1. CONTRACTING ACTIVITY: DLA Aviation Strategic Acquisition at Philadelphia, PA

2. DESCRIPTION OF THE ACTION BEING APPROVED: Negotiation and award of a contract through other than full and open competition.

3. DESCRIPTION OF SUPPLIES/SERVICES: This J&A covers the acquisition of the following article(s):

Nomen: FAIRING,AIRCRAFT	Quantity: [REDACTED]
NSN: 7R 1560 015053986 V2	CAGE Code: 97499
P/N: 901-015-241-125	Unit Price: [REDACTED]

Estimated Value (include option [REDACTED]) The required delivery date is: 5/1/2017

Ship To: SW3113

Line of Accounting
97 00 XX XX 4930 NC1A 000 85004 0 050120 7R 000000 7PPG00000000

4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION: This J&A is based upon the authority of 10 USC 2304(c)(1), one source or limited sources, as implemented by FAR 6.302-1.

5. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY:

The current Acquisition Method Code/Acquisition Method Suffix Code (AMC/AMSC) is: multiple codes see pg 2 for definitions

Folder Number: 16011-0007

Requisition/PD# N0038316X1139

AMC 3. Acquire, for the second or subsequent time, directly from the actual manufacturer.

AMSC C. This part requires engineering source approval by the design control activity in order to maintain the quality of the part. Existing unique design capability, engineering skills, and manufacturing knowledge by the qualified source(s) require acquisition of the part from the approved source(s). The approved source(s) retain data rights, manufacturing knowledge, or technical data that are not economically available to the Government, and the data or knowledge is essential to maintaining the quality of the part. An alternate source must qualify in accordance with the design control activity's procedures, as approved by the cognizant Government engineering activity. The qualification procedures must be approved by the Government engineering activity having jurisdiction over the part in the intended application.

This acquisition will be negotiated with: BELL HELICOPTER TEXTRON INC (97499)

Only Bell Helicopter Textron Inc. (97499) will be solicited for this acquisition because they are currently the only authorized source of manufacture. This item has also been identified as a Critical Safety Item (CSI) by the NAVAIR Program Office PMA-275 Basic Design Engineer (BDE) which further limits available sources and only the BDE or Boeing have the authority to approve new source(s) of manufacture. This timely process involves inspection and review of manufacturing techniques, special skills, qualifications and technical knowledge required to complete the manufacture of this Fairing.

6. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE: The proposed contract action was synopsisized and included a Sources Sought Notice on the FedBizOpps website for government-wide point of entry on

Feb 1, 2016

and as a result:

No interest expressed from other sources.

Market Research was conducted in accordance with FAR part 10. The results of the Market Research conducted (or the reason market research was not conducted) is as follows:

BELL HELICOPTER TEXTRON INC (97499) is the only authorized source for this Critical Safety Item. The NAVSUP WSS Source Development Department has no pending Source Approval Request (SAR) packages or interested parties trying to qualify at this time. NAVSUP WSS will continue to encourage manufacturers with the expertise to manufacture the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority, namely, NAVSUP WSS SD and NAVAIR BDE.

7. DETERMINATION OF FAIR AND REASONABLE COST: The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable.

8. ACTIONS TO REMOVE BARRIERS TO FUTURE COMPETITION:

For the reasons set forth in Paragraph 5 & 6, NAVSUP WSS has no plans at this time to compete future contracts for the types of supplies/ services covered by this document. If another potential source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible.

9. REFERENCE TO THE APPROVED ACQUISITION PLAN:

An informal / formal acquisition plan is / is not required for this acquisition.

V3.2 OCT 2015

MARKET RESEARCH EVALUATION

**** REMARKS REQUIRED for "YES" Responses (unless marked optional) ****

1. Configuration Correct

Configuration: 901-015-241-125 (97499)

Previous J&A: No previous J&A available, see reasoning below

Remarks: Previous J&A is unavailable according to Gregory Koch (215) 737-4377.

2. Manufacturing/Repair Source(s) Records have been aligned and validated YES

Remarks: BELL HELICOPTER TEXTRON INC (97499) is the only authorized source of supply for this Critical Safety Item (CSI).

3. Drawing Data Interpretation

a) Drawing Data Availability YES - Data Reviewed - see Remarks for relevant information found on Drawings

Location/Remarks: Drawing resides in JEDMICS

b) Specification / Source Controlled Drawing NO

Remarks:

c) DCA Drawing Contains a Restrictive Legend NO

Remarks:

d) [MECH] Distribution Statement

Remarks:

4. Criticality Determination

Validated, Identified, and Properly Documented

[PHL] CSI

Remarks (optional): Item listed as a Critical Safety Item (CSI) in JDRS system

5. [PHL] Technical Data (Spares/Repairs)

Incomplete - Have Source Development send a request (if feasible) to the OEM for a budgetary cost estimate and lead time for providing a complete level III Technical Data Package, set of repair manuals, and/or Technical Data/Specifications with the U.S. Government rights for use of data for competitive procurement purposes.

Complete - Procure from the current approved source(s) of supply
* A completed SAR is required to qualify all new sources *

Remarks (optional):

6. USP Determination [PHL] NO - No existing SARs currently in process from any Potential Sources

Remarks:

Additional Remarks:
