Provide Responses to PPI's 162-163

162) INQUIRY: Specification section 09 97 13.15, paragraphs 1.4.6.5 and 1.4.6.6 requires the actual laborers performing the blasting and coatings have SSPC Coating Application Specialist (CAS) Level 2 certification. Please confirm if equivalent international standards for these certifications will be accepted, or if SSPC required.

RESPONSE: Provide certifications as specified in the solicitation.

163) INQUIRY: Specification section 09 97 13.15, paragraph 1.4.6.10, requires the qualifications of the coatings contractor to have SSPC QP-1 and SSPC QS-1. The paragraph further states that if QP-1 and QS-1 certified contractors do not bid and are not available, then ISO 9001 certified contractors will be accepted. We have received multiple quotes for coatings from QP-1 and QS-1 certified coating contractors for this project. Therefore are questions are:

- a. Please confirm that QP-1 and QS-1 will be required, and proposals not providing this qualification will be deemed as non-compliant.
- b. Confirm that determination of availability is a NAVFAC determination and not a determination that can be made by each bidder.

RESPONSE: Please see revision to specification section 09 97 13.15 above.
