3	2/12/2015	Can you help clarify the prevailing wage for this solicitation? The first page of the 12/22/14 Wage Determination refers to an Exec Order issued by Pres. Obama that all SCA contracts must pay no less than \$10.10 an hour. But the Wage Determination for laundry workers shows the PW to be less than \$10.10 in all cases. And there are many other jobs listed in the WD that are less than \$10.10 per hour.	The executive order doesn't apply to Guam so the \$10.10 rate doesn't affect this contract.
