Folder Number: 15296-0015

Requisition/PD# N0038316X0258

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC H. The Government physically does not have in its possession sufficient, accurate, or legible data to purchase this part from other than the current source(s). This code is applicable only to parts under immediate buy requirements and only for as long thereafter as the deficiency is under review for resolution and appropriate recoding. This code is only assigned at the conclusion of limited screening, and it remains assigned until the full screening process resolves physical data questions and results in assignment of a different AMSC. If one source is available, AMCs 3, 4, or 5 are valid. If at least two sources exist, AMCs 1 or 2 are valid.

This acquisition will be negotiated with: CARLETON LIFE SUPPORT SYSTEMS
D/B/A COBHAM MISSION SYSTEM
2734 HICKORY GROVE RD
DAVENPORT STATE: IA

CARLETON LIFE SUPPORT SYSTEMS (99251) will be the only source solicited because the articles to be acquired are highly specialized parts, designed and manufactured by this non-Government activity. No other manufacturer's part can be used as a replacement for this item. This is a critical application item. To promote competition manufacturers are encouraged to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority, namely, NAVSUP WSS, FRCE, and NAVAIR. Also future requirements will be advertised in the FedBizOpps website(www.fbo.gov)

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE: The proposed contract action was synopsised and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Dec 31, 2015

and as a result:
No other sources have expressed an interest in this acquisition.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

Bed Assembly is a Critical application item(CAI) and it is not a commercial off the shelf piece of equipment. There are no brand name items or equivalent available. No other manufacturer facilities at this time have the expertise, facilities and test equipment necessary to manufacture the subject item except CARLETON LIFE SUPPORT SYSTEMS (99251). Based on market research, it has determined that the only known manufacturing source is CARLETON LIFE SUPPORT SYSTEMS (99251)

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:
For reasons set forth in paragraph (5) and (6), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:
An informal / formal acquisition plan is / is not required for this acquisition.
