AMSC C. This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). Currently the only approved manufacturing source of supply is HONEYWELL INTERNATIONAL INC (59364). No other sources have currently expressed an interest in becoming an approved manufacturing source for the subject item to the Source Development Department. To promote competition the NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also future requirements will be advertised in the FedBizOpps website (www.fedbizops.gov) in order to encourage potential suppliers to submit Source Approval Requests.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:
For reasons set forth in Paragraph (5), NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:
An informal / formal acquisition plan is / is not required for this acquisition.
