AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). This code is applicable only to parts under immediate buy requirements and only for as long thereafter as the deficiency is under review for resolution and appropriate recoding. This code is only assigned at the conclusion of limited screening, and it remains assigned until the full screening process resolves physical data questions and results in assignment of a different AMSC. If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

This acquisition will be negotiated with: HABCO INC (51826)

and as a result:

No other sources have expressed and interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

The NAVSUP Weapons System Support (WSS) has conducted a market research per the market research form. All alternate source(s) must qualify IAW the design control activities' procedures, as approved by NAVAIR prior to contract award. Available data including all publications, supporting test equipment availability, associated drawings, and specifications required to manufacture the subject item has not been found adequate to support full and open competition. No other commercial manufacturing facilities at this time have the expertise, facilities, or the test equipment necessary to manufacture the subject item except HABCO INC. No other sources have expressed and interest in manufacturing the subject item to the Source Development Department. To promote competition the NAVSUP WSS will encourage manufactures with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority, namely NAVSUP WSS, NAWC, and NAVAIR. Also future requirements will be advertised on FED BIZ OPS ([www.fedbizops.com](http://www.fedbizops.com))
