4.1 If any of the supplies do not conform to the Government's requirements, the government may require the contractor to provide the supplies again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the Government may:

1. Require the contractor to take necessary action to ensure that future performance conforms to contract requirements; and
2. Reduce the contract price to reflect the reduced value of the services performed.

5. GOVERNMENT-FURNISHED PROPERTY

No government-furnished property required for this task.

6. GENERAL INFORMATION

6.1 Contract Management: The PHIBCB TWO POC is responsible for technical management of this program. The Procuring Contracting Officer (PCO) is the only person authorized to approve changes under this PWS; and, notwithstanding provisions elsewhere, said authority remains solely with the PCO. In the event the vendor affects any such change at the direction of any person other than the PCO, that change will be considered as unauthorized. The PHIBCB TWO POC will serve as the contracting officer's Point of Contact (POC).

6.2 Emergency Action Plan: The vendor shall comply with the Navy's Emergency Action Plan. This PWS assumes that all personnel are qualified to implement any emergency action plan for the safe conduct of training and classroom evacuation. Onsite medical support must be in compliance with OPNAVINST 3591.1E.

6.3 Mishap: If a mishap involving services under this contract results in an injury, the contractor shall promptly report the incident to the PHIBCB TWO POC, the Contract Manager and PCO. If the Navy conducts an investigation of the accident, the contractor shall cooperate and assist Government personnel until the investigation is complete. Contractors shall include a clause in subcontracts, if any, under this contract to require subcontractor cooperation and assistance in accident investigations. Contractors shall allow authorized Government representatives access to the contractor's facilities, personnel and safety program documentation.

6.4 Contractor Responsibility for Safety: Nothing in the PWS, nor any Government action or failure to act in surveillance of this contract, shall relieve the contractor of its responsibility for the safety of the contractor's personnel and property, the Government's personnel and property, and the general public. Furthermore, nothing in this PWS shall relieve the contractor of its responsibility for complying with applicable Federal, State, and Local laws, ordinances, codes and regulations (including those requiring applicable licenses and permits) in connection with the performance of this contract.

6.5 PHIBCB TWO will provide all weapons and ammunition for weapons proficiency training to the training site; PHIBCB TWO shall be solely responsible for removing all weapons and unused ammunition from the training site. Contractor is not permitted to take weapons and unused ammunition off-site from the training site. The contractor shall furnish everything else required to perform this PWS as outline in paragraph 3.0, 4.0 and 4.1 above.

7. RANGES

7.1 During the contract period of performance, if the contractor proposes to close, remove, replace or perform maintenance on a training range contractor must provide a suitable substitute training range as requested by the designated PHIBCB TWO POC.
