4. **STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION:** This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

5. **RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:**

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is:    multiple codes see pg 2 for definitions

Folder Number: 15170-0008

Requisition/PD# N0038315X3740

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). This code is applicable only to parts under immediate buy requirements and only for as long thereafter as the deficiency is under review for resolution and appropriate recoding. This code is only assigned at the conclusion of limited screening, and it remains assigned until the full screening process resolves physical data questions and results in assignment of a different AMSC. If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

This acquisition will be negotiated with: TECH RESOURCES INC (59991)

Only TECH RESOURCES INC (59991) will be solicited because the ANTENNA COUPLER is a critical application item and the approval process involves inspection and review of manufacturing techniques, special skills, qualifications and knowledge required to complete the complex procedures. The cognizant Government engineering activity is responsible for this process. NAVIAR currently has TECH RESOURCES INC (59991) as the only approved source of supply for the subject item, and they also own the data.

**6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:** The proposed contract action was synopsised and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

14 JULY 2015

and as a result:

No additional sources have expressed an interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

NAVSUP Weapon Systems Support (WSS) has conducted a market research per the market research document. The ANTENNA COUPLER is of course a Critical Application Item and all alternate source(s) must qualify IAW the design control activity's procedures, as approved by NAVAIR prior to contract award. Available data including all publications, supporting test equipment availability and associated drawings and specifications required to manufacture the subject item has not been found adequate to support full and open competition. No other commercial manufacturing facilities at this time have the expertise, facilities or test equipment necessary to manufacture the subject item except TECH RESOURCES INC (59991). No other source have currently express an interest in manufacturing the subject item to the Source Development Department. To promote competition the NAVSUP WSS will encourage manufactures with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority, namely, NASUP WSS, NAWC and NAVAIR. Also future requirements will be advertised in the FedBizOpps ([www.fedbizops.gov](http://www.fedbizops.gov)).

**7. DETERMINATION OF FAIR AND REASONABLE COST:** The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

**8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:**

For reasons set forth in Paragraph (5) & (6), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

**9. REFERENCE TO THE APPROVED ACQUISITION PLAN:**

An informal formal acquisition plan is / is not required for this acquisition.
