SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMEND 0001

Question 1. Is DoD ELAP Accreditation required? This was a requirement in previous contracts.

Answer: A North Carolina certified lab which is part of the National Environmental Laboratory Accreditation Program (NELAP) is required. This requirement will remain unchanged as stated in the solicitation.

Question 2. Can other 3rd party performance standards be used, rather than Supelco (e.g., Absolute Standards)?

Answer: Performance standards used are selected by the certified lab and as long as those standards meet the NELAP requirements for maintaining certification, then there should not be a problem.

Question 3. Will laboratory electronic data deliverables (EDDs) be required to be submitted, and if so, in what format (e.g., Equips WEDD, Data Concourse, ESdat)?

Answer: EDDs are not required for this project. Presently, data is sent to the Environmental Quality Branch and the Contracting Office on CDs and hardcopies per the solicitation.

Question 4. What level of lab data package is required? Level IV data package was required in previous contracts.

Answer: The level of lab data package will remain at Level IV as stated in the solicitation specifications and should not be less than what is received now.

Question 5. Is there a requirement to provide online access to the lab data to Camp Lejeune stakeholders (e.g., Data Concourse)?

Answer: There is No requirement for online access to the lab data for Camp Lejeune stakeholders presently offered or authorized.

Question 6. Is there an electronic chain of custody requirement for capture of chain of custody information during execution of the field work (e.g., EnviroChain)?

Answer: No, electronic chain of custody not presently required during field work.
