SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 0002

The overall page limitation for Phase I technical proposals based on the submission requirements for each factor are as follows.

Factor 1: Corporate Approach - Allows for two (2) pages for this narrative. (Two single pages or one double sided page)

Factor 2: Experience - Allows for up to five projects to be submitted for Construction Experience and up to five projects for Design Experience. The RFP allows up to two (2) pages for each project profile. This would be ten project profiles with the allowable (2) pages each for a total of 20-pages.

Factor 3: Past Performance – PPQ's, CCASS and ACASS are not accounted for in the overall page count.

Factor 4: Safety - The EMR and DART Rate are not included in the 2 page limit for the Technical Approach to Safety, so this section could have three (3) pages in the count.

The total of these four factors based on what is outlined in the RFP for allowable page limits is an overall limit of 25 pages.
