquisition of the following article(s):

Nomen: Quantity:

NSN: CAGE Code:

P/N: Unit Price:

Estimated Value (include option): The required delivery date is:

Ship To:

Line of Accounting

4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION: This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is: multiple codes see pg 2 for definitions

Folder Number: 15345-0015

Requisition/PD# N0038316X0657

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC B. This part must be acquired from a manufacturing source(s) specified on a source control or selected item drawing as defined by the current version of DoD-STD-100. Suitable technical data, Government data rights, or manufacturing knowledge are not available to permit acquisition from other sources, nor qualification testing of another part, nor use of a second source part in the intended application. Data review discloses that required data or data rights are not in Government possession and cannot be economically obtained.

This acquisition will be negotiated with: Ametec Thermal Systems (12536)

Ametec Thermal Systems (12536) are the only approved source for P/N 13556-000 IAW Sikorsky (78286) Source Controlled Drawing, 65327-04008-104, which is a Critical Safety Item (CSI). Any other source showing interest in producing this item must qualify in accordance with the design control activity's procedures. The approval process involves inspection and review of manufacturing techniques, special skills, qualifications, and knowledge required to execute these complex processes. The cognizant Government engineering activity, NAVAIR is responsible for this process.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE: The proposed contract action was synopsisized and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Mar 1, 2016

and as a result:

No other source expressed an interest in producing this item.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

A market research was conducted by Naval Supply Weapon Systems Support H-53 IWST. Per Sikorsky's (78286) Source Control Drawing (65327-04008-104), Ametec Thermal Systems (12536) is the only approved source of manufacture for P/N 13556-000. Additionally, P/N 13556-000 is a Critical Safety Item which contains critical characteristics and special design features that require unique design capability, engineering skills, and manufacturing knowledge to produce. Since the Government does not possess the technical data and data rights to support the manufacture of this item, or to distribute them to potential new suppliers of the item or selected item drawing as defined by the current version of DoD-STD-100, it cannot be competed. No other source has expressed interest in this solicitation. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity, NAVAIR.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is / is not required for this acquisition.
