SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 01

Contractor Question:

Is any of the equipment listed currently part of the existing room and functional?

Government Response:

The equipment listed depicts existing functionality with the current courtroom. OJAG is working to contract out for upgrade and repair of the Norfolk courtroom. We are expecting old equipment that is not up to current standards will be replaced as well as any equipment that is not functional will be replaced and left in a fully functioning state. Items of greatest concern are meeting JITC compliance (telecommunication equipment) and once the courtroom is completed the Smart Courtroom will be a system that must go through a risk assessment process and be able to receive an authority to operate (ATO) certificate (not part of the required work).

SECTION SF 1449 - CONTINUATION SHEET

The following have been added by full text:

52.215-5 FACSIMILE PROPOSALS (OCT 1997)

(a) Definition. Facsimile proposal, as used in this provision, means a proposal, revision or modification of a proposal, or withdrawal of a proposal that is transmitted to and received by the Government via facsimile machine.

(b) Offerors may submit facsimile proposals as responses to this solicitation. Facsimile proposals are subject to the same rules as paper proposals.

(c) The telephone number of receiving facsimile equipment is: (757) 341-0079.

(d) If any portion of a facsimile proposal received by the Contracting Officer is unreadable to the degree that conformance to the essential requirements of the solicitation cannot be ascertained from the document--

(1) The Contracting Officer immediately shall notify the offeror and permit the offeror to resubmit the proposal;

(2) The method and time for resubmission shall be prescribed by the Contracting Officer after consultation with the offeror; and

(3) The resubmission shall be considered as if it were received at the date and time of the original unreadable

submission for the purpose of determining timeliness, provided the offeror complies with the time and format requirements for resubmission prescribed by the Contracting Officer.

The Government reserves the right to make award solely on the facsimile proposal. However, if requested to do so by the Contracting Officer, the apparently successful offeror promptly shall submit the complete original signed proposal.

(End of provision)

The following have been modified:

52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and technical factor considered. The following factors shall be used to evaluate offers:

(I) Past performance, (II) Price

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(I) Past Performance

(i) Solicitation Submittal Requirements:

IF A COMPLETED CPARS EVALUATION IS AVAILABLE, IT SHALL BE SUBMITTED WITH THE PROPOSAL. IF THERE IS NOT A COMPLETED CPARS EVALUATION, the Past Performance Questionnaire (PPQ) included in the solicitation is provided for the offeror or its team members to submit to identify relevant past performance. For this solicitation, a relevant project is one that includes similarity of service/support, complexity, dollar value, and contract type. IF A CPARS EVALUATION IS NOT AVAILABLE, ensure correct phone numbers and email addresses are provided for the client point of contact. Completed PPQs should be submitted with your proposal. If the offeror is unable to obtain a completed PPQ from a client for a project(s) before proposal closing date, the offeror should complete blocks 1- 4 on the first page of the attached PPQ and submit with the proposal (Attachment 1), which will provide contract and client information for the respective project(s). Offerors should follow-up with clients/references to ensure timely submittal of questionnaires. If the client requests, questionnaires may be submitted directly to the Government's point of contact, Cynthia Brown at cynthia.brown@navy.mil prior to proposal closing date. **Provide no more than three (3) CPARS/PPQs.**

Offerors shall not incorporate by reference into their proposal PPQs or CPARS previously submitted for other RFPs. However, this does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation. In addition to the above, the Government may review any other sources of information for evaluating past performance. While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete past performance information rests with the offeror.

(i) Basis of Evaluation: This factor will be evaluated as an overall factor with no sub-factors. The Government will evaluate the degree to which past performance evaluations and all other past performance information reviewed by the Government (e.g., PPIRS, Federal Awardee Performance and Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), performance recognition documents, and information obtained for any other source) reflect a trend of satisfactory performance considering:

In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the offeror may

not be evaluated favorably or unfavorably on past performance (see FAR 15.305(a)(2)(iv)). Therefore, the offeror shall be determined to have unknown past performance. In the context of acceptability/unacceptability “unknown” shall be considered “acceptable.”

(ii) Basis of Evaluation: The Government will evaluate price based on one or more of the following techniques to ensure a fair and reasonable price:

- (i) Comparison of proposed prices received in response to the RFP.
- (ii) Comparison of proposed prices with the IGCE.
- (iii) Comparison of proposed prices with available historical information.
- (iv) Comparison of market survey results.

BASIS FOR AWARD

1. The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award the contract to the offeror submitting the lowest priced, technically acceptable offer.

2. The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. **In accordance with NFAS 15.101-2, the number of proposals to be evaluated for technical acceptability may be limited to the three (3) lowest priced offers at the discretion of the contracting officer. If no proposals are found to be technically acceptable within the first group of proposals, then the process described will be conducted again as many times as necessary, until such time as the Government identifies a technically acceptable proposal. If the contracting officer later determines that discussions are necessary, the procedures in FAR 15.306 shall be followed.**

3. The Lowest Price Technically Acceptable (LPTA) process is selected as appropriate for this acquisition because the best value is expected to result from selection of the technically acceptable proposal with the lowest evaluated price.

4. An overall non-price factors rating must be at least “ACCEPTABLE” in order to be eligible for award. An “UNACCEPTABLE” rating in any factor results in the overall non-price factors proposal being rated “UNACCEPTABLE” unless corrected through discussions. An overall non-price factors rating of “UNACCEPTABLE” makes a proposal ineligible for award.
(End of provision)

5252.215-9300 CONTENT OF PROPOSALS (JAN 2003)

(a) PROPOSAL REQUIREMENTS.

(b) The offeror shall submit the following information:

(#1) completed signed solicitation packages, including executed representations and certifications, and cost/prices in Section B and Past Performance Questionnaires.

(1) Offers are solicited on an “all or none” basis and FAR 52.215-1, INSTRUCTIONS TO OFFERORS-COMPETITIVE ACQUISITION (MAY 2001)” in Section L, is hereby modified. Failure to submit offers for all line items listed shall be cause for rejection of the offer.
