AMD 0001

A. The following questions and answers are intended to provide clarification of the Performance Work Statement. These Q&As do not change the requirement specified in Section C of the solicitation. Any changes to the solicitation are contained in paragraph B below:

Q 1) Is there an incumbent doing the work today even though this is a new solicitation?

A 1) Yes, a contractor is currently performing these services.

Q 2) What is the anticipated value of the contract?

A 2) This information cannot be released.

Q 3) Who is the incumbent contractor currently providing these services?

A 3) NETSIMCO is the incumbent contractor for these services.

Q 4) Are you still on schedule to release the procurement any day?

A 4) The solicitation was posted to the NECO on February 27, 2015.

Q 5) "Would the government consider allowing Subcontractors to be added after contract Award? We assume that any such additions would require government approval for specific task orders, and meet all other requirements of the solicitation (e.g. pricing, qualifications)."

A 5) Subcontractors may be added during contract performance.

Q 6) Is the Wargaming Support Services contract a new contract activity for the Naval War College?

A 6) No. See A1 and A3 above.

Q 7) Is there an incumbent contractor that is currently supporting the Naval War College performing Wargaming Support Services?

A 7) See A1 and A3 above.

Q 8) If there is an existing incumbent will the you provide who is currently performing this work?

A 8) See A3 above.

Q 9) If there is an existing contract currently performing Wargaming Support Services for the Naval War College that is being recompeted, please provide the current contract number.

A 9) The current contract number is N00178-10-D-6193, task order V701.

Q10) This is a multi-part question. The solicitation indicates this solicitation (N00189-15-R-Z021) is to be a single award IDIQ contract. The solicitation provides a level of effort and estimated total hours expected to be ordered on this IDIQ to be 140,660hrs (>70 FTEs).

Q10a) Are all staff required on the first day of the contract?

A10a) No.

Q10b) Will the staffing be phased onto the contract during the startup period?

A10b) The staffing needed to commence services on the first day of the contract will be phased onto the contract during the startup period.

Q10c) Once a staffing requirement is ordered on the IDIQ contract will it remain for the total performance period of the contract?

A10c) Not necessarily.

Q11) Will multiple task orders be placed on the IDIQ contract or will all FTEs (>70) be included on a single task order?

A11) Multiple task orders will be issued.

Q12) The solicitation implies there to be different types of task orders placed on the IDIQ contract, these being CPFF, T&M, FFP, etc. Please confirm.

A12) The solicitation indicates that both CPFF and FFP task orders may be issued against the contract.

Q13) The PWS included in the solicitation implies network administration services will include support up to TS SCI levels. Labor category descriptions provided in the PWS indicates some positions require Top Secret level clearances. Which positions will occupy and SCI billet in support of this contract?

A13) The requirement for an SCI clearance is based on the program/curricula/task a contractor is assigned at NWC. Therefore, while not all contractor personnel are required to have SCI clearances, there is a good possibility that every labor category will have some people that will require SCI clearance to perform their tasking.

Q14) Do we have to indicate how many staff in each labor category have security clearances/specify the level of clearance or who/how many are eligible for security clearances?

A14) You should provide any information that is relevant to the solicitation.

B. The following changes are being made to the solicitation:

- Paragraph III (1)(a) Personnel Resources:

DELETE: The Offeror shall provide in detail a Personnel Resources that will successfully accomplish the requirements of the solicitation, including the PWS. The Personnel Resources should address the following:

SUBSTITUTE: The Offeror shall provide in detail a Personnel Resources *plan* that will successfully accomplish the requirements of the solicitation, including the PWS. The Personnel Resources should address the following:

C. Any further questions should be submitted by March 17, 2015 at close of business.
