

## **PARKING**

Parking on the Walter Reed National Military Medical Center campus is extremely limited. Parking for Contractor personnel shall be limited to areas within the construction site and Construction Trailer site and is anticipated to be utilized for Contractor Management Staff, on-site Government Representatives and Visitors. The Contractor shall not rely on available public parking within the adjacent communities. Contractor may elect to use various PUBLIC TRANSPORTATION options for their workforce or coordinate other dedicated offsite parking arrangements. The Government may elect to perform the necessary security inspections and badge verifications at the WRNMMC installation entrance or at the Contractor provided parking site.

## **CONSTRUCTION SITE PLAN**

Prior to the start of work, submit a site plan showing the locations of temporary facilities (including layouts and details, equipment and material storage area (onsite and offsite), and access and haul routes used for this contract. Show locations of safety and construction fences, site trailers, construction entrances, environmental permit limits, trash dumpsters, temporary sanitary facilities, and worker parking areas (on-site for Contractor Management Staff, off-site for all contractor and subcontractor employees).

## **RAPIDGate PROGRAM**

Due to safety and security requirements, access for contractors could be delayed if they are accessing the installation through the perimeter gates using a NSA Bethesda Access ID or Day Pass. Part of the increase in security will require additional vehicle screenings that may occur during each visit. Individuals who are working on or in the Water Reed National Military Medical Center, shall access onto the installation through the *RAPIDGate* Program.

### Access Privilege Management Summary

Category	<i>RAPIDGate</i> Participant	Day Pass
Inspection requirements	Random	Subject to 100%
Days credential is valid for perimeter access	1 year	1 day
Gate access	All Gates that size allows	Limited Access through the North Gate

1. Personnel who choose to participate in the *RAPIDGate* Program will have streamlined access onto the installation due to their privileges and being vetted. *RAPIDGate* participants will only be subject to random vehicle inspections and will be able to access the installation through all gates that size allows. Access will be allowed during the times needed to perform business on the installation.
2. Since April 4, 2011, NSA Bethesda Access ID is no longer issued for perimeter gate access usage. Only Day Passes are issued. All NSA Bethesda Access IDs that were issued prior to these changes will no longer be valid for perimeter access on October 1, 2011.
3. The *RAPIDGate* Program provides the accepted background checks and may be a time/cost savings benefit to companies desiring to conduct business on NSA Bethesda.
