

JUSTIFICATION FOR SOLE SOURCE (Simplified Acquisitions <\$100K)
(Ref: NAVSUP 4200.85C Chapter 4 Paragraph 5(c))

R4490452112AOL

The service or material listed on (Document number) SD-060 and competition are precluded for reasons indicated below. There are no substitutes available for this material.

Restricted to the following source. Provide original manufacturer's name. (If a sole source manufacturer distributes via dealers, ALSO provide dealer information.)

Manufacturer: Waterproof Diving International AB
Manufacturer POC & Phone Nr. +46 31 33 38 270
Mfr. Address: Industrivägen 39, S-433 91 Partille, Sweden
Manufacturers Dealer/Rep: Lighthouse Diving Center, Inc.
Dealer/Rep Address/Phone Number: Harry Truitt, 5421 196th St SW, #6 Lynnwood, WA 98036
1-800-777-3483

Description of the item, the estimated cost, and required delivery date.

Waterproof D1 Hybrid Constant Volume Drysuit

(b) (5) 11 suits (b) (5)

Required by December, 2015

Specific characteristics of the material or service that limit the availability to a sole source (unique features, function of the item, etc.). Describe in detail why only this suggested source can furnish the requirements to the exclusion of other sources.

The Waterproof D1 Hybrid Constant Volume Drysuit is the only constant volume drysuit in production. It utilizes a patented 3-D mesh inner lining which keeps the cold outer layer of the suit away from the divers body and maintains a constant volume regardless of depth. This ensures superior insulation even in deep, cold water as well as consistent depth control, making the diver safer while also improving endurance and maneuverability

The requested material or service meets and or exceeds the minimum requirements of the Government.

CHECK & FILL IN ALL APPLICABLE BLANKS BELOW

The material/service must be compatible in all aspects (form, fit and function) with existing systems presently installed. Describe the equipment you have now and how the new item/service must coordinate, connect, or interface with the existing system.

The drysuit will be utilized with several different diving apparatuses that are unique to SRDD, and therefore will require manufacturer relocation of pressurization and urination ports. This cost is included in the estimate. Furthermore, the nature of drysuits require a very specific fit, so each drysuit will be custom fit to the diver. A representative of the company will take measurements of each diver to ensure proper fit and function.

A patent, copyright, or proprietary data limits competition. The proprietary data is: US Patent #12/530,508

These are "direct replacements" parts/components for existing equipment.

Other information to support a sole-source buy:

I CERTIFY THAT STATEMENTS CHECKED, AND INFORMATION PROVIDED ABOVE, ARE COMPLETE AND CORRECT TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND THAT THE PROCESSING OF THIS SOLE-SOURCE JUSTIFICATION PRECLUDES THE USE OF FULL AND OPEN COMPETITION.
