AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). This code is applicable only to parts under immediate buy requirements and only for as long thereafter as the deficiency is under review for resolution and appropriate recoding. This code is only assigned at the conclusion of limited screening, and it remains assigned until the full screening process resolves physical data questions and results in assignment of a different AMSC. If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

This acquisition will be negotiated with:

Raytheon CAGE 96214
2501 W. University Dr
P.O. Box 801 M/S 8064
McKinney, TX 75071-2813

This Acquisition will be negotiated with the OEM Raytheon CAGE 96214. This item is a Critical Application Item (CAI) and Raytheon is the only known source with the technical data required to manufacture, test and certify this item. As the P-8A aircraft is currently in the pre-physical configuration audit (PCA) phase of the life cycle process, the aircraft and mission systems are experiencing constant anomalies and variations within the configuration. Additionally, in the absence of a any technical data and a CAI designation, it is imperative that the Government deal strictly with the OEM for procurement of this item. The Government does not physically have in its possession any engineering or technical data to contract for spares with other than the OEM at this time. The Government does not have the empirical engineering data available that would allow for realistic competitive sustainment efforts at this time. Further, NAVSUP WSS is obliged to follow the supply support strategy as outlined in the 2 NAVAIR program office, PMA- 290 letters, 500 Ser PMA-290/096 dated Aug 31 2015 and 500 Ser PMA-290/003 dated Jan 06 2015

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE: The proposed contract action was synopsised and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Dec 30, 2015

and as a result:

No other sources have expressed an interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

A limited Screen Market Research was conducted in accordance with FAR part 10. No other sources could be identified/certified for this procurement.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For reasons set forth in Paragraphs 5 & 6, NAVSUP WSS is unable to compete this contract for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is / is not required for this acquisition.
