SUMMARY OF CHANGES

SECTION 00100 - BIDDING SCHEDULE/INSTRUCTIONS TO BIDDERS

The following have been added by full text:

PPI ROUND 1

PPIQ 1

It is traditional in Ukraine for projects to need local construction plan approval through a host of magistrate offices. This number can become considerable and introduce delays. Is the project's construction plan approved at the local level? Who is responsible for these approvals?

PPIA1

The contractor is responsible to obtain the required permits and authorizations as part of this contract. This is explained in paragraph 5.1 of the Performance Technical Specifications.

PPIQ 2

Basis of Evaluation: The Government will evaluate price based on the total price, exclusive of VAT. Will the Government assist in getting exemptions for VAT?

PPIA2

Exemptions for VAT is the contractors responsibility. Please check with the embassy on how to do so.

PPIQ 3

Basis of Evaluation: The Government will evaluate price based on the total price, exclusive of VAT. Will the Government provide the process for getting VAT exemptions relevant to this project?

PPIA 3

This project is not tax exempt in the eyes of the contractors.

PPIQ 4:

In your subject RFP under factor 1, you state the offeror must have one but no more than two relevant projects for which the offeror was the prime, a

subcontractor or a JV partner. If we have a signed teaming agreement with a local Ukrainian contractor, can we use their Ukrainian experience to meet the corporate experience?

PPIA 4:

Answer:

Please refer to factor one of the solicitation:

Factor 1 - Corporate Experience:

Solicitation Submittal Requirements: The offeror MUST provide a minimum of one (1) but no more than two (2)

relevant project(s) for which the offeror was the prime contractor, subcontractor or Joint Venture partner. Relevant project(s) MUST meet the following requirements:

1. Projects executed in Ukraine
2. Projects which include the design and the construction of the design build contract;
3. Projects for renovation or new construction of buildings;
4. Projects which include electrical installations AND plumbing AND heating;
5. Projects having a value of at least \$250,000;
6. Projects performed within the last 5 years at the date of issuance of this RFP or which are at least 70% complete at the date of issuance of this RFP.

Use the Contract Data Sheet (Attachment 2) to submit projects. In lieu of the Contract Data Sheet, offerors can provide relevant project information documentation separately. Whether submitted on the Contract Data Sheet or as separate documentation, project descriptions for each project shall explain the detailed scope of work.
