

1. Incumbent award amount for delivery order N62271-15-F-1286?  
**Answer: \$309,1390.20. Note: Requirement was for 2 FTE, this requirement only anticipates 1 FTE at 1,920 hours.**
2. Estimated number of follow-on years/hours to the performance period covered under RFQ N62271-15-Q-1298?  
**Answer: Period of performance is for one year, see page 5 of the RFQ.**
3. Does IT-II or Public Trust apply to your environment; what background check or suitability is applicable to contractor's proposed/key personnel?  
**Answer: An IT level has not been specified for the requirement. Please review section 6 for technical requirements.**
4. Do you intend to award business to the same contractor for services being requested under RFQs N62271-15-Q-1298 and N62271-15-Q-1296?  
**Answer: The requirements may or may not be awarded to the same contractor. The requirements stand alone.**
5. Does Service Contract Act apply to this solicitation?  
**Answer: Yes.**
6. What has been the average number of incumbent contractor personnel performing Liferay java development during the period of performance under delivery order N62271-15-F-1286?  
**Answer: 2 FTE's; however, this requirement is for 1 FTE for FAOweb. The requirement under delivery order N62271-15-F-1286 required 2 FTE's, one for FAOweb and one for another development project.**
7. Estimated size of user community for NPS Liferay web portals?  
**Answer: Approximately 5,000 users.**
8. Estimated number of interfaces for NPS Liferay web portals?  
**Answer:**
  - a. Authentication uses a combination of LDAP / Active Directory and Central Authentication Service (CAS).
  - b. Liferay applications interface with a MySQL database.
  - c. Approximately 20 custom Liferay plugin applications (portlet, themes and hooks).
