AMENDMENT 0001

**P1507 Hydrant Fuel Facility
Joint Base Andrews
RFI List**

1. Question:

Drawing E-611 indicates a new 500kVA Pad Mounter Transformer. Pad Mounted Transformers are specified in two different sections (26 12 19.10 and 33 70 02.00 10) and the requirements differ in each section. Which specification section takes precedence?

Responses: Specification 26 12 19.10 takes precedence.

2. Question:

MEB is requesting information concerning the submittal of PPQs. We are asking if the use of existing PPQs can be used in lieu of generating and requesting new ones from our previous clients. We submitted on a number of Federal fuel projects this calendar year and a few have allowed us to use recently generated PPQs (this calendar year) to minimize the time requirements for the contracting officers.

RFI – Can we utilize recent PPQs instead of requesting another one from clients who have already completed multiple this calendar year?

Responses: Yes

3. Question: The RFP requires each offeror to submit a copy of its price proposal on a CD, and to do so by the bid deadline. Will the government allow offerors to submit the electronic copy of the price proposal via email, or to submit the CD within 24 hours after the bid due date and time? Most subcontractors are reluctant to provide pricing until shortly before the bid deadline, and often after offerors have already arrived on-site to complete and deliver the proposal. Because of this, proposals usually do not conclude until the binders arrive on-site, and as a result, it is very difficult to obtain digital copies of all final pricing material and burn the material to a CD on-site.

Responses: Proposal due date and time remain unchanged at this time.

Question: Reference Section 00100, Factor 3.A paragraph i.c, Page 13 of 57. This paragraph states “Small Business proposers shall provide a subcontracting history on Attachment (E), Small Business Past Performance.” The list of Attachments, Page 17 or 57 indicates that Attachment (C) is the “Small Business Past Performance” form. Should Attachment (C) be utilized in lieu of the stated Attachment (E) for Subfactor 3A?

Responses: Yes

4. Question: Reference Attachment (E) – Proposed Subcontracting Participation Breakdown, page 5, lists columns for Base, Option 1 and Option 2. According to the bid form there is only a Base Bid for the project, no Options are listed. Can the Option 1 and Option 2 columns be deleted from Attachment (E)?

Response: No

5. Question: Considering the Labor Day holiday weekend the week prior to the current bid due date would the Government consider extending the bid due date by one week?

Response: Proposal due date and time remain unchanged at this time.

Superseded General Decision Number: MD20140058

State: Maryland

Construction Type: Building

County: Prince George's County in Maryland.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Executive Order (EO) 13658 establishes an hourly minimum

wage of \$10.10 for 2015 that applies to all contracts subject

to the Davis-Bacon Act for which the solicitation is issued on

or after January 1, 2015. If this contract is covered by the

EO, the contractor must pay all workers in any classification

listed on this wage determination at least \$10.10 (or the

applicable wage rate listed on this wage determination, if it

is higher) for all hours spent performing on the contract. The

EO minimum wage rate will be adjusted annually. Additional

information on contractor requirements and worker protections

under the EO is available at www.dol.gov/whd/govcontracts.

WELDERS - Receive rate prescribed for craft performing

Unlisted classifications needed for work not included within

the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in

the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal

process described here, initial contact should be with the
Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an
interested party (those affected by the action) can request
review and reconsideration from the Wage and Hour Administrator
(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the
interested party's position and by any information (wage
payment data, project description, area practice material,
etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an
interested party may appeal directly to the Administrative
Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.

Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
