## SECTION SF 30 BLOCK 14 CONTINUATION PAGE

**The following items are applicable to this modification:**

The purpose of this amendment 0001 is to:

1. Add SECTION 00802 TASK ORDER ISSUANCE PROCEDURES
2. Revise Section 00100, 1.5 Societa' Organismi D'Attestazione (SOA) Certification. Changes are indicated in red.

**PRE-PROPOSAL INQUIRIES**

The following Pre-Proposal Inquiries are answered:

1. Solicitation – Factor 2 – Experience, page 19 of 58 Under this factor for both subfactors, construction experience and design experience, you require “vertical construction projects” (pag. 19 or 58).

At point 1.1 of the solicitation, page 9 of 58, it is stated that the nature of this MACC involves both vertical and horizontal type of projects. May we include a horizontal construction project for evaluation under factor 2 ? or is there a specific reason for having this type of experience not mentioned under this factor and we should stick to the requirement ? We are asking you this because we have specific experience in horizontal projects which are inherent to the scope of this MACC and we would like to submit it as part of our technical proposal

**Answer: Projects not meeting the solicitation definition of a relevant project will be evaluated as not relevant.**

2. Ref: Solicitation – Factor 3 – Past Performance , page 21 of 58

May we reuse PPQ questionnaires already submitted to and signed by our Clients under a previous US Navy solicitation or shall we resubmit them to the Clients for review, fill in, and sign again with new date in response to this specific solicitation requirement

**Answer: Previous completed PPQ questionnaires may be submitted.**

### 1.5 SOCIETA' ORGANISMI D'ATTESTAZIONE (SOA) CERTIFICATION

a. Societa' Organismi d'Attestazione (SOA) Certification Requirement. The following qualification standards shall be met by the offeror for the overall MACC:

Category	Classification
OG1	VI
OG3	III
OG6	III
OS3	III
OS28	III
OS30	III

Note: SOA certification requirements will vary on subsequent task orders under the MACC in accordance with the projects.

b. Submission of a SOA Certification and Article 38 of the DL 163/06 (DeLise Code). Offerors shall demonstrate that they meet the SOA certification requirements and demonstrate compliance with Article 38 of DL 163/06. An offeror shall submit the following as part of its proposal:

(1) An unexpired SOA Certificate (including joint venture partner, consortium partners or subcontractors that will be utilized to meet the qualification standard).

(2) Current self-certification documentation required by Article 38 of DL 163/06.

(3) If the potential offeror is a joint venture or a consortium, the offeror shall demonstrate how each member or partner meets the SOA certification requirements stated in paragraph (a) above. Include a description of the responsibilities in terms of work category for each member or partner (for example - Firm A performing 70% of OG-II and Firm B performing 30% of OG-II). Each member or partner who has the SOA Certification must perform the majority of the work pertinent to the certification.

(4) An offeror's proposal will be rejected for failure to provide the current SOA certificates required under this solicitation.

In the case of a Joint Venture (JV), each member of the JV must have at least one of the required SOA Certifications. In the case of a JV, certification submitted by a subcontractor will not be accepted.

**SECTION 00800 - SPECIAL CONTRACT REQUIREMENTS**

The following have been added by full text:

SECTION 00802

**SECTION 00802  
TASK ORDER ISSUANCE PROCEDURES**

If multiple contracts result from this procurement, procedures for issuing task orders are stated as follows:

**1. General**

- (a) Each basic contract award made as a result of this solicitation will cite a unique contract number. Individual Task Orders placed under each basic contract will be numbered sequentially, beginning with Task Order 0001.
- (b) Orders will be placed on a DD Form 1155, Order for Supplies or Services
- (c) The Government will not be obligated to reimburse the contractor for work performed or any costs incurred, nor shall the contractor be obligated to perform or otherwise incur costs except as authorized by executed task orders.
- (d) Task orders will be firm fixed price and clearly define the statement of work to be performed or the performance desired. Each task order will contain applicable clauses and provisions and the specification package required for that project.
- (e) Evaluation methods for MACC task orders will be delineated in the respective task order Request for Proposals (RFPs). Task order evaluation methods may include Price, Low Price Technically Acceptable (LPTA), or Tradeoff.
- (f) Task Order projects may be non-complex performance-oriented tasks requiring minimal design, may be complex construction requiring design development for design-build construction, or a combination thereof.
- (g) Contract awardees are required to submit a proposal for all Task Order Requests for Proposal (RFP) received from the Government. However, in the event a MACC awardee is unable to submit a proposal on a particular RFP, the contractor is required to notify the Contracting Officer in writing within five (5) working days from receipt of the RFP.
- (h) Clauses specific to each task order that require fill-in or emphasis are provided with each task order RFP. All other terms and conditions identified in the basic contract are in full force by reference.

**2. Competition**

- (a) Competition for task orders is limited to those awardees under this contract. All awardees will be given a fair opportunity to be considered for each task order. Upon determining the need to issue a task order, all awardees will be considered equally against the stated criteria.
- (b) Unless the Contracting Officer applies the exceptions noted below, each task order will be awarded, as a result of competition. The Contracting Officer's decision as to the selection for award of a task order can not be protested unless the protest is on the grounds that the order increases the scope, period, or maximum value of the contract.
- (c) Each contractor shall be given a fair opportunity to be considered for award of a task order. The Contracting Officer reserves the right to make award of a task order without competition based upon:
  - I. One of the circumstances described below:
    - i. The agency need for the supplies or services are so urgent that providing a fair opportunity would result in unacceptable delays;

- ii. Only one awardee is capable of providing the supplies or services required at the level of quality required because the supplies or services ordered are unique or highly specialized;
- iii. The order must be issued on a sole-source basis in the interest of economy and efficiency as a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order; or
- iv. It is necessary to place an order to satisfy a minimum guarantee; or

II. A statute expressly authorizes or requires that the purchase be made from a specific source.

Note: (1) Approval thresholds for limiting competition for task orders under multiple award contracts are prescribed at NFAS 6.304-100(b).

### **3. Preparation of Offers**

(a) Offerors are expected to participate in site visits, read and understand the statement of work, drawings, specifications, schedule, and all instructions. Failure to do so will be at the offeror's risk.

(b) Each offeror shall furnish the information required by the Task Order RFP. The offeror shall sign the offer and print or type its name on the Schedule and each continuation sheet on which it makes an entry. The person signing the offer must initial erasures or other changes. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.
