INSTRUCTIONS TO OFFERORS

INSTRUCTIONS TO OFFERORS

Offerors will be evaluated using the commercial procedures as prescribed in FAR Part 12. The solicitation will utilize the following evaluation factors: Price, Corporate Experience and Past Performance. The offeror's proposal shall contain a response to each of the evaluation factors and shall be in the form prescribed in the solicitation. The resulting contract will be awarded to the responsible offeror whose proposal, conforming to the Request for Proposal (RFP), will be most advantageous to the Government, price and other evaluation factors considered.

EVALUATION

BASIS FOR AWARD

The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award the contract to the offeror submitting the lowest price technically acceptable proposal.

The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In addition, if the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

An overall technical rating must be at least "ACCEPTABLE" in order to be eligible for award. An "UNACCEPTABLE" rating in any factor results in the overall technical proposal being rated "UNACCEPTABLE" unless corrected through discussions.

ADJECTIVAL RATINGS/DEFINITIONS

The SAP Evaluation Board members shall assign individual proposal evaluation factor ratings, and overall proposal ratings, to each non-price proposal using the following adjectival rating scheme. The assigned ratings shall be those that most accurately describe the proposal (or individual proposal factors as applicable) based on the established proposal evaluation criteria. The following adjectival ratings and rating definitions will be used to assign an overall rating to each technical proposal;

Adjectival Ratings/Definitions For Overall Technical Rating	
Rating	Definitions
A (Acceptable)	Technical capabilities meet the standard of acceptability for the factor(s). There may be some weaknesses; however, there are no deficiencies.
U (Unacceptable)	Technical capabilities do not meet the standards of acceptability for the factor(s). Proposal contains deficiencies resulting in an increased risk of unsuccessful contract performance.

Definitions: The following definitions are provided to assist evaluators in the evaluation of each factor.

- (a) **Weakness:** A flaw in the proposal that increases the risk of unsuccessful contract performance.
- (b) **Significant Weakness:** A flaw that appreciably increases the risk of unsuccessful contract performance.
- (c) **Deficiency:** A material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

EVALUATION FACTORS FOR AWARD

The solicitation requires the evaluation of price and the following technical factors:

- Factor 1 –Price**
- Factor 2 – Corporate Experience**
- Factor 3 – Past Performance**

The distinction between corporate experience and past performance is corporate experience pertains to the types of work and volume of work completed by the contractor that are comparable to the types of work covered by this requirement, in terms of size, scope and complexity. Past performance relates to how well a contractor has performed.

Factor 1- Price:

(1) Solicitation Submittal Requirements: The format for the price proposal is shown in Section J, **ATTACHMENT J-0200000-05** titled “**EXHIBIT LINE ITEM NUMBERS**”.

(2) Basis of Evaluation: The Government will evaluate price based on the total price. Total price consists of the basic requirement and all option items (both firm-fixed price (FFP) and Indefinite Delivery/Indefinite Quantity (IDIQ) CLINS). The Government intends to evaluate all options and has included the provision FAR 52.217-5, Evaluation of Options (JUL 1990) in Section M of the solicitation. In accordance with FAR 52.217-5, evaluation of options will not obligate the Government to exercise the option(s). Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:

- (i) Comparison of proposed prices received in response to the RFP.
- (ii) Comparison of proposed prices with the IGCE.
- (iii) Comparison of proposed prices with available historical information.
- (iv) Comparison of market survey results.

The Government may reject a proposal as nonresponsive if the prices proposed are materially unbalanced between Exhibit Line Item Numbers (ELINS) for (both firm-fixed price (FFP) and Indefinite Delivery/Indefinite Quantity (IDIQ)(ELINS/CLINS) for the Base and Option Items. A proposal is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work.

Factor 2- Corporate Experience:

The offeror shall provide information on at least **one** (1) to maximum of **five** (5) relevant cathodic protection/storage tank maintenance contracts performed (**as a prime contractor**) within the last five (5) years, including current (on-going) contracts. Relevancy is defined as being of similar size, scope and complexity to the current requirement. Include a short description of the work performed, contract number, title, location and a list of clients and/or points of contact with accurate telephone numbers. Offerors may include past experience information regarding predecessor companies, key personnel who have relevant experience and subcontractors that will perform major or critical aspects of the requirement. The Contracting Officer will determine the value and relevancy of such information.

(1) Solicitation Submittal Requirements: Offers shall provide corporate experience information using **Attachment B** and **short description of work performed** not to exceed three (3) pages per contract. Description shall include, but is not limited to types and quantity of equipment, work performed and (if applicable) any similarities to the work outlined in this solicitation N40085-15-R-9607. Offerors are responsible for ensuring points of contact and phone numbers are current and accurate.

Note: The distinction between corporate experience and past performance is corporate experience pertains to the types of work and volume of work completed by a contractor that are comparable to the types of work covered by this requirement, in terms of size, scope and complexity. Past performance relates to how well a contractor has performed.

(2) Basis of Evaluation

Adjectival Ratings/Definitions for Corporate Experience	
Rating	Definitions
A (Acceptable)	The offeror has adequate work experience history on contracts (at least one prior contract) that are similar in size, scope, complexity, content and relevancy. The proposal offers a low to moderate performance risk to the Government.
U (Unacceptable)	The offer has no work experience on contracts that similar in size, scope, complexity, context and relevancy. The proposal offers a high performance risk to the Government.

Factor 3 - Past Performance: Offerors shall clearly demonstrate a history of successful past performance on contracts of similar size, scope and complexity to this RFP. The Government may consider: 1) information supplied by the offeror, 2) information obtained by the references provided by the offeror, 3) other relevant past performance information obtained from other sources and data bases known to the Government, 4) information on past performance of predecessor companies, 5) key personnel who have relevant work experience and 6) subcontractors that will perform major or critical aspects of the requirement. The Government will use this information to determine if these records indicate: 1) ability to accomplish performance objectives, 2) any problems and corrective actions taken on prior contracts and 3) a business-like concern for the customer's interest. Likewise, the Government shall use this information to assess whether the offeror's experience demonstrates at least an adequate ability to avoid/correct performance problems and challenges as they arise.

(i) Solicitation Submittal Requirements: The Past Performance Questionnaire is included in the solicitation as **Attachment C** to submit to the client of each project provided under Factor 2, Corporate Experience. Ensure correct phone numbers and email addresses are provided for each client. **Completed Past Performance Questionnaires are to be mailed or faxed directly to the Government and NOT submitted via the offeror.** In order for the client evaluation to be considered, the Past Performance Questionnaires must be received no later than the closing date and time of this solicitation. Questionnaires received by the Government after the date and time established for receipt of proposals shall not be accepted. Include in your proposal a copy of the Past Performance Questionnaires Cover Sheet which contains the point of contact information for each client's questionnaire. Also include

performance recognition documents received within the last 5 years such as awards, award fee determinations, customer letters of commendation and any other forms of performance recognition.

In addition to the above, the Government may review any other sources of information for evaluation past performance. Other sources may include, but are not limited to, Past Performance Information Retrieval System (PPIRS) using all CAGE/DUNS numbers of team members (partnership, joint venture, teaming arrangement, or parent company/subsidiary/affiliate) identified in the offeror's proposal, inquiries of owner representative(s) and any other known sources not provided by the offeror. **While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete past performance information rests with the Offeror.**

A copy of the blank Past Performance Questionnaire for requisitioning client references is included as **Attachment C**.

(ii) Basis of Evaluation: The degree to which past performance evaluations and all other past performance information reviewed by the Government (e.g., PPIRS, performance recognition documents and information obtained from any other source) reflects a trend of satisfactory performance considering:

- A pattern of successful completion of tasks
- A pattern of deliverables that are timely and of good quality
- A pattern of cooperativeness and teamwork with the Government at all levels (project managers, contracting officers, auditors, etc.)
- Tasks that are identical, similar or related to the task at hand
- A respect for stewardship of Government funds

Adjectival Ratings/Definitions For Past Performance	
Rating	Definitions
A (Acceptable)	The offeror's performance of previously awarded relevant contract(s) consistently met contractual requirements. Performance of relevant completed contracts was consistently of adequate or better quality or exhibited a trend of becoming so. The offeror's past performance record leads to an expectation of successful performance.
U (Unacceptable)	The offeror's performance of previously awarded relevant contracts did not consistently meet contractual requirements. The prior performance being assessed reflected problem(s) for which the offeror either failed to identify or implement corrective actions or for which corrective actions, implemented, or proposed to be implemented, were, or are expected to be, mostly ineffective. The offeror's past performance record leads to a strong expectation that successful performance will not be achieved or that it can occur only with greatly increased levels of Government management and oversight.

N (Neutral)	The offeror lacks a record of relevant or available past performance history. There is no expectation of either successful or unsuccessful performance based on the offeror's past performance record.

52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

(a)) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Price
2. Corporate Experience
3. Past Performance

Corporate Experience and Past Performance, when combined, are approximately equal to price.

Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(iii) ment will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated

country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting

Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that --

(1) The offeror and/or any of its principals (___) are, (___) are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency,

(2) (___) Have, (___) have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) (___) Are, (___) are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) (___) Have, (___) have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i)) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B)) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B)) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(a) Entry. Entry to work areas located within the special Security Limited areas, defined as those work areas located within the existing security fence, can be granted subject to special personnel requirements as specified herein and to other normal security and safety requirements. Accordingly, once a vehicle or unit of construction equipment has been cleared, it may be left in the Limited Area after initial entry has been made. The vehicle/equipment must be secured as specified in paragraph entitled "SECURITY REQUIREMENTS." The intent is to reduce the Contractor loss of time at the security gate. No private vehicles will be allowed to enter the Limited Area.

(2) Delivery Vehicles. Guard force personnel will inspect vehicles delivering construction materials while the driver is being processed for entry into the Limited Area.. A Security Escort will then escort the driver and vehicle in the Limited Area. To provide this service, delivery schedules should be promulgated in advance and vendors made aware that a reasonable delay can be expected if delivery is other than the time specified. Deliveries after 1600 hours will not be allowed entry into the Limited Area without prior approval of the Physical Security Officer.
