

Factor 1 - Construction Experience:

(i) Solicitation Submittal Requirements

The offeror shall submit the following information:

Each Offeror shall submit a total of three (3) construction projects that best demonstrates your experience on relevant projects that are similar in size, scope, and complexity to the solicited project.

For purposes of this evaluation, a relevant project is defined as follows:

Size: A minimum of 2 levels and approximately 100,000 SF of a parking garage at a minimum value of \$5M.

Scope/Complexity: The project shall demonstrate civil site and foundation work, utility improvements, and environmental mitigation. The work shall also demonstrate installation of the following: cast-in-place concrete and post-tensioned parking structure with deep foundation systems.

Projects submitted for the Offeror shall be complete or ongoing within the past **ten (10)** years of the date of issuance of this RFP.

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather Offerors shall submit the work performed under a task order as a project.

Use of the attached Construction Experience Form (Attachment A) is mandatory and shall be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed one (1) double-sided page [or two (2) single-sided pages].

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects may be submitted for the Joint Venture members. Offerors who fail to submit experience for all Joint Venture partners may be rated lower. Offerors are limited to a total of six (6) projects combined. The Offeror shall submit a signed copy of the Joint Venture agreement. Teaming arrangements are not considered Joint Venture agreements.

Experience of proposed subcontractors will not be considered.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent companies (name is not exactly as stated on the SF1442), the proposal shall clearly

demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement in the performance of the contract.

(ii) Basis of Evaluation:

The basis of evaluation will include the Offeror's demonstrated experience in performing relevant construction projects as defined in the solicitation submittal requirements.

In order to receive an Acceptable rating, all three (3) projects submitted must be considered relevant.
