SECTION 00010**DESCRIPTION OF WORK:**

This project is a Firm-Fixed Price (FFP) Design-Bid-Build Construction Contract for the construction of P-993 Transit Protection System (TPS) Forward Operating Location, United States Coast Guard Station, Ediz Hook, Port Angeles, WA.

The scope of work for this project includes construction of a 22,303 square foot pile-supported approach trestle and floating pier. The trestle will provide vehicle and pedestrian access to the pier and will transfer utility services to the pier. The fixed pier will have full hotel services at each of the six berths including power, potable water, fire protection, sewage connections, ship overboard drainage collection, fueling connections, and telephone and Local Area Network service. The fixed pier will also be equipped with

lighting, mooring, fendering, brows, corrosion protection systems, access control, and storm water protection systems.

The scope of work also includes an option (CLIN 0002) for the construction of a single story, 8,300 square foot, alert force facility with berthing space for up to 28 personnel. The basic layout provides a berthing wing and an administrative wing. The exterior walls will be constructed of fully grouted, reinforced concrete masonry (non-load bearing), supported by steel columns and beams.

OPTION BID ITEM CLIN 0002 is an option available to the Government which may be unilaterally exercised at the time of award. A firm-fixed-price is required for CLIN 0002. If CLIN 0002 is exercised the contract completion date remains the same. Award of option CLIN 0002 is subject to the availability of funds in relation to the maximum funding limitation. Note, CLIN 0003 is a planned modification for Furniture, Fixtures, and Equipment (FF&E) for the CLIN 0002 Alert Force Facility, and will only be awarded if CLIN 0002 is exercised at award.

THIS PROJECT WILL BE AWARDED USING SOURCE SELECTION PROCEDURES. To be eligible for award, your firm(s) must be registered in the System for Award Management (SAM) per FAR 52.204-7, <http://www.sam.gov>.

INTENT TO AWARD WITHOUT DISCUSSIONS: The Government fully intends to evaluate proposals and award the contract *without* discussions with Offerors. However, the Government reserves the right to clarify certain aspects of the proposals or conduct discussions providing an opportunity for the Offeror to revise proposals. Therefore, each initial offer should contain the Offeror's best terms and conditions from a technical and price standpoint. Offerors should not assume that they would be contacted or afforded an opportunity to qualify, discuss, or revise their proposals.

Proposals that contain qualifications, conditions, express unilateral interpretations of the minimum contract requirements, or exceed budget limitations may be excluded from the competitive range or be considered ineligible for award.

NO ALTERNATE OR MULTIPLE PROPOSAL variations or options, nor alternate or alternative proposals will be considered in the evaluation.
