RFI 186 & 187 RESPONSES

Q186: We have noticed an error in the ELINs spreadsheet provided by the government. On the Non-Recurring ELINs tabs (i.e. "Exh A Non") and all option year tabs there is an error in the formula for the fixed burden rates. Specifically ELINs X003, X004 and X005.

- * Cell K58-59 uses 700,000 in its formula rather than 120,000
- * Cell K68-69 says 200,000 in its formula rather than 50,000
- * Cell K78-79 says 200,000 in its formula rather than 50,000

Please verify formulas and instruct us as to what to do.

Also, ELIN A002 AC Exterior Window Washing has indicated quantity and units of 100 HRs. The LONG DESCRIPTION explains this ELIN as "Thoroughly clean all exterior glass surfaces, window frames, sills and sashes. Free of streaks, smudges, etc. 2 day completion time." Is the intent of this ELIN to Thoroughly clean ALL exterior glass.. as indicated in the LONG DESCRIPTION or is it to provide a per hour rate for external window washing?"

A186: The formula errors are hereby corrected in the updated Excel ELINs J-0200000-13, provided as an attachment. In regards to question on Elin A002 AC - Exterior Window Washing - Section C-1503010 - Janitorial Window Cleaning - Referring to Spec Item - 3.1.1.6 - Window Cleaning per Janitorial Service. Matrix Service Class which is Section J-1503010-02 -Janitorial Service Classes for Recurring Services shows what Service Class and the Frequencies for Recurring Services. The long description is covering Section J- 150310-04 - Unscheduled service request which covers window cleaning for additional cleaning that does not fall under Recurring or if the recurring service class does not include window cleaning you were order it up from IDIQ.

Q187: We have been going through Amendment 8 and had concerns regarding the service calls. The way the ELIN schedule reads the government is purchasing 600 annual Tier 3 service calls. Per amendment 7 these service calls have liability limits of 32 hours and \$2500. This seem extremely excessive. Are you sure the government didn't mean to apply this limit of liability to the Tier 1 calls instead? This would be one 32 hour/\$2500 service call per month rather than 50. If a contractor were to bid 600 annual service calls assuming the worst case scenario of 32 hours it would equate to over 10 FTE of direct labor.

Please let us know what your intent was in the question above.

A187: The Tier Service Calls referenced by the numbers 1, 10 , 50 per month is what the customer requested and it is also referenced in Section C - 1502000 - Facility Investment - Spec Item 3.1 Service Calls.
