SUMMARY OF CHANGES

Amendment 0001 is being issued for the following:

1. Provide responses to PPIs 1 – 2
2. Add FAR 52.227-17
3. Revise Section 01 11 00 Summary of Work to add Government-Furnished Material and Equipment to Table
4. Revise Section 00010 – Solicitation Contract Form – Description of Work to add Government-Furnished Material and Equipment to Table
5. Revise Section 26 09 16.00 21 Generator Control System
6. Add MPIN/Instructions
7. Revise Schedule B (Attachment D)

---

Responses to PPIs 1 – 2

1. **QUESTION:** As per Drawing ES603 the Pad Mount Switchgear#1 (PMSG#1) is a Government furnished equipment to be installed by the Contractor. However that equipment is missing in the list of Government furnished equipment under Section 01 11 00. Please advise.

**RESPONSE:** The specification mistakenly left the pad mount switchgear out of the table. Specification is required to be revised to include pad mount switchgear as government furnished contractor installed equipment. See revised Sections 01 11 00 and 00010 of the solicitation.

2. **QUESTION:** We are unable to find/download the attachments for the solicitation. Please confirm that this information is already available and where it can be downloaded.

**RESPONSE:** All applicable attachments have been posted with the release of the solicitation and are available for download on [NECO.navy.mil](http://NECO.navy.mil) and [fbo.gov](http://fbo.gov). Please refer to the applicable links and document access instructions on these websites, including the Additional Documents Link on [NECO.navy.mil](http://NECO.navy.mil). Note, however, that the drawings and specifications are marked For Official Use Only (FOUO)/Unclassified and are subject to Distribution Statement C. Please refer to the revised MPIN/Instructions included in this amendment for instructions on accessing the drawings and specifications. For technical assistance with the NECO website please contact the NECO helpdesk.

Add FAR 52.227-17, Rights in Data – Special Works

Revise Section 01 11 00 Summary of Work to Add Government Furnished Equipment to Table:

#### 1.10 GOVERNMENT-FURNISHED MATERIAL AND EQUIPMENT

After the “750kVA Transformer”, add the following row to the table:

15kV Pad Mount Switchgear	6-Way pad mount switchgear with load interrupters and vacuum fault interrupters	1
---------------------------	---	---

Revise Section 00010 – Solicitation Contract Form – Description of Work to add Government-Furnished Material and Equipment to Table

GFE includes:

After the “750kVA Transformer”, add the following row to the table:

15kV Pad Mount Switchgear	6-Way pad mount switchgear with load interrupters and vacuum fault interrupters	1
---------------------------	---	---

Revise Section 26 09 16.00 21 GENERTAOR CONTROL SYSTEM

#### 2.1.1 Scope

Within subparagraph “d.”, delete the last sentence in its entirety and replace with:

“The Government will have unlimited rights in all data delivered under this contract, and in all data first produced in the performance of this contract, in accordance with Contract Clause FAR 52.227-17, Rights in Data.”

Add MPIN/Instructions

#### **FOUO (Unclassified)**

The drawings and specifications are marked For Official Use Only (FOUO) / Unclassified and are subject to Distribution Statement C. Drawings and specifications will be released with the Solicitation.

Distribution Statement C: Distribution authorized to U.S. Government Agencies and their Contractors; Administrative/Operational use (June 1991). Other requests for this document will be referred to NAVFACENGCOM (Code 51).

In order to access/view/download the drawings and specification included in the Request for Proposal from Federal Business Opportunities (FedBizOpps), each company is required to have a MPIN as described below.

The Marketing Partner ID Number (MPIN) is mandatory for SAM registrants and contains nine characters. An MPIN is a personal code (password) that allows you to access government applications such as the FedBizOpps and Past Performance Information Retrieval System (PPIRS).

To view your company's MPIN:

1. Go to the SAM Homepage: [www.sam.gov](http://www.sam.gov).
2. Enter your user ID and password, and then click the "Log In" button.
3. Locate your entity via the "Complete Registrations" or "Incomplete Registrations" link under Manage Entity in the left navigation pane.
4. Go to the Business Information page to view and change your MPIN.

Getting Your MPIN

1. Look up your DUNS at the following URL: [www.sam.gov](http://www.sam.gov)
2. Check the status of your company profile. It must be active in the System for Award Management (SAM) for the user to be able to register it in FedBizOpps.
3. If there is a problem with the profile, such as expired account or a missing mandatory data element, please contact the Entity Registration Representative for your company.
4. If it is a new SAM registration (within 24 hours), please try again in 24-48 hours (excluding the weekend). That is how long it takes SAM to process the information and send the update to FBO.gov for processing.
5. If your SAM registration is active, and it has been more than 48 hours (excluding the weekend) since it was created, it is generally an issue where the incorrect DUNS/MPIN combination is being used. Please confirm the DUNS/MPIN information with your Entity Registration Representative again to ensure the correct MPIN is being used. Be careful not to confuse the TIN with the MPIN. For large companies with multiple DUNS, pay close attention to which MPIN is assigned to which DUNS.
6. If all of the above items are validated and you are still having an issue, please contact the Federal Service Desk for further assistance.
