INSTRUCTIONS TO OFFERORS

NAVFAC SOLICITATION NO.: N40080-15-R-8557 (Clauses incorporated in Base Contract apply to this solicitation)

TITLE: Replace Feeders G11 and H11

LOCATION OF WORK: Naval Research Laboratory, Washington DC

DESCRIPTION OF WORK:

The purpose of this project is to replace existing medium voltage Feeders G11 and H11 at the Naval Research Laboratory in the District of Columbia.

Demolish existing PILC feeders G11 and H11. Provide 15 KV 133% MV-105 EPR 4/0 feeders G11 and H11. Provide copper conductors for compatibility with existing copper cable being spliced to. Provide systems in accordance with UFGS 33 71 02.

Intent of project is to reuse existing ductbank system. If existing cables are not able to be removed, notify the Contracting Officer. If new ductbanks are required, provide as follows: Provide 5" Sch 40 PVC concrete encased, minimum 3" all around and between adjacent ducts, duct systems and manholes and remove landscaping, sidewalk, curbing and asphalt. Provide landscaping, sidewalk, curbing and asphalt to accommodate the concrete encased duct systems and manholes.

Determine the type of grounding system used at NRL (e.g. single point grounded, multi-grounded or ungrounded) and submit the type of grounding system with the design submittals.

ESTIMATED BUDGET AMOUNT: The design build budget amount is \$850,000.

NAICS CODE: 236220 Commercial and Institutional Building Construction.

TIME FOR COMPLETION: All work shall be completed within 365 calendar days

WAGE DETERMINATION: General Decision Number: DC150002 08/14/2015 DC2

LIQUIDATED DAMAGES: \$375 per calendar day

UTILITIES: Utilities will be provided by the Government

RECORD SHOP DRAWINGS: See attachments

GOVERNMENT FURNISHED PROPERTY: Government Furnished Property? **No**

BASIS FOR AWARD: Best Value Source Selection (BVSS), Lowest Price Technically Acceptable.

BID GUARANTEE: Shall be in a penal sum equal to at least 20 percent of the largest amount for which award can be made under the bid submitted, but in no case to exceed \$3,000,000.

SITE VISIT:

Date August 25th 2015

Time: 1:00 PM EST

Location: Building 52 second floor conference room, Naval Research Laboratory (NRL)

SITE VIST INSTRUCTIONS:

All contractors attending the site must

Submit the attendee's full name and company name to Trang Tran at Trang.T.Tran@navy.mil **NO LATER THAN 12:00 pm Aug 24th, 2015.**

All personnel must be U.S. Citizens.

All personnel are required to register at NRL Visitor Center. The NRL's POCs are Tim Miller (timothy.miller@nrl.navy.mil) and Stanley Chan (Stanley.chan@nrl.navy.mil, phone #202-767-1388).

Please see Attachment C (Map-NRL)

After receiving your passes, contractors will proceed to Building 52 second floor conference room.

REQUEST FOR INFORMATION (RFIs): The RFI cut-off date is **August, 31 2015 by 2:00 PM EST.** All questions/RFI's are to be directed to Trang Tran & Allison Silver via email in a Word Documents free of any formatting (including tables).

Trang Tran

Email: Trang.T.Tran@navy.mil

Allison Silver

Email: Allison.Silver@navy.mil

PROPOSAL DUE DATE/TIME: September 8, 2015 2:00 PM EST

PROPOSAL DELIVERY INFORMATION: Offerors shall submit their proposals via the Safe Access File Exchange (SAFE) website at <https://safe.amrdec.army.mil/SAFE/Welcome.aspx>. Instructions on how to use SAFE can be found on this website. Total email size shall not exceed 10MB. All submittals shall be sent as PDF files to the Contract Specialists at:

Trang Tran

Email: Trang.T.Tran@navy.mil

Allison Silver

Email: Allison.Silver@navy.mil

Facsimile copies will NOT be accepted.

All proposals must be received prior to **September 8, 2015 2:00 PM EST.** Any proposal received after that time will be stamped with the date and time of receipt and held unopened until after award.

The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award the contract to the offeror submitting the lowest price technically acceptable proposal.

The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. Therefore, proposals should be submitted initially on the most favorable terms. Offerors should not assume that they will be contacted or afforded an opportunity to qualify, discuss or revise their proposal prior to award.

PROPOSAL ACCEPTANCE PERIOD: 90 days from receipt of proposal.

EVALUATION FACTORS FOR AWARD:

The Proposed Task Order will be awarded to the responsible Offeror providing the best value to the Government. To make a determination of best value the Lowest Price Technically Acceptable process has been selected for this acquisition. The Government considers it to be in its best interest to award to the lowest price offeror with a technically acceptable proposal. The Government shall evaluate each offeror on price and the following non-price factor:

Factor 1 – Past Performance

PRICE

A. Solicitation Submittal Requirements:

PRICE SUBMISSION: Offeror shall submit one PDF file, separate from the Technical Submission with the following characteristics:

1. Include a cover page with Solicitation Number, Solicitation Title, Prime Contractor Name, Address, Phone Number, Fax Number, DUNS, Cage Code, Point of Contact, phone number, and email address.
2. Price Schedule
3. Bid Bond

Prices will be submitted on the Price Schedule included in the solicitation.

Proposed Overhead Markup Rates for Modifications and Change Orders shall be indicated by the Offeror in the Price Schedule.

B. Basis of Evaluation:

The Government will evaluate price based on the total price. Total price consists of the basic requirements (CLIN 0001). Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:

- (i) Comparison of proposed prices received in response to the RFP.
- (ii) Comparison of proposed prices with the IGCE.
- (iii) Comparison of proposed prices with available historical information.
- (iv) Comparison of market survey results

NON-PRICE FACTORS

A. Solicitation Submittal Requirements:

TECHNICAL SUBMISSION: The offeror shall not submit any information for the Technical Proposal. Should the offeror choose to provide information on problems encountered and the corrective actions taken on task orders under this MAC and/or any and all sources including sources outside the Government for Factor 1, the offeror shall submit one PDF file, separate from the Price submission with the following characteristics:

- Include a cover page with Solicitation Number, Solicitation Title, Prime Contractor Name, Address, Phone Number, Fax Number, DUNS, Cage Code, Point of Contact, Title, phone number, and email address. Cover Page will not be included in the page count.

FACTOR 1 – PAST PERFORMANCE

(a) Solicitation Submittal Requirements:

Offerors do not need to provide any information under this factor. The Government will rely on information obtained during the basic IDQ procurement and may also rely on information obtained through resources identified under the Basis of Evaluation.

(b) Basis of Evaluation:

This evaluation focuses on the past performance information obtained during the basic IDQ procurement and reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. Other sources may include, but are not limited to, past performance information retrieved through the Past Performance Information Retrieval System (PPIRS), inquiries of owner representative(s), Federal Awardee Performance and Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), and any other known sources not provided by the Offeror.

The Government will consider the currency and relevance of the information, the source of the information, context of the data, and general trends in the Contractor's performance. This evaluation is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the Offeror's past performance will be used as a means of evaluating the Offeror's ability to successfully meet the requirements of the RFP.

In order to be considered Acceptable for this factor, the Government must conclude that based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.

Offerors lacking past performance information on other task orders under this Multiple Award Contract will not be evaluated favorably or unfavorably in past performance and will receive an Unknown Confidence rating which will receive a rating of Acceptable.

EVALUATION

The Proposed Task Order will be awarded to the responsible Offeror providing the best value to the Government. To make a determination of Best Value, the Lowest Price Technically Acceptable process

has been selected for this acquisition. The Government considers it to be in its best interest to award to the lowest price offeror with a technically acceptable proposal. For evaluation purposes, the price and non-price factors are of equal importance.

The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award the contract to the offeror submitting the lowest priced, technically acceptable offer.

The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary.

An overall non-price factor rating must be at least "ACCEPTABLE" in order to be eligible for award. An "UNACCEPTABLE" rating in any factor results in the overall non-price factors proposal being rated "UNACCEPTABLE" unless corrected through discussions. An overall non-price factors rating of "UNACCEPTABLE" makes a proposal ineligible for award.

CONTRACT CLAUSES

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to (a) commence work under this contract within 15 calendar days after the date the Contractor receives the Notice of Award, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than 365 days from Notice of Award. The time stated for completion shall include final cleanup of the premises.

(End of clause)

52.211-12 LIQUIDATED DAMAGES--CONSTRUCTION (SEP 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of \$375 for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

252.204-7000 DISCLOSURE OF INFORMATION (DEC 1991)

(a) The Contractor shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document), pertaining to any part of this contract or any program related to this contract, unless—

- (1) The Contracting Officer has given prior written approval; or
- (2) The information is otherwise in the public domain before the date of release.

(b) Requests for approval shall identify the specific information to be released, the medium to be used, and the purpose for the release. The Contractor shall submit its request to the Contracting Officer at least 45 days before the proposed date for release.

(c) The Contractor agrees to include a similar requirement in each subcontract under this contract. Subcontractors shall submit requests for authorization to release through the prime contractor to the Contracting Officer.

(End of clause)

5252.236-9312 Design-Build Contract – Order of Precedence. As prescribed in 36.5100(g), insert the following clause:

DESIGN-BUILD CONTRACT – ORDER OF PRECEDENCE (AUG 2006)

(A) In the event of conflict or inconsistency between any of the below described portions of the conformed contract, precedence shall be given in the following order:

- (1) Any portions of the proposal or final design that exceed the requirements of the solicitation.
 - (a) Any portion of the proposal that exceeds the final design.
 - (b) Any portion of the final design that exceeds the proposal.
 - (c) Where portions within either the proposal or the final design conflict, the portion that most exceeds the requirements of the solicitation has precedence.

(2) The requirements of the solicitation, in descending order or precedence:

- (a) Standard Form 1442, Price Schedule, and Davis-Bacon Wage Rates.
- (b) Part 1 – Contract Clauses.
- (c) Part 2 – General Requirements.
- (d) Part 3 – Project program Requirements.
- (e) Part 6 – Attachments (excluding Concept Drawings).
- (f) Part 5 – Prescriptive Specifications exclusive of performance specifications.
- (g) Part 4- Performance Specifications exclusive of prescriptive specifications.
- (h) Part 6 – Attachments (Concept Drawings).

(B) Government review or approval of any portion of the proposal or final design shall not relieve the contractor from responsibility for errors or omissions with respect thereto.

(End of clause)

5252.236-9313 Design-Build Contract - Incorporation of Designer-of-Record Final Design (Jul 2008). As prescribed in 36.5100(i), insert the following clause:

Upon Government receipt and acceptance of the Designer of Record signed and stamped final design submission for all work, a no-cost unilateral modification shall be issued to incorporate the final design into the contract.

If the Contractor is authorized to proceed with portions of the work prior to the completion of a final design for all work, a no-cost unilateral modification shall be issued for each Government accepted Designer of Record signed and stamped design submission for each portion of the work in order to incorporate that design submittal into the contract.

(End of clause)

DFAR 252.227-7023, DRAWINGS AND OTHER DATA TO BECOME PROPERTY OF THE GOVERNMENT (MAR 1979)

All designs, drawings, specifications and other works developed in the performance of this contract shall become the sole property of the Government and may be used on any other design or construction without additional compensation to the contractor. The Government shall be considered the "person for whom the work was prepared" for the purpose of authorship in any copyrightable work under 17 U.S.C.201(b). With respect thereto, the contractor agrees not to assert to authorize others to assert any rights nor establish any claim under the design patent or copyright laws. The Contractor, for a period of three (3) years after completion of the project agrees to furnish all retained works on the request of the Contracting Officer. Unless otherwise provided in this contract, the contractor shall have the right to retain copies of all works beyond such period.

DAVIS BACON WAGE RATE

General Decision Number: DC150002 08/14/2015 DC2

Superseded General Decision Number: DC20140002

State: District of Columbia

Construction Type: Building

County: District of Columbia Statewide.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Executive Order (EO) 13658 establishes an hourly minimum wage of \$10.10 for 2015 that applies to all contracts subject to the Davis-Bacon Act for which the solicitation is issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.10 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

=====

Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification
and wage rates that have been found to be prevailing for the
cited type(s) of construction in the area covered by the wage
determination. The classifications are listed in alphabetical
order of "identifiers" that indicate whether the particular
rate is a union rate (current union negotiated rate for local),
a survey rate (weighted average rate) or a union average rate
(weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed
in dotted lines beginning with characters other than "SU" or
"UAVG" denotes that the union classification and rate were
prevailing for that classification in the survey. Example:
PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of
the union which prevailed in the survey for this
classification, which in this example would be Plumbers. 0198
indicates the local union number or district council number
where applicable, i.e., Plumbers Local 0198. The next number,
005 in the example, is an internal number used in processing
the wage determination. 07/01/2014 is the effective date of the
most current negotiated rate, which in this example is July 1,
2014.

Union prevailing wage rates are updated to reflect all rate
changes in the collective bargaining agreement (CBA) governing
this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION
