

JUSTIFICATION FOR SOLE SOURCE or BRAND NAME SPECIFIED  
(Simplified Acquisitions <\$150K)

The service or material listed on PR# N3830516RCC0609 is sole source and competition is precluded for reasons indicated below. There are no substitutes available for this material or service.

**Restricted to the following source.**

**Manufacturer:** Engineered Systems and Installation Technologies (Esitech) Inc.

Manufacturer POC & phone: Bill Denton, (804) 672-3223 ext 12

Mfr. Address: 2506 Waco Street, Richmond, Virginia 23294

**Description of the item or service required, the estimated cost, and required delivery date.**

The service is for a two (2) year security system maintenance service contract at the Navy Consolidated Brig (NAVCONBRIG) Chesapeake in Chesapeake, Virginia. The existing security system at NAVCONBRIG was originally installed by Engineered Systems and Installation Technologies (Esitech) Inc. The command wants to continue the services provided by Esitech, Inc. that will include: engineering, phone support, programming, troubleshooting and computer set-up. The Period of Performance will be 29 September 2016 through 28 September 2017.

**Specific characteristics of the material or service that limit the availability to a brand name (unique features, function of the item, etc.). Describe in detail why only this suggested source / brand name can furnish the requirements to the exclusion of other sources.**

Esitech installed the original electronic security system that provides complete facility security. Having the ability to use the same company to conduct preventative maintenance would eliminate system malfunctions and prevent any issues/concerns that would compromise the existing warranty due to improper installation methods by another company.

Esitech does not have any certified third party dealers that can perform maintenance. The company holds the proprietary rights, due to years of customized configuration of the software to meet the security mission of NAVCONBRIG.

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

X  The requested material or service represents the minimum requirements of the government.

X  The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing.

**Describe the equipment/function you have now and how the new item/service must coordinate, connect, or interface with the existing system.**

The Esitech, Inc. security system provides complete facility security throughout NAVCONBRIG. The system is comprised of IP based intercommunication and paging system, ethernet security network monitors, programmable controllers, video surveillance and a recording system. The ability to have the original company perform corrective and preventative maintenance would only improve, sustain and maximize the operation of the existing electronic security system.

A patent, copyright or proprietary data limits competition. The proprietary data is \_\_\_\_\_
