This section of the PWS details the requirements of NAVSUP clause 5252.204-9400, “Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information.” The contractor shall adhere to these requirements, as applicable to performance under the contract.

Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 – “DoD Implementation of Homeland Security Presidential Directive – 12

7.3.1 Applicability

This clause applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command/facility where the work is performed to ensure compliance.

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

7.3.2 Access to Federal Facilities

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Navy Command’s Security Manager upon arrival to the Navy Command and shall out-process prior to their departure at the completion of the individual’s performance under the contract.

7.3.3 Access to DoD IT Systems

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity’s Command Information Assurance Manager. Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) which is a higher level investigation than the National Agency Check with Law and Credit (NACLC) described below. Due to the privileged system access, a SSBI suitable for High Risk public trusts positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee’s duties, such employees shall in-process with the Navy Command’s Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual’s performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the “supervisor”.

The SAAR-N shall be forwarded to the Navy Command’s Security Manager at least 30 days prior to the individual’s start date. Failure to provide the required documentation at least 30 days prior to the individual’s start date may result in delaying the individual’s start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

7.3.4 Interim Access

The Navy Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

7.3.5 Denial or Termination of Access

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

7.3.6 Contractor's Security Representative

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

7.3.7 Background Investigation Requirements and Security Approval Process for Contractors Assigned to National Security Positions or Performing Sensitive Duties

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Navy recognizes contractor employees under this contract as Non-Critical Sensitive [ADP/IT-II] when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLIC to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The NACLIC consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's Information Assurance Manager. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Navy Command Security Manager. The Navy Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM). Suitability/security issues identified by the Navy may render the contractor employee ineligible for the assignment. An unfavorable determination made by the Navy is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Navy Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DON Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy Command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

7.3.8 Background Investigation Requirements and Security Approval Process for Contractors Assigned to or Performing Non-Sensitive Duties

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc ...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions

- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual’s start date may result in delaying the individual’s start date.

*Consult with your Command Security Manager and Information Assurance Manager for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

8.0 Performance Quality

The quality of the contractor’s performance shall be measured in accordance with the performance standards outlined in the Quality Assurance Surveillance Plan (QASP).

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have _____, have not _____, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

52.209-7 INFORMATION REGARDING RESPONSIBILITY MATTERS (JULY 2013)

(a) Definitions. As used in this provision--

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means--

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror () has () does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in--

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management database via <https://www.acquisition.gov> (see 52.204-7).

(End of provision)

ADDENDUM: This solicitation is a Request for Quotations (RFQ) and is being processed pursuant to the policies and procedures of FAR 13.5, Test Program for Certain Commercial Items. To the extent that the terms appear in the solicitation, the terms "RFP," "offer," "proposal," and "offeror" shall mean "RFQ," "quote," and "quoter," respectively.

52.212-1 INSTRUCTIONS TO QUOTER--COMMERCIAL ITEMS (JULY 2013) (VARIATION)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits a quote in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) The following language provides instructions to quoters specific to the instant requirement:

I. GENERAL

In addition to instructions to quoters contained elsewhere in this solicitation, the following instructions are provided.

Initial quotes and any modifications thereto are to be submitted to the Contracting Officer on or before the date and time cited elsewhere in this Request for Quotations (RFQ). Faxes, e-mails, and/or responses through NECO or **any method other than Hard Copy format are NOT acceptable.**

Hand-carried quotes are not encouraged. The Contracting Office is located on a secured compound. Only personnel with current DoD Common Access Cards (CACs) or appropriate military credentials will be able to access the compound. There will be no ability to drop off the quotes outside the compound.

Quoters shall submit their quotes in two separate volumes as follows:

Volume I	Non-price Submission	<u>1 Original and 3 copies</u>
Volume II	Price Submission	<u>1 Original and 1 copy</u>

In addition, quotes consist of and shall include the following items as part of Volume II:

Solicitation cover sheet with appropriate blocks completed by the quoter

Solicitation pricing pages completed by the quoter

Acknowledgement of solicitation amendments pursuant to FAR 52.215-1 (if not previously acknowledged).

Representations and Certifications completed by the quoter in accordance with instructions contained elsewhere in this solicitation. If the quoter has completed all of the representations and certifications required by this solicitation in ORCA in accordance with FAR 52.204-8 and DFARS 252.204-7007 ALT A, then the quoter need not submit the hardcopy Representations and Certifications.

The completion and submission of the above items will constitute a quote and will be considered the quoter's unconditional assent to the terms and conditions of this solicitation and any attachments and/or exhibits hereto. Alternate quotes are not authorized. An objection to any of the terms and conditions of the solicitation will constitute a deficiency (see FAR 15.001) which will make the quote ineligible for award.

Volume I Non-price Submission

This volume shall address Performance Approach and Past Performance and include all information required for quote evaluation.

This volume of the submission shall exclude any reference to the price aspects of the submission.

Each page of each copy should include the following legend:

“Source Selection Information - See FAR 2.101 and 3.104”

Volume II Price Submission

This volume shall include the completed solicitation documents and complete and detailed pricing with all supporting information. Quoters should provide enough pricing information regarding direct labor and fringe benefits to assure the Navy of the quoter's intent to comply with the Service Contract Act (SCA). Since the resultant contract will be subject to the SCA, the detailed price breakdown provided by the successful quoter will be used when calculating any necessary annual price adjustments in accordance with FAR clause 52.222-43. This price breakdown is separate from the completed solicitation pricing pages, wherein the quoter shall convert their total price for each line item into a per-form rate. Each page of each copy should include the following legend:

“Source Selection Information - See FAR 2.101 and 3.104”

IMPORTANT NOTES:

- (1) Quoters shall respond to all requirements of the solicitation document. Quoters are cautioned not to alter the solicitation.
- (2) In the event any person who is not a bona fide employee of the quoter participated in the creation, formulation, or writing of any portion of the quote, a certificate to this effect shall be included in the quote which shall be signed by an officer of the quoter. Such certificate shall identify the name of the person who is not a bona fide employee, that person's employment capacity, the name of the person's firm, the relationship of that firm to the quoter, and the portion of the quote in which the person participated.

II. REQUIREMENTS FOR QUOTE CONTENT

- (1) Any quoter who will be submitting CLASSIFIED data in its Non-price submission shall first notify the Contracting Officer by contacting the point of contact in the solicitation. CLASSIFIED data that is forwarded as part of an quoter's submission shall be housed in its own binder, separate from the unclassified portion.

(2) Introduction and Purpose - This section specifies the format that quoters should use in quotes submitted in response to this solicitation. The intent is not to restrict the quoters in the manner in which they will perform their work but rather to ensure a certain degree of uniformity in the format of the quotes for evaluation purposes.

(3) Each volume should contain the following items in addition to the other information required by this solicitation:

Cover:	The cover should indicate the following: Title of the quote Volume Number (I or II) Solicitation number Name and address of quoter Identification of original signature copies
Table of Contents:	The table of contents should provide detail sufficient to allow the important elements to be easily located. The use of tabs and dividers is encouraged.

(4) Requirements for Style: Each quoter shall submit a quotation that clearly and concisely sets forth the contractor's response to the requirements of the solicitation. Unnecessary elaboration or other presentations beyond that sufficient to present a complete and effective quote are not desired and may be construed as an indication of the quoter's lack of cost consciousness. Elaborate artwork, expensive paper or bindings, and expensive visual or other presentation aids are neither necessary nor desired. The quote shall contain all the pertinent information in sufficient detail in the one area of the quote where it contributes most critically to the discussion. When necessary, the quoter shall refer to the initial discussion and identify its location within its quote.

(5) Page Limitations

Volume I, "Non-price Submission," is limited to a maximum of eleven (11) pages in length inclusive of any charts, diagrams, and/or other graphics. Each "page" is defined as one sheet, 8 ½ " x 11", with at least one inch margins on all sides, using a font with a point size of 12 or greater (e.g., "Times New Roman" style with 12 point font). Lines shall, at a minimum, be single-spaced. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 ½ " x 11" pages. The cover sheet, table of contents (not to exceed one page per volume), tabs, and dividers will not count toward the page limit. The one exception to the font size requirement shown above is that the "past performance information forms" may be completed with a point size of 10 or greater. Pages submitted in excess of the page limitations described above will not be evaluated.

Volume II, "Price Submission," is not page limited.

III. QUOTE CONTENT

(1) Volume I – Non-price Submission

The Non-price evaluation factors are listed as follows: Performance Approach and Past Performance. Performance Approach and Past Performance will be considered of equal importance.

(a) Performance Approach

The Performance Approach submission shall be no longer than five (5) pages. The quoter shall provide in detail a performance approach that will successfully accomplish the requirements of the solicitation, including

the Performance Work Statement (PWS). The quoter should demonstrate its understanding of the requirements, including the review of government financial disclosure reports and the identification and resolution of deficiencies in reports. The quoter should demonstrate its familiarity with government regulations governing financial disclosure reporting systems - in particular, 5 C.F.R. Part 2634 and Joint Ethics Regulation DOD 5500.7-R. The quoter should describe any risks associated with the solicitation, including the PWS and any risks associated with implementation of the quoter's performance approach; describe any techniques and actions to mitigate such risks; and explain whether the techniques and actions identified for risk mitigation have been successfully used by the quoter in the past. The quoter should provide any other information the quoter considers relevant to the solicitation.

(b) Past Performance

The quoter shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is performance under contracts or efforts within the past five years that is the same as, or similar to, the scope and magnitude of the work described by this solicitation.

To demonstrate its past performance, the quoter shall identify **up to three (3)** of its most relevant contracts or efforts within the past **five (5) years**, and provide any other information the quoter considers relevant to the requirements of the solicitation. Quoters should provide a detailed explanation demonstrating the relevance of the contracts or efforts to the requirements of the solicitation. Experience reviewing government financial disclosure reports, including identifying and resolving deficiencies within such reports and providing technical advice to customers regarding such reports, is preferred. If subcontractor past performance is provided as part of the three (3) of its most relevant contracts or efforts, the subcontractor past performance will be given weight relative to the scope and magnitude of the aspects of the work under the solicitation that the subcontractor is quoted to perform. Therefore, the quoter's submission should detail clearly the aspects of the work in the solicitation that the subcontractor is quoted to perform.

The references will be evaluated in the aggregate in order to allow quoters who may not have the entire scope and magnitude of the requirement under one individual contract to still be considered acceptable if past performance with the full scope and magnitude of the requirement can be demonstrated within the allotted number of references as described above.

The quoter should complete a "Past Performance Information Form" for each reference submitted. The form is an attachment to the solicitation. The forms will count toward the Volume I page limit described above. For additional information regarding a particular reference beyond that which will fit on the form, the quoter may continue onto another sheet of paper. Such continuation sheet(s) for submitted references will count toward the Volume I page limit.

NOTE: QUOTERS ARE RESPONSIBLE FOR ENSURING THE CURRENCY AND ACCURACY OF THE CONTACT INFORMATION PROVIDED FOR ALL CUSTOMER POINTS OF CONTACT LISTED WITHIN THEIR PAST PERFORMANCE SUBMISSION.

The quoter should address its past performance in complying with requirements of the clauses at FAR 52.219-8, "Utilization of Small Business Concerns," and 52.219-9, "Small Business Subcontracting Plan."

(2) Volume II – Price

Volume II shall include the solicitation cover sheet with appropriate blocks completed by the quoter; the solicitation pricing pages completed by the quoter; an acknowledgement of solicitation amendments pursuant to FAR 52.215-1 (if not previously acknowledged); and Representations and Certifications completed by the quoter in accordance with instructions contained elsewhere in this solicitation. If the quoter has completed all of the Representations and Certifications required by this solicitation in ORCA in accordance with FAR

52.204-8 and DFARS 252.204-7007 ALT A, then the quoter need not submit the hardcopy Representations and Certifications.

(c) Data Universal Numbering System (DUNS) Number. (Applies to all quotes exceeding \$3,000, and quotes of \$3,000 or less if the solicitation requires the Contractor to be registered in the System for Award Management (SAM) database. The quoter shall enter, in the block with its name and address on the cover page of its quote, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the quoter's name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the quoter to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. If the quoter does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. A quoter within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://fedgov.dnb.com/webform>. A quoter located outside the United States must contact the local Dun and Bradstreet office for a DUNS number. The quoter should indicate that it is a quoter for a Government contract when contacting the local Dun and Bradstreet office.

(d) System for Award Management. Unless exempted by an addendum to this solicitation, by submission of a quote, the quoter acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Quoter does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Quoter. Quoters may obtain information on registration and annual confirmation requirements via the SAM database accessed through <https://www.acquisition.gov>.

(End of provision)

ADDENDUM: This solicitation is a Request for Quotations (RFQ) and is being processed pursuant to the policies and procedures of FAR 13.5, Test Program for Certain Commercial Items. To the extent that the terms appear in the solicitation, the terms "RFP," "offer," "proposal," and "offeror" shall mean "RFQ," "quote," and "quoter," respectively.

52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999) (VARIATION)

(a) The following language provides to quoters evaluation criteria and basis for award specific to the instant requirement:

(1) The Government intends to award a contract resulting from this solicitation to the responsible quoter whose quote represents the best value after evaluation in accordance with the factors and subfactors in the solicitation. The quoter's submission shall be in the form prescribed by, and shall contain a response to each of the areas identified in the Section L solicitation provision entitled "Submission of Quotes." The evaluation of quotes will consider the quoter's non-price submission to be more important than the quoter's price submission.

(2) The non-price evaluation factors are listed below:

Performance Approach
Past Performance

Performance Approach and Past Performance will be considered of equal importance.

In determining the rating for the Past Performance evaluation factor, the Government will give greater consideration to the contracts or efforts which the Government feels are most relevant to the RFQ.

The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably on past performance. However, the submission of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quote to the Government and thus, may be an unsuccessful quote when compared to the quotes of other quoters. The quoter should provide the information requested above for past performance evaluation, or affirmatively state that it possesses no relevant directly related or similar past performance. If a quoter fails to provide any past performance information which is similar in scope and magnitude to that which is detailed in the RFQ or fails to affirmatively state that it possesses no relevant directly related or similar past performance, the quote may not be awardable. The Government will consider the quality of quoter's past performance. This consideration is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating the relative capability of the quoter and other competitors to successfully meet the requirements of the RFQ. In determining the rating for the Past Performance evaluation factor, the Government will give greater consideration to the contracts or efforts which the Government feels are most relevant to the RFQ.

A quoter determined to have no record of relevant past performance (or in an instance where no information on the quoter's past performance is available), will not be evaluated favorably or unfavorably for the Past Performance factor.

When a quoter is determined to have relevant past performance, the quality of its past performance will be evaluated; a quoter whose past performance demonstrates either a low expectation or no expectation that the quoter will be able to successfully perform the required effort will be considered ineligible for award.

For all other non-price factors or subfactors, a quoter's submission must be determined to be acceptable or better in order to be eligible for award.

The Government reserves the right to award the contract to other than the lowest priced quoter.

(b) Options. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement (i.e., the total price for all CLINs). The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) () Are, () are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; and

(2) () Have, () have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) () Are, () are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).)

(Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) (The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.)

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) Taxpayer Identification Number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM database to be eligible for award.)

(B) Commercial items that--

(1) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it contracts for f.o.b. destination shipment);

(2) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or

(3) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(d) The Contractor must submit any request for use of foreign-flag vessels in writing to the Contracting Officer at least 45 days prior to the sailing date necessary to meet its delivery schedules. The Contracting Officer will process requests submitted after such date(s) as expeditiously as possible, but the Contracting Officer's failure to grant approvals to meet the shipper's sailing date will not of itself constitute a compensable delay under this or any other clause of this contract. Requests shall contain at a minimum --

- (2) Required shipping date;
 - (3) Special handling and discharge requirements;
 - (4) Loading and discharge points;

 - (4) Ocean transportation was used and some or all of the shipments were made on foreign-flag vessels without the written consent of the Contracting Officer. The Contractor shall describe these shipments in the following format:

ITEM DESCRIPTION	CONTRACT LINE ITEMS	QUANTITY
---------------------	------------------------	----------

TOTAL _____

(g) If this contract exceeds the simplified acquisition threshold and the final invoice does not include the required representation, the Government will reject and return it to the Contractor as an improper invoice for the purposes of the Prompt Payment clause of this contract. In the event there has been unauthorized use of foreign-flag vessels in the performance of this contract, the Contracting Officer is entitled to equitably adjust the contract, based on the unauthorized use.

CAPCONTRACT ADMINISTRATION PLAN (CAP)
FOR FIXED PRICE CONTRACTS

In order to expedite the administration of this contract, the following delineation of duties is provided. The names, addresses and phone numbers for these offices or individuals are included elsewhere in the contract award document. The office or individual designated as having responsibility should be contacted for any questions, clarifications, or information regarding the administration function assigned.

1. The Procuring Contract Office (PCO) is responsible for:
 - a. All pre-award duties such as solicitation, negotiation and award of contracts.
 - b. Any information or questions during the pre-award stage of the procurement.
 - c. Freedom of Information inquiries.
 - d. Changes in contract terms and/or conditions.
 - e. Post award conference.
2. The Contract Administration Office (CAO) is responsible for matters specified in the FAR 42.302 and DFARS 42.302 except those areas otherwise designated as the responsibility of the Contracting Officer's Representative (COR) or someone else herein.
3. The paying office is responsible for making payment of proper invoices after acceptance is documented.
4. The Contracting Officer's Representative (COR) is responsible for interface with the contractor and performance of duties such as those set forth below. It is emphasized that only the PCO/CAO has the authority to modify the terms of the contract. In no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract between the contractor and any other person be effective or binding on the Government. If in the opinion of the contractor an effort outside the scope of the contract is requested, the contractor shall promptly notify the PCO in writing. No action may be taken by the contractor unless the PCO or CAO has issued a contractual change. The COR duties are as follows:
 - a. Technical Interface
 - (1) The COR is responsible for all Government technical interface concerning the contractor and furnishing technical instructions to the contractor. These instructions may include: technical advice/recommendations/clarifications of specific details relating to technical aspects of contract requirements; milestones to be met within the general terms of the contract or specific subtasks of the contract; or, any other interface of a technical nature necessary for the contractor to perform the work specified in the contract. The COR is the point of contact through whom the contractor can relay questions and problems of a technical nature to the PCO.
 - (2) The COR is prohibited from issuing any instruction which would constitute a contractual change. The COR shall not instruct the contractor how to perform. If there is any doubt whether technical instructions contemplated fall within the scope of work, contact the PCO for guidance before transmitting the instructions to the contractor.

b. Contract Surveillance

(1) The COR shall monitor the contractor's performance and progress under the contract. In performing contract surveillance duties, the COR should exercise extreme care to ensure that he/she does not cross the line of personal services. The COR must be able to distinguish between surveillance (which is proper and necessary) and supervision (which is not permitted). Surveillance becomes supervision when you go beyond enforcing the terms of the contract. If the contractor is directed to perform the contract services in a specific manner, the line is being crossed. In such a situation, the COR's actions would be equivalent to using the contractor's personnel as if they were government employees and would constitute transforming the contract into one for personal services.

(2) The COR shall monitor contractor performance to see that inefficient or wasteful methods are not being used. If such practices are observed, the COR is responsible for taking reasonable and timely action to alert the contractor and the PCO to the situation.

(3) The COR will take timely action to alert the PCO to any potential performance problems. If performance schedule slippage is detected, the COR should determine the factors causing the delay and report them to the PCO, along with the contractor's proposed actions to eliminate or overcome these factors and recover the slippage. Once a recovery plan has been put in place, the COR is responsible for monitoring the recovery and keeping the PCO advised of progress.

(4) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a Contractor Performance Assessment Report (CPAR) in the CPARS Automated Information System (AIS). The initial CPAR, under an eligible contract, must reflect evaluation of at least 180 days of contractor performance. The completed CPAR, including contractor comments if any, (NOTE: contractors are allowed 30 days to input their comments) should be available in the CPARS AIS for reviewing official (PCO) review no later than 270 days after start of contract performance. Subsequent CPARs covering any contract option periods should be ready at 1-year intervals thereafter.

c. Invoice Review and Approval/Inspection and Acceptance

(1) The COR is responsible for quality assurance of services performed and acceptance of the services or deliverables. The COR shall expeditiously review copies of the contractor's invoices or vouchers, certificate of performance and all other supporting documentation to determine the reasonableness of the billing. In making this determination, the COR must take into consideration all documentary information available and any information developed from personal observations.

(2) The COR must indicate either complete or partial concurrence with the contractor's invoice/voucher by executing the applicable certificate of performance furnished by the contractor. The COR must be cognizant of the invoicing procedures and prompt payment due dates detailed elsewhere in the contract.

(3) The COR will provide the PCO and the CAO with copies of acceptance documents such as Certificates of Performance.

(4) The COR shall work with the Contractor to obtain and execute a final invoice no more than 60 days after completion of contract performance. The COR shall ensure that the invoice is clearly marked as a "Final Invoice."

d. Contract Modifications. The COR is responsible for developing the statement of work for change orders or modifications and for preparing an independent government cost estimate of the effort described in the proposed statement of work.

e. Administrative Duties

(1) The COR shall take appropriate action on technical correspondence pertaining to the contract and for maintaining files on each contract. This includes all modifications, government cost estimates, contractor invoices/vouchers, certificates of performance, DD 250 forms and contractor's status reports.

(2) The COR shall maintain files on all correspondence relating to contractor performance, whether satisfactory or unsatisfactory, and on trip reports for all government personnel visiting the contractor's place of business for the purpose of discussing the contract.

(3) The COR must take prompt action to provide the PCO with any contractor or technical code request for change, deviation or waiver, along with any supporting analysis or other required documentation.

f. Government Furnished Property. When government property is to be furnished to the contractor, the COR will take the necessary steps to insure that it is furnished in a timely fashion and in proper condition for use. The COR will maintain adequate records to ensure that property furnished is returned and/or that material has been consumed in the performance of work.

Enclosure (1)

g. Security. The COR is responsible for ensuring that any applicable security requirements are strictly adhered to.

h. Standards of Conduct. The COR is responsible for reading and complying with all applicable agency standards of conduct and conflict of interest instructions.

i. Written Report/Contract Completion Statement.

(1) The COR is responsible for timely preparation and submission to the PCO, of a written, annual evaluation of the contractors performance. The report shall be submitted within 30 days prior to the exercise of any contract option and 60 days after contract completion. The report shall include a written statement that services were received in accordance with the Contract terms and that the contract is now available for close-out. The report shall also include a statement as to the use made of any deliverables furnished by the contractor.

(2) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a final Contractor Performance Assessment Report (CPAR) in the CPARS with 30 days of contract completion.

(3) The COR is responsible for providing necessary assistance to the Contracting Officer in performing Contract Close-out in accordance with FAR 4.804, Closeout of Contract Files.

5. The Technical Assistant (TA), if appointed, is responsible for providing routine administration and monitoring assistance to the COR. The TA does not have the authority to provide any technical direction or clarification to the contract. Duties that may be performed by the TA are as follows:

- a. Identify contractor deficiencies to the COR.
- b. Review contract deliverables, recommend acceptance/rejection, and provide the COR with documentation to support the recommendation.
- c. Assist in preparing the final report on contractor performance for the applicable contract in accordance with the format and procedures prescribed by the COR.
- d. Identify contract noncompliance with reporting requirements to the COR.
- e. Review contractor status and progress reports, identify deficiencies to the COR, and provide the COR with recommendations regarding acceptance, rejection, and/or Government technical clarification requests.

- f. Review invoices and provide the COR with recommendations to facilitate COR certification of the invoice.
- g. Provide the COR with timely input regarding technical clarifications for the statement of work, possible technical direction to provide the contractor, and recommend corrective actions.
- h. Provide detailed written reports of any trip, meeting, or conversation to the COR subsequent to any interface between the TA and contractor.

QASP

QUALITY ASSURANCE SURVEILLANCE PLAN (QASP)

Purpose: To ensure that the Government has an effective and systematic method of surveillance for the services required by the PWS. The QASP will be used primarily as a tool to verify that the contractor is performing all services required by the PWS in a timely, accurate and complete fashion.

1. Critical performance processes and requirements. Critical to the performance of the review and certification of financial disclosure reports, as detailed in the PWS, is the timely, accurate and thorough completion of all contract requirements.
2. Performance Standards
 - a. Schedule - The due dates for deliverables and the actual accomplishment of the schedule will be assessed against original due dates and milestones established for the contract.
 - b. Deliverables – The deliverables required to be submitted will be assessed against the specifications for the deliverables detailed in the contract and the Quality Control Plan (QCP) for the required content, quality, timeliness, and accuracy. The contractor shall have its own QCP, which sets forth procedures and responsibilities for producing high quality service. The contractor shall designate an employee to be responsible for ensuring that the contractor's employees follow the QCP. A copy of the initial QCP shall be provided to the Contracting Officer's Representative (COR) no later than fourteen (14) days after contract award.
 - c. Past Performance - In addition to any schedule, deliverables, and cost aspects of performance discussed above, pursuant to FAR 42.15, the Government will assess the contractor's record of conforming to contract requirements and to standards of good workmanship, the contractor's adherence to contract schedules including the administrative aspects of performance, the contractor's history of reasonable and cooperative behavior and commitment to customer satisfaction, and the contractor's business-like concern for the interest of the customer.
3. Surveillance methods: The primary methods of surveillance used to monitor performance of this contract will include, but not be limited to, random or planned sampling, periodic or inspection, and validated customer complaints.
4. Performance Measurement: Performance will be measured in accordance with the following table:

Performance Element	Performance Requirement	Surveillance Method	Frequency	Acceptable Quality Level
Contractor Quality Control Plan	QC activities, inspections, and corrective actions completed as required by the plan.	Inspection by the COR	Quarterly for overall QC activities; As Required for corrective actions.	100% Compliance with the contractor plan.

Contract Deliverables	Contract deliverables furnished as prescribed in the PWS, attachments, CDRLs, etc., as applicable.	Inspection by the COR	100% inspection of all contract deliverables.	>95% of deliverables submitted timely and without rework required.
Overall Contract Performance	Overall contract performance of sufficient quality to earn a Satisfactory (or higher) rating in the COR's annual report on Contractor Performance	Assessment by the COR	Annual	All performance elements rated Satisfactory (or higher)
Invoicing	Monthly invoices per contract procedures are timely and accurate.	Review & acceptance of the invoice	Monthly	100% accuracy

If performance is within acceptable levels, it will be considered to be satisfactory. If not, overall performance may be considered unsatisfactory.

Incentives/Disincentives:

The COR's makes an annual report on Contractor Performance (CPARS or other annual report). The contractor's failure to achieve satisfactory performance under the contract, reflected in the COR's annual report, may result in termination of the contract and may also result in the loss of future Government contracts. The contractor's failure to achieve satisfactory performance under the contract may result in the non-exercise of available options.

For each item that does not meet acceptable levels, the Government may issue a Contract Discrepancy Report (CDR). CDRs will be forwarded to the Contracting Officer with a copy sent to the contractor. The contractor must reply in writing within 5 days of receipt identifying how future occurrences of the problem will be prevented. Based upon the contractor's past performance and plan to solve the problem, the Contracting Officer will determine if any further action will be taken.

In accordance with the inspection of services provisions of the contract, the contractor will be incentivized to provide quality products in a timely manner since the Government can require the Contractor, at no additional cost, to replace or correct work that fails to meet contract requirements.
