**RFP REVISIONS**

**SF1442, page 7 paragraph 2:**

**SF1442, Page 8, Site Visit Information:**

Change time of site visit from 2:00AM to 2:00 PM.

**SF1442, Page 12, Factor 2 – Corporate Experience**

The solicitation submittal requirements have revised as follows (change in bold):

Factor 2 – Corporate Experience

(a) Solicitation Submittal Requirements:

The Offeror shall submit the following information:

(1) Construction Experience:

Submit a minimum of two (2) up to a maximum of five (5) relevant construction projects for the Offeror that best demonstrates your experience on relevant projects that are similar in size, scope, and complexity to the projects proposed for this MAC. For purposes of this evaluation, a relevant project is further defined as follows:

Size: A construction value of \$5,000,000 or greater

Scope/Complexity: New building construction, interior/exterior alteration or renovation of facilities, repair projects that include repairs to multiple building systems, waterfront/marine projects, and/or demolition.

Submitted relevant project experience shall demonstrate the following:

- a. Experience as the Prime Contractor on all of the submitted projects.
- b. Both design-build and design-bid-build type projects.
- c. Both renovation and new construction of buildings. Projects submitted that only include horizontal or civil site work will not be considered relevant.

Proposals demonstrating the following experience on relevant projects will be considered more favorably.

- a. Experience with execution of projects simultaneously. In order for this experience to be “met”, the Offeror must show projects with overlapping construction start and completion dates.
- b. Experience in projects with a construction cost of **\$5,000,000** or greater.
- c. Experience with construction/repairs for waterfront/marine projects.
- d. Experience with construction/renovation projects for medical facilities.
- e. Experience on projects with emphasis on historic building preservation. For this experience to be considered, Offeror must describe the work performed.

Projects submitted for the Offeror shall be completed within the past five (5) years of the date of issuance of this RFP.

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather Offerors shall submit the work performed under a task order as a project.

The attached Construction & Design Experience Project Data Sheet (Attachment A) is MANDATORY and SHALL be used to submit project information. If the same project is being used to demonstrate construction and design experience, submit separate Project Data Sheets for construction and design. Except as specifically requested, the Government will not consider information submitted in addition to this form. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed one (1) double- sided page (or two (2) single-sided pages).

For all submitted projects, the description of the project shall clearly describe the scope of work performed including unique features, square footage, and methods of construction. The relevancy of the project, in accordance with the parameters identified above shall also be provided.

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. Projects completed by the JV that are relevant will be considered favorably. If the Joint Venture does not have shared experience; projects may be submitted for the Joint Venture members. Offerors who fail to submit experience for all Joint Venture partners may be rated lower. Offerors are still limited to a total of five (5) projects combined. The Offeror shall submit a signed copy of the Joint Venture agreement. For 8(a) Mentor-Protégé JV agreement, submit the SBA approved Mentor-Protégé agreement.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement in the performance of the contract.

Experience of proposed subcontractors will not be considered.

Offerors who submit relevant projects that demonstrate experience self-performing relevant features of work may receive a higher rating than those who do not demonstrate self-performance.
