**** If additional items are required, please provide on a separate spreadsheet*

Required Delivery Date (RDD) or Period of Performance (POP): **60 days from the receipt of this request.**

Specific characteristics of the material or service that limit the availability to a sole source/brand product (unique features, function of the item, etc.). Describe in detail why only this source/brand can furnish the requirements to the exclusion of other sources/brands. **These cut-a-ways are from the same company and are exact match to the ones we are currently using. During our research before purchasing the last set of cut-a-ways this was the only manufacturer that was able to make cutaways with the specifications that were required for use in our unit 7 and unit 13 course of instructions.**

The requested material or service represents the minimum requirements of the Government.

The material or service must be compatible in all aspects (form, fit and function) with existing systems presently installed/performing. Describe the equipment/function you have now and how the new item/service must coordinate, connect or interface with the existing system. **These cut-a-ways are from the same company and are an exact match to existing cut-a-ways currently in use. These additional cut-a-ways will serve as a second set, currently when we have two classes or board that overlap we are not able to instruct both classes with the same level of proficiency. An additional set is required to ensure all students the highest level of instruction.**

A patent, copyright or proprietary data limits competition:

The items are "direct replacement" parts/components for existing equipment. Provide the information about the Next Higher Assembly (NHA)/equipment which the replacement parts are going into (e.g. description, model, part number, Original Equipment Manufacturer (OEM), etc.).

Other information to support sole source/brand name sole source procurement. The rationale must then justify "either" substantial duplication of cost to the Government that is not recovered through competition or unacceptable delays in fulfilling the mission of the agency. **The mission of these Cut outs is to serve as a static display for students to familiarize themselves with the internal working and concepts of peerations for variouse styles of air compressors. These items will be used in conjunction with our cirriculum to reinforce the students understanding of aircompressirs and how they function. These items will be used by Navy Unique Instructors as static displays in the class room to have a visual aid for students to refer to when learning about air compressors and how they function.**
