

AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT			1. CONTRACT ID CODE J	PAGE OF PAGES 1 4
2. AMENDMENT/MODIFICATION NO. 0004	3. EFFECTIVE DATE 26-May-2015	4. REQUISITION/PURCHASE REQ. NO.		5. PROJECT NO.(If applicable)
6. ISSUED BY NAVAL FACILITIES ENG COMMAND WASHINGTON 1314 HARWOOD ST. WASHINGTON DC 20374	CODE N40080	7. ADMINISTERED BY (If other than item 6) See Item 6		
8. NAME AND ADDRESS OF CONTRACTOR (No., Street, County, State and Zip Code)		X	9A. AMENDMENT OF SOLICITATION NO. N40080-15-R-0155	
		X	9B. DATED (SEE ITEM 11) 21-Apr-2015	
			10A. MOD. OF CONTRACT/ORDER NO.	
			10B. DATED (SEE ITEM 13)	
CODE	FACILITY CODE			
11. THIS ITEM ONLY APPLIES TO AMENDMENTS OF SOLICITATIONS				
<input checked="" type="checkbox"/> The above numbered solicitation is amended as set forth in Item 14. The hour and date specified for receipt of Offer <input checked="" type="checkbox"/> is extended, <input type="checkbox"/> is not extended. Offer must acknowledge receipt of this amendment prior to the hour and date specified in the solicitation or as amended by one of the following methods: (a) By completing Items 8 and 15, and returning _____ copies of the amendment; (b) By acknowledging receipt of this amendment on each copy of the offer submitted; or (c) By separate letter or telegram which includes a reference to the solicitation and amendment numbers. FAILURE OF YOUR ACKNOWLEDGMENT TO BE RECEIVED AT THE PLACE DESIGNATED FOR THE RECEIPT OF OFFERS PRIOR TO THE HOUR AND DATE SPECIFIED MAY RESULT IN REJECTION OF YOUR OFFER. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided each telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified.				
12. ACCOUNTING AND APPROPRIATION DATA (If required)				
13. THIS ITEM APPLIES ONLY TO MODIFICATIONS OF CONTRACTS/ORDERS. IT MODIFIES THE CONTRACT/ORDER NO. AS DESCRIBED IN ITEM 14.				
A. THIS CHANGE ORDER IS ISSUED PURSUANT TO: (Specify authority) THE CHANGES SET FORTH IN ITEM 14 ARE MADE IN THE CONTRACT ORDER NO. IN ITEM 10A.				
B. THE ABOVE NUMBERED CONTRACT/ORDER IS MODIFIED TO REFLECT THE ADMINISTRATIVE CHANGES (such as changes in paying office, appropriation date, etc.) SET FORTH IN ITEM 14, PURSUANT TO THE AUTHORITY OF FAR 43.103(B).				
C. THIS SUPPLEMENTAL AGREEMENT IS ENTERED INTO PURSUANT TO AUTHORITY OF:				
D. OTHER (Specify type of modification and authority)				
E. IMPORTANT: Contractor <input type="checkbox"/> is not, <input type="checkbox"/> is required to sign this document and return _____ copies to the issuing office.				
14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) N40080-15-R-0155-P621 ACADEMIC BUILDING FOR CYBER SECURITY STUDIES BUILDING, USNA, ANNAPOLIS, MD As an amendment to the solicitation, the following is hereby incorporated: Proposal due date is extended to 1 June 2015, time remains unchanged. Incorporated is revised Factor 2 Experience: CONTINUED ON PAGE 2				
Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.				
15A. NAME AND TITLE OF SIGNER (Type or print)		16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)

15B. CONTRACTOR/OFFEROR _____ (Signature of person authorized to sign)	15C. DATE SIGNED	16B. UNITED STATES OF AMERICA BY _____ (Signature of Contracting Officer)		16C. DATE SIGNED 26-May-2015

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 0004**Factor 2 – Experience:**

(i) Solicitation Submittal Requirements:

The Offeror shall submit the following information:

(1) Construction Experience:

Submit a minimum of two (2) and a maximum of five (5) relevant new construction projects for the Offeror that best demonstrates your experience on relevant projects that are similar in size, scope, and complexity to the RFP. For purposes of this evaluation, a relevant project is further defined as one where you served as the prime contractor for new construction of a facility that is five stories or more that incorporates multi-use spaces including, but not limited to classrooms, teaching and research laboratories, lecture halls, offices, multi-purpose space, and kitchen and dining facilities. A project that also demonstrates the construction of an observatory may be considered more favorably.

At least one (1) of the new construction projects submitted for this factor shall demonstrate experience in deep foundation construction for a waterfront facility on a constrained site.

Projects submitted for the offeror shall be completed within the past seven (7) years of the date of issuance of the RFP. A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather Offerors shall submit the work performed under a task order as a project.

The attached Construction & Design Experience Project Data Sheet (Attachment A) is MANDATORY and SHALL be used to submit project information. If the same project is being used to demonstrate construction and design experience, submit separate Project Data Sheets for construction and design. Except as specifically requested, the Government will not consider information submitted in addition to this form. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed one (1) double-sided page (or two (2) single-sided pages).

For all submitted projects, the description of the project shall clearly describe the scope of work performed and the relevancy to the project requirements of this RFP (i.e.: unique features, area, construction methods). In addition, the description should also address any sustainable features for the project, including specific descriptions of those features. Provide applicable documentation on projects that were validated and/or certified through U.S. Green Building Council (USGBC) or the equivalent organization or process.

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects

completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects may be submitted for the Joint Venture members. Offerors who fail to submit experience for all Joint Venture partners may be rated lower. Offerors are limited to a minimum of two (2) and a maximum of five (5) projects combined. The Offeror shall submit a signed copy of the Joint Venture agreement indicating the proposed participation of each partner. Teaming arrangements are not considered Joint Venture agreements.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement in the performance of the contract.

The Offeror may utilize experience of a subcontractor that will perform major or critical aspects of the requirement to demonstrate construction experience under this evaluation factor. The Offer must provide a letter of commitment and an explanation of the meaningful involvement that the subcontractor will have in performance of this contract. More weight may be given to the Offeror's projects than to those submitted for subcontractors.

(2) Design Experience

Submit a minimum of two (2) and a maximum of five (5) relevant new design projects for the design team that best demonstrates design experience on relevant projects that are similar in size, scope, and complexity to the RFP. For purposes of this evaluation, a relevant project is further defined as one where you served as the prime contractor for new design of a facility that is five stories or more that incorporates multi-use spaces including, but not limited to classrooms, teaching and research laboratories, lecture halls, offices, multi-use purpose space, and kitchen and dining facilities. A project that also demonstrates the design of an observatory may be considered more favorably. Experience with new design of projects involving multi-use building complexes having combined floor space of approximately 200,000 gross square feet and includes facilities for mixed use.

At least one (1) of the new design projects submitted for this factor experience shall demonstrate experience in deep foundation design for a waterfront facility on a constrained site.

Projects demonstrating similar design shall have been completed within the past seven (7) years of the date of issuance of this RFP. For design-build projects, the design portion of the contract shall have been completed within the past seven (7) years of the date of issuance of this RFP.

A project is defined as a complete design effort performed under a single task order or contract/subcontract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather Offerors shall submit the work performed under a task order as a project.

The attached Construction & Design Experience Project Data Sheet (Attachment A) is MANDATORY and SHALL be used to submit project information. If the same project is being used to demonstrate construction and design experience, submit separate Project Data Sheets for construction and design. Except as specifically requested, the Government will not consider information submitted in addition to this form. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed one (1) double-sided page (or two (2) single-sided pages).

For all submitted projects, the description of the project shall clearly describe the scope of work performed and the relevancy to the project requirements of this RFP (i.e.: unique features, area,

construction methods). In addition, the description should also address any sustainable features for the project, including specific descriptions of those features. Provide applicable documentation on projects that were validated and/or certified through U.S. Green Building Council (USGBC) or the equivalent organization or process.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement in the performance of the contract.

The Offeror may utilize experience of a design subcontractor to demonstrate design experience under this evaluation factor. The Offer must provide a supporting joint venture agreement, partnership agreement, teaming agreement, or letter of commitment and an explanation of the meaningful involvement for the design subcontractor.

(ii) Basis of Evaluation:

The basis of evaluation will include the Offeror's demonstrated experience and depth of experience in performing relevant construction and design projects as defined in the solicitation submittal requirements. The assessment of the Offeror's relevant experience will be used as a means of evaluating the capability of the Offeror to successfully meet the requirements of the RFP. For Design and Construction Experience, the Government will review the projects submitted collectively to assess an overall relevancy rating for this factor. **The evaluation of design and construction experience will consider projects of less than five stories if other aspects of relevancy are present and collectively the projects demonstrate expertise for designing and constructing a similar facility.** The Government will only review five projects for construction and five for design. Any projects submitted in excess of the five (5) for Construction Experience and five (5) for Design Experience will not be considered.

Relevant projects where the Offeror and the proposed design firm(s) have previously worked together may be considered more favorably than those that have not worked together.

Relevant projects that demonstrate design-build experience may be considered more favorably than those that do not have design-build experience.

Relevant projects that demonstrate experience with sustainable features may be considered more favorably than those that do not demonstrate experience with sustainable features.

(End of Summary of Changes)
