SOLICITATION

NOTE: In sealed bid solicitations "offer" and "offeror" mean "bid" and "bidder".

10. THE GOVERNMENT REQUIRES PERFORMANCE OF THE WORK DESCRIBED IN THESE DOCUMENTS *(Title, identifying no., date):*

ACQR3844201 Indefinite Delivery Indefinite Quantity (IDIQ) Job Order Contract (JOC) - Service Disabled Veteran-Owned Small Business (SDVOSB) Set-Aside for Commercial and Institutional Building Construction under NACIS 236220. The work covered by this contract consists of a broad range of real property maintenance and repair construction projects to include: minor construction, repair, alteration, renovation, and maintenance requiring oversight of multiple types of subcontractors. The work under this contract will be performed at multiple facilities aboard Marine Corps Base (MCB) Camp Pendleton, CA; Marine Corps Air Station (MCAS) Camp Pendleton, CA; Naval Weapons Station, Fallbrook Detachment, Fallbrook, CA; MCAS Miramar, CA; and Marine Corps Recruit Depot (MCRD), San Diego, CA.

This is a competitive Lowest Price Technically Acceptable (LPTA) Source Selection procurement that is RESTRICTED to eligible SDVOSB concerns as defined in the Small Business Act (15 U.S.C. 657(f)) and SBA's implementing SDVOSB Program Regulations (13 C.F.R. 125.8 through 125.13).

NAICS: 236220 -
SIZE STANDARD: \$36.5 MILLION
TASK ORDER RANGE: \$2,000 TO \$750,000
MINIMUM CONTRACT GUARANTEE: \$5,000
Construction Contract - Net 14 days for payment (FAR 52.232-27).

11. The Contractor shall begin performance within 15 calendar days and complete it within 365 calendar days after receiving award, notice to proceed. This performance period is mandatory, negotiable. (See See Task Order _____.)

12 A. THE CONTRACTOR MUST FURNISH ANY REQUIRED PERFORMANCE AND PAYMENT BONDS? <i>(If "YES," indicate within how many calendar days after award in Item 12B.)</i> <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO	12B. CALENDAR DAYS 15
--	--------------------------

13. ADDITIONAL SOLICITATION REQUIREMENTS:

A. Sealed offers in original and 2 copies to perform the work required are due at the place specified in Item 8 by 11:00 AM (hour) local time 02 Dec 2014 (date). If this is a sealed bid solicitation, offers must be publicly opened at that time. Sealed envelopes containing offers shall be marked to show the offeror's name and address, the solicitation number, and the date and time offers are due.

B. An offer guarantee is, is not required.

C. All offers are subject to the (1) work requirements, and (2) other provisions and clauses incorporated in the solicitation in full text or by reference.

D. Offers providing less than 90 calendar days for Government acceptance after the date offers are due will not be considered and will be rejected.

A.2 TYPE OF CONTRACT

This is a Indefinite Delivery/Indefinite Quantity (IDIQ) contract. Refer to FAR Clause 52.216-1, Type of Contract (Apr 1984), see Section L. The performance period will be for a base year and four (4) 12 month option periods. One contract will be awarded. The anticipated base performance period will be from March 1, 2015 thru February 29, 2016.

Anticipated option periods will be:

March 1, 2016	February 28, 2017
March 1, 2017	February 28, 2018
March 1, 2018	February 28, 2019
March 1, 2019	February 28, 2020

A.3 SET-ASIDE DETERMINATION

In accordance with FAR, Subpart 19.14, Service Disabled Veteran-Owned Small Business (SDVOSB) Procurement Program, it has been determined that competition for this procurement **will be limited to SDVOSB Small Business Program participants**, with the assigned NAICS code of 236220, Commercial and Institutional Building Construction, with a size standard of \$36.5 million.

A.4 STANDARD EXECUTION PROCEDURES

The Resident Officer in Charge (ROICC) Camp Pendleton, CA Contracting Office is the procuring office and is responsible for all contractual matters related to the basic contract. Individual task orders will be issued and administered by Contracting Officers at MCB/MCAS Camp Pendleton, MCAS Miramar, CA; and MCRD San Diego, CA.

A.5 SUMMARY OF SOURCE SELECTION PROCESS

The Government intends to evaluate offers and award a contract without discussions (except for clarifications, as described in FAR 15.306(a)). Therefore, your initial offer should contain your best terms from a price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition, among the most highly rated proposals. Information regarding the source selection process, content of proposals, evaluation of proposals, and LPTA evaluation criteria to be used is located in Sections L and M.

A.6 PRE-PROPOSAL CONFERENCE/SITE VISIT

No Pre-Proposal meeting is scheduled at this time. If the Government decides to hold a pre-proposal meeting, an amendment will be issued to the RFP with meeting details.

A.7 DUE DATE FOR TECHNICAL AND PRICE PROPOSALS

It is requested that all questions be received by 12:00 PM (PDT) on **November 21, 2014**, as time may not permit responses to questions received after this.

Proposals are due by 11:00 AM local time (PST) on December 2, 2014. Refer to Section A.9, for proposal delivery address. The Offeror agrees to hold its offer firm for **90 days** from the date specified for receipt of proposals. See Section L, Proposal Submission Requirements for more information.

A.8 DATABASE REGISTRATION

a. **System for Award Management (SAM):** In accordance with FAR Class Deviation - 2012-00015 and DFARS 204.1104, FAR Clause 52.204-7 SYSTEM FOR AWARD MANAGEMENT (JUL 2013) and DFARS Clause 252.204-7004 ALTERNATE A – SYSTEM FOR AWARD MANAGEMENT (MAY 2013) apply to this acquisition. See full text of each clause in Section L.

All contractors must be registered in the SAM database prior to the award of a contract, basic agreement, basic ordering agreement, or blanket purchase agreement, in order to be eligible to receive an award. SAM is the primary registrant database for the U.S. Federal Government. SAM combines federal procurement systems and the Catalog of Federal Domestic Assistance into one new system. SAM includes the functionality from the following systems:

- * Central Contractor Registry (CCR)
- * Federal Agency Registration (FedReg)
- * Online Representations and Certifications Application (ORCA)
- * Excluded Parties List System (EPLS)

SAM collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. On-line registration instructions can be accessed from the SAM home page at: www.sam.gov.

b. **VETS-100:** legislatively mandated under 38 U.S. Code, Sections 4211 and 42121 and codified at 41 CFR Parts 61-250 and 61-300, and FAR Subpart 22.13, Equal Opportunity for Veterans, the Veterans' Employment and Training Service (VETS) has issued regulations and reporting requirements under The Vietnam Era Veterans Readjustment Assistance Act (VEVRAA) which requires Federal contractors and subcontractors to annually submit the Federal Contractor Veterans' Employment Report VETS-100 ("VETS-100 Report"). VETS has a legislative requirement to collect, and make available to OFCCP, reported data contained on the VETS-100 and/or VETS-100A reports for compliance enforcement. On-line registration instructions can be accessed from the VETS-100 home page at: <http://www.dol.gov/vets/programs/fcp/main.htm>.

c. **Executive Compensation:** In accordance with FAR Subpart 4.14, Reporting Executive Compensation and First-Tier Subcontract Awards, and the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. No. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), all Offerors are required to report subcontract award data and the total compensation of the five most highly compensated executives of the contractor and subcontractor. Refer to FAR Clause 52.204-10, Reporting Executive Compensation and First-Tier Subcontract Awards (Jul 2013) in Section I. On-line registration and instructions can be accessed from the Federal Funding Accountability and Transparency Act (FFATA) homepage at: <https://www.fars.gov/>.

A.9 TECHNICAL/CONTRACTUAL INQUIRIES

Technical/contractual inquiries shall be directed to the Contract Specialist, Michele Hovis, at the address listed in SF1442, block #7, or by telephone at (760-725-8222), or by e-mail at Michele.hovis@navy.mil. Inquiries not received at least ten (10) days prior to closing date for receipt of proposals may not be considered timely and may not receive a response.

A.10 POINTS OF CONTACT

The Resident Officer In Charge of Construction, Camp Pendleton, CA is the procuring office for this basic contract and is responsible for all contractual matters related to the basic contract.

Contracting Officer: Catherine Jones, 760-725-8216
Contract Specialist: Michele Hovis, 760-725-8222

| A001 | FFP - Coefficient Commercial / Facilities Cost Data
Pre-priced line items | _____ |
| A002 | FFP - Coefficient Commercial / Facilities Cost Data
Non Pre-priced line items | |

2. As detailed in Section L, for each coefficient factor provided above, the offeror shall provide, with the cost proposal, a detailed breakdown of each factor. The breakdown shall indicate the amount of each item listed in section B.2 below contributing to the whole coefficient factor. The sum of those item contributions must add to the actual coefficient factor submitted, for each line item.

B.2 OFFEROR’S COEFFICIENT AND PRE-PRICED WORK

1. The offeror’s coefficient is a multiplier that represents costs (generally indirect costs) to be applied to the work item unit price information from the MEANS Cost Data books or software. The offeror’s coefficient shall account for a wide variety of risks of doing business, including but not limited to, overhead and profit, insurance, bonding, taxes, licenses and fees, waste and excess materials, compliance with environmental and safety laws, project management, scoping meetings with Government personnel and a variety of other overhead costs items. Examples of such costs are gross receipts taxes, payroll taxes, superintendents’ salaries, builder’s risk insurance, mobilization and demobilization expenses, project estimating, site office overhead, field office building (if any), furniture, equipment, on-site administrative staff salaries, vehicle and construction equipment maintenance, office administrative expenses, and proportional share of home office overhead. The coefficient shall also include all insurance, special clothing for workers, traffic barricades, additional supervision, as well as paperwork fees associated with a particular task order (i.e. submittals [asbestos removal plan, lead abatement plan, etc.], consultant fees, all on and off site storage, etc.). The offeror’s coefficient must be all inclusive and shall apply for the prime contractor and all subcontractors.

Tools and Equipment. This is a representative listing of tools and equipment that apply to the various trades. These items are indicative of, but not limited to, those that the Contractor is expected to provide as part of normal overhead cost.

Airlines (drop line)	Hammers, hand	Saws, Power Miter
All hand tools	Hammers, chipping	Box Saw Horses
Awl Axes	Hammer, Jack	Scaffolding, Portable. (8' table height) Scrapers (hand held)
Brushes	Industrial Vacuum and Hepa Vac Jack, Hydraulic (12 tons or less)	Screw Drivers
Barricades, Safety	Knives	Screw Drivers, Electric
Bolt cutters	Ladders (step to 12' and extension to 24')	Scribers
Barrier tape	Lead Pot and Ladle	Shears (hand held)
Broom	Levels	Shovels Sledgehammers
Cable cutters	Levels, Builders	Squares
Cable pullers/Hoist (hand held)	Level, laser	Staplers, Air/Hand
Can Opener	Lighting, Temporary (up to 6 each)	Steel Framing Tools, Lightweight Steel Framing
Calking Gun	Nailer, Pneumatic	Tampers (hand held, non-powered) Tapelines
Caulking/Yarning	Nail Sets	Tarpaulins (12' X 24" maximum of 5 each)
Irons	Picks	Temporary Lighting (400 square feet)
Chain Saw	Planes, (hand held)	Tin Slips
Chisels	Planes, Electric, (hand held)	Torch, hand
Clamps	Pliers	Torch Igniters
Cleaning Equipment (hand held)	Powder Actuated	Trash Receptacles (35/gallon, 4 each)
Compressor (sized as required to run tools)	Fastening Tools	Trowels (non-powered, hand held)
Conduit bender	Plumb Bob	Tool Boxes (personal)
Crow Bars	Pot Hook	Traffic cones
Dividers	Personal Protective Equipment	Tubing Cutters (hand held, non-powered)
Drift Pins	Punches	Vacuum, wet/dry (5 gal)
Drill, pneumatic	Rake	
Drill, pneumatic bits (up to 1 1/4 dia.)	Rasps (files)	
Drill, Motors (hand held)	Reinforcing steel, Shear and Bender	
Drill, Bits	Rivet Sets (Light,	
Drill, Hole Saw		
Drill, Rotary hammer (up to 1 1/4 dia.)		

2. The coefficient shall include all other administrative costs not specific to the task order and any other factor(s) the offeror deems necessary to cover all contingencies in connection therewith, since no allowance will be made later for additional costs.
3. The coefficient will be used in establishing the price for task orders and modifications. The coefficient is multiplied by the sum of bare costs (no O&P) for line items identified within the current edition of the MEANS Cost Data books or software that correspond to task order work items, to arrive at the total proposed cost of any given task order.
4. The current edition of the MEANS Cost Data books or software shall be used in each year of the contract, including the most current quarterly updates for all costs. The volumes/titles within the MEANS Cost Data books or software to be consulted and used to identify pre-priced work items (as listed by preference below) are as follows:

Facilities Construction Cost Data
 Repair and Remodeling Cost Data Mechanical Cost Data Electrical Cost Data
 Plumbing Cost Data
 Building Construction Cost Data Heavy
 Construction Cost Data

Site Work and Landscape Cost Data
Interior Cost Data

As each new MEANS Cost Data book or software is released, it will be used for all pricing within that year, including quarterly updates. For example, if the base year occurs in 2014, the 2014 edition shall be used with the most up to date quarterly update; upon release of the 2015 edition, all subsequent work shall be priced using the 2015 edition (and current quarterly update), until the next edition is released. For purposes of task order negotiations, the MEANS Cost Data book or software and current quarterly update in effect at the time the task order Request for Proposal (RFP) is due will be used for negotiating purposes. Similarly, any modifications made to a contract task order will incorporate the MEANS edition and quarterly update in effect at the time the modification RFP is due. The offeror is responsible for purchasing and maintaining its own current edition of the MEANS Cost Data books or software products for this purpose, and installing quarterly updates as they become available.

The City Cost Index is a multiplier used to adjust construction costs to a particular geographic location. Bare costs in the UPB represent the U.S national average. To adjust costs to a particular geographic location, the Weighted Average CCI is applied to the bare cost. The CCI for San Diego shall apply to all work under this contract. CCI rates are found in the Reference Section of the R.S. Means Cost Data Book.

5. Bare costs of line items/descriptions within the MEANS Cost Data book or software, by which the coefficient is multiplied to arrive at the task order proposal pricing, are "pre-priced". Items not available with the MEANS Cost Data book or software, or identified below as such, are "non pre-priced". Line items within the Cost Data book or software which are listed under different titles with similar descriptions, but with different unit prices, or work items that could be interpreted within the software to be included by more than one line item shall be negotiated to arrive at one of the pre-priced line items within the software.
6. Coefficients will not be adjusted for any other changes or circumstances encountered during the life of the contract – the coefficients will remain unchanged throughout any given contract or option year.
7. Report proposed coefficients within the offeror's proposal as follows: An offer of "net" would be represented by "1.0" (no cost above MEANS bare costs as described above). An example of a decrease from the bare prices listed in MEANS would be "0.90". An example of an increase above the bare prices in MEANS would be "1.10".

B.3 NON PRE-PRICED WORK

1. Only non pre-priced work that is incidental to pre-priced work shall be considered to be within the scope of this contract. If the value of non pre-priced work exceeds 49% of the total task order cost it will **NOT** be considered incidental, and the project will not be executed under this contract.
 - A. Incidental non pre-priced work may include minor facilities engineering work items that are not specifically included in the MEANS Cost Data books or software but that are within the basic intent and general scope of the contract and are incidental to a pre-priced work item.
 - B. Incidental non pre-priced work will be negotiated on a work item-by-work item basis. MEANS or its factor used for calculating the pre-priced items will not be used to compute the cost proposal of the non pre-priced items.

2. The pre-priced coefficient is not applied to non pre-priced items. After the bare costs of these items have been negotiated, the non pre-priced coefficient will be applied to the agreed to bare costs of non pre-priced items.

B.2 CONTRACT TYPE

This is a Firm Fixed Price (FFP) Indefinite Delivery-Indefinite Quantity (IDIQ) Job Order Contract (JOC) for specialty trade work as defined under **NAICS 236220, Commercial and Institutional Building Construction** at multiple facilities aboard Marine Corps Base (MCB) Camp Pendleton, CA; Marine Corps Air Station (MCAS) Camp Pendleton, CA; Naval Weapons Station, Fallbrook Detachment, Fallbrook, CA; MCAS Miramar, CA; and Marine Corps Recruit Depot (MCRD), San Diego, CA.

B.3 MINIMUM AND MAXIMUM CONTRACT AMOUNTS

During the period specified in the ORDERING clause (DFARS 252.216-7006 [MAY 2011]), the Government shall place orders totaling a minimum of \$5,000.00 for the life of the contract. The total value of this contract, including option years, shall not exceed \$30,000,000. Individual task orders may not exceed \$750,000 for the award amount.

B.4 DEPARTMENT OF LABOR DAVIS BACON WAGE DETERMINATION:

In accordance with FAR 52.222-6, DAVIS BACON ACT (JUL 2005), each individual task order RFP shall be priced to include the current applicable Department of Labor (DOL) Davis Bacon Wage Determination (See Section J, Exhibit I) for San Diego County.

Any changes in the applicable minimum hourly rates of wages during the entire term of the contract including any option years shall not affect the unit price to be paid by the Government for work performed under the contract. A current Davis-Bacon Wage Determination will be incorporated into the contract upon exercise of each option year without adjustment.

B.5 BID GUARANTEE, PERFORMANCE AND PAYMENT BONDS, ADDITIONAL BONDING REQUIREMENTS

Bonds are required for this contract. Refer to Section H, PERFORMANCE AND PAYMENT BONDS, ADDITIONAL BONDING REQUIREMENTS and Section I, FAR Clauses 52.228-1 BID GUARANTEE (SEP 1996) and 52.228-15 PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (OCT 2010), 52.228-2 ADDITIONAL BOND SECURITY (OCT 1997), and NFAS Clauses 5252.228-9302 BID GUARANTEE – ALTERNATE I (OCT 2004) and 5252.228-9305 NOTICE OF BONDING REQUIREMENTS – ALTERNATE I (DEC 2000).

End of Section

B

Section C - Descriptions and Specifications

SECTION C**SECTION C****DESCRIPTION/SPECIFICATION/WORK STATEMENT****C.1 GENERAL INTENTION**

It is the intention of this solicitation to secure specialty trade work as defined under **NAICS 236220 - Commercial and Institutional Building Construction** at various Marine Corps installations in San Diego County area by means of awarding an indefinite-quantity contract at pre-determined unit prices and bid price coefficient, effective for a base period of twelve (12) months. The contract also provides for additional option periods, for a total contract period of sixty (60) months to be exercised at the discretion of the Government. Delivery or performance periods shall be specified in individual delivery orders issued hereunder. Individual order performance time will be in accordance with Section F, ORDERING OF WORK.

C.2 STATEMENT OF WORK**1. PURPOSE**

The purpose of this Job Order Contract (JOC) is to provide specialty trade construction services with minimal design requirements for new minor construction, facility repair, rehabilitation, and alterations for a broad range of renovation and construction work. This JOC is intended to provide rapid response for construction, maintenance, rehabilitation and repair of real property in a cost effective manner. Task orders for design only shall not be placed against the contract. However, minimal design services related to construction may be required. Firm-fixed-price task orders for construction will be placed against the contract. The successful offeror must be able perform multiple task orders in multiple locations simultaneously.

Work locations include:

- Marine Corps Base (MCB) Camp Pendleton, CA;
- Marine Corps Air Station (MCAS) Camp Pendleton, CA;
- Naval Weapons Station, Fallbrook Detachment, Fallbrook, CA;
- MCAS Miramar, CA; and
- Marine Corps Recruit Depot (MCRD), San Diego, CA.

This JOC will be used as one of many tools for a contracting method available to the Government for the types of construction services as referenced above that may be required by the agency. All task orders issued under this contract will be reviewed and deemed appropriate for this acquisition method.

C.3 DESCRIPTION

The successful offeror shall provide, upon receipt of a task order, all labor, materials, supplies, parts (to include system components), plant, supervision, equipment, and related services, (except when specified as Government furnished), for projects including, but not limited to, a variety of real property maintenance and other incidental work involving oversight of multiple types of subcontractors and extensive project management, at various administrative buildings, barracks, industrial buildings (vehicle maintenance facilities), parking structures, armories, educational/training centers, sports fields, hangars, auditoriums, theaters, recreational facilities, hotels, restaurants, religious buildings, retail and shopping centers, hospital and clinics, historical buildings and museums, swimming facilities, correctional custody facilities, etc. The types of projects may include but are not limited to: renovate buildings; wash rack retro fit; repair damaged walls; build gazebo; upgrade electrical and replace transformer; replace steel natural gas line; repair/replace HVAC system; repair shower leaks; renovate and abate exterior; install gutters; upgrade lighting; repair/refurbish elevator doors; build up roof, etc. Work will be

performed in strict accordance with all terms, conditions, special contract requirements, specifications, drawings, attachments, and exhibits contained in the RFP for the task order or incorporated by reference.

Work and responsibility shall include all project planning, scoping meetings, programming, administration, and management necessary to provide support for task orders awarded. Conduct the work in strict accordance with the contract and all applicable Federal, State, and local laws, regulations, codes, or directives. Provide related services such as preparing and submitting required reports, perform administrative work, and submit necessary information as specified under this contract and within each task order. Ensure that all work provided meets the scope of work for each task order and any special specifications included with the individual task order or included in any applicable documents.

The Government will provide a detailed scope of work, detailing the work to be accomplished. Depending on the complexity of the project, the detail provided may vary from a general idea of what is required, with no drawings, to complete design documents. The Contractor shall use the information provided by the Government and submit a complete proposal. For task orders where the Government provides no drawings, the Contractor shall provide sketches to clearly show an understanding of what work is included in the proposal.

Complete all work and services under this contract in accordance with schedules established in each task order. Submittal dates will be included in the task order. These dates identify when submittals are due in the issuing office and other addresses identified in the task order. Types and numbers of submittals and dates and places for review meetings shall be established by each task order.

C.4 DEFINITIONS

The following terms apply to this contract (the list is not all inclusive):

Abbreviations, Plural Words: Abbreviations, where not defined in Contract Documents, will be interpreted to mean the normal construction industry terminology, determined by recognized grammatical rules, by the COR or Contracting Officer. Plural words will be interpreted as singular and singular words will be interpreted as plural where applicable for context of Contract Documents.

CO – Contracting Officer: The official given authority to bind the Government to contracts. They have authority to enter into, administer, or terminate contracts and make related determinations and findings.

Contractor: A corporation, partnership, joint-venture, business association, firm, individual or association that has entered into a contract with United States for the purpose of providing supplies, materials, equipment, or services. The Contractor provides similar supplies and services contemporaneously to the general public under terms and conditions similar to those offered to the Government. Herein, the term contractor is used to describe the successful offeror, awarded the JOC described by this document.

Construction: The action taken to accomplish construction; i.e., repair, renovation, minor new construction.

COR – Contracting Officer’s Representative: For the purposes of this contract, the Contracting Officer’s Representative is a technical person with authority delegated by the Contracting Officer to manage day-to-day contract operations and inspect Contractor work, and who represents the Government.

Task Order: An individual requisition for construction services ordered against this Job Order Contract (JOC), as described within the scope of work, specifications, drawings, sketches or other project documentation issued with the request for proposal for the task order. Each task order is solicited, proposed, negotiated, and awarded individually, under the JOC.

Directed, Requested, Approved, Accepted, etc.: These terms imply "by the Contracting Officer", unless otherwise indicated. Approved by COR or Contracting Officer in no way releases the Contractor from responsibility to fulfill requirements of the Contract Documents.

Furnish: Supply and deliver to project site, ready for unloading, unpacking, assembly, installation, and similar subsequent requirements.

Incidental (work, waste, etc.): Items that are minor in nature, necessary to perform the work as described, but not of such magnitude as to require a line item in a cost proposal. Examples include: preparation necessary to perform the work as described but that is not typically accounted for by a line item cost, waste of 15% or less on installed materials, small amounts of fasteners and fittings that are not typically tracked individually, hand tools that are not exhausted in a single use, pick up or delivery of incidental items, etc.

Independent Review: The Government may, at its expense, obtain an independent review of the Contractor's work. The independent reviewer shall be a person or business qualified to perform the work the Contractor is performing. The person designated to conduct the independent review should not have had previous personal involvement in the project. The Government may have the project reviewed by the local jurisdiction, an Engineering firm not involved in the contract, or by others.

Independent Testing Laboratory: An independent (from the Contractor) entity engaged for the project to provide inspections, tests, interpretations, reports and similar services.

Indicated: Shown on drawings by notes, graphics or schedules, or written into other portions of Contract Documents. Terms such as "shown", "noted", "scheduled", and "specified" have the same meaning as "indicated", and are used to assist the reader in locating particular information.

Install: Operations at project site, including unloading, unpacking, assembly, erection, placing, anchoring, applying, working to dimension, finishing, curing, and protecting, cleaning, and similar requirements.

Installer: Entity (firm or person) engaged to install work, by Contractor, Subcontractor or Sub-subcontractor. Installers are required to be skilled experts in work they are engaged to install.

Minimum Requirements: Indicated requirements are for a specific minimum acceptable level of quality/quantity, as recognized in the industry. Actual work must comply (within specified tolerances), or may exceed minimums within reasonable limits. Refer uncertainties to the COR or Contracting Officer before proceeding.

Overlapping/Conflicting Requirements: Where compliance with two or more standards that establish different or conflicting requirements for minimum quantities or quality levels is specified, the most stringent requirement written directly into the Contract Documents is intended and will be enforced (generally), unless specifically detailed language written into the Contract Documents clearly indicates that a less stringent requirement is acceptable. Refer uncertainties to the COR or Contracting Officer for a decision before proceeding.

Project Site or Site: Space available to the Contractor at location of project, either exclusively or to be shared with separate contractors, for performance of the work.

Provide: Furnish and install, complete and ready for intended use.

Site Survey: An inspection of a facility required to accomplish a design/build construction action and normally part of the work plan.

Transportation: Movement, typically by motor vehicle, of personnel, material or equipment to, from or within the job site, necessary to assemble the work, receive materials/equipment on the site, or provide labor for the work. Does not include pulling waste dumpsters, which is included in the task order line item for trash disposal. Does not include transportation associated with mobilization/demobilization, such as moving large equipment (e.g., for earthmoving), trailers, etc. Does not include cranes, concrete pump trucks, or other means of moving materials on site that are typically charged for separately, as dictated by industry standard.

Work Plan (Design): A detailed package consisting of single line diagrams, design, engineering calculations, criteria, manufacturers' data/cut sheets, specifications, estimates, etc., suitable to provide details to repair or construct a facility.

C.5 OVERALL RESPONSIBILITY

The Contractor shall be responsible for all site surveys, calculations, work plans, construction actions; equipment startups, and testing, repair, and/or training required for satisfactory completion of the work as required by each individual task order. This shall include, but not be limited to, providing labor, equipment, materials, applicable engineering documentation, and other necessary services and/or products for the construction, implementation, or testing that may be required by the individual task order.

C.6 SAFETY REQUIREMENTS AND REPORTS

The Contractor shall conduct all work in a safe manner and shall comply with the requirements described in specification section 01 35 26 Governmental Safety Requirements, FAR 52.236-13, ACCIDENT PREVENTION (NOV 1991), as referenced in Section I, and the requirements described in Section J attachments.

The Contractor is subject to the safety and health standards of Occupational Safety & Health Act (OSHA), the U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM- 385-1-1), and Specification Section 01 35 29 "Safety and Occupational Health Requirements". Implementation of OSHA provisions rests in the statutory requirement while compliance with EM 385-1-1 and the specification is a contractual matter. The most stringent requirement shall be followed where the documents are not consistent.

Prior to commencing work on the contract and/or individual Task orders, the Contractor shall meet with the Contracting Officer or designated representative to discuss and develop mutual understandings concerning the Contractor's administration of a Safety Program. The Government may inspect the construction site for OSHA and Navy violations. Abatement of violations shall be the responsibility of the Contractor. The Contractor shall assist inspectors from the Safety Office and federal or state OSHA offices if a complaint is filed. The Contractor shall pay promptly any fines levied by federal and/or state OSHA offices.

The Contractor shall identify all safety-related issues for each Task order. These items shall be monitored at all times while the project is underway and the results documented on the Supervisor's Daily Job-site Inspection Checklist form. The proposed "checklist" shall be submitted for approval as part of the Contractor's Safety Plan prior to the start of work on each Task order. Completed inspection forms shall be kept on file in the Contractor's office and shall be made available to the Government upon request.

The Contractor shall be responsible for the compliance of its subcontractor(s).

C.7 QUALITY CONTROL PLAN

The Contractor shall establish and maintain a complete quality control program in accordance with

Specification Section 01 45 00.10 20 "Quality Control for Minor Construction" and FAR 52.246-12 INSPECTION OF CONSTRUCTION. This quality control plan shall be submitted to the Contracting Officer for approval within 30 days, or an agreed to shorter period, after contract award. This plan shall be capable of being adapted by means of a supplement to the main plan as required by individual task orders.

C.8 PERMITS

In accordance with the 52.236-7, PERMITS AND RESPONSIBILITIES (NOV 1991), the Contractor shall, without additional expense to the Government, obtain all appointments, licenses, and permits required to perform work under this contract. All Contractor employees operating vehicles on Government property shall possess a valid state motor vehicle operator's license. The Contractor shall comply with all applicable federal, state, and local laws. Evidence of such permits and licenses shall be provided to the Contracting Officer and/or his designated representative before work commences and at other times as requested by the Contracting Officer and/or his designated representative.

C.9 MULTIPLE TASK ORDER PERFORMANCE

The Contractor shall have the ability to perform multiple task orders in multiple locations simultaneously in accordance with the terms and conditions of this contract.

C.10 DOCUMENTATION

The Contractor shall implement, maintain, and control a system for identification, preparation, reproduction, distribution, and maintenance of all documentation, dates and information necessary for its internal management as well as for Government management of the individual projects and the total program.

C.11 PRESENTATIONS AND MEETINGS

The contractor shall attend all necessary progress meetings, provide presentations as necessary, and attend/conduct other meetings as necessary to execute the work.

C.12 STATION REGULATIONS

The Contractor shall furnish a list of contact personnel of the Contractor and subcontractors including addresses and telephone numbers for use in the event of an emergency. As changes occur and additional information becomes available, correct and change the information contained in previous lists.

Identification badges, if required, will be furnished based on the individual installation security procedures. Contractor is responsible for all costs associated with obtaining proper credentials, including participation in the NCACS/RAPID Gate program. The Contractor must immediately report instances of lost or stolen badges to the Contracting Officer.

Failure of contractor personnel to obtain entry approval will not affect the contract price or time of completion. All Contractor personnel shall become familiar with and obey all Government regulations including fire, traffic, and security regulations. Refer to individual Task Order or Station requirements provided at the preconstruction conference. Contractor's personnel will not be admitted to the work site without approval. Access requirements will be as identified in station policy for each location. Some facilities, or areas within some facilities, restrict access to U.S. Citizens only.

C.13 SECURITY REQUIREMENTS

In addition to other provisions of this contract, the following security requirements apply to all work

performed under this contract:

The Contractor shall, after award of the contract, submit the following information for all employees (on letterhead signed by the Contractor): Contract number, completion date, type of work being performed, area(s) of access, names of employees working on contract including their social security number, date and place of birth, citizenship (alien registration number must be included for registered aliens), any vehicle (including license plate number) to be used. The Contractor shall also have the employees fill out any questionnaires and other forms required by Security. See below for additional site specific information.

Neither the contractor nor any of his employees shall disclose or cause to be disseminated any information concerning the operations of the activity which could result in or increase the likelihood of the possibility of a breach of the activity's security or interrupt the continuity of its operations.

Disclosure of information to any person not entitled to receive it, or failure to safeguard any classified information that may come to the Contractor or any person under his control, may subject the Contractor, his agents or employees to criminal liability under 18 U.S.C. Sections 793 and 798.

All inquiries, comments or complaints arising from any matter observed, experienced, or learned as a result of or in connection with the performance of this contract, the resolution of which may require the dissemination of official information will be directed to the activity Commander.

Deviations from or violations of any of the provisions of this paragraph will, in addition to all other criminal and civil remedies provided by law, subject the Contractor to immediate termination for default and/or the individuals involved to a withdrawal of the Government's acceptance and approval of employment.

C.14 PASSES AND BADGES

Security badges will be issued, if required, to the Contractor and his employees in accordance with station regulations. Badges shall be issued as explained at the Preconstruction Meeting of the individual Task order. A copy of the Station Security Regulations will be made available at that time. All badges must be returned or otherwise accounted for upon badge expiration or contract completion or upon termination of the employee. Lost or stolen badges shall be reported to the Contracting Officer immediately.

All Contractor and subcontractor personnel shall be required to possess and wear identification badges at all times when working within the confines of the individual military bases or other job site location under this contract.

Only bona fide contractor employees with Government issued passes and/or badges that perform duties authorized by the Contractor specifically for this contract shall be allowed at the work site. The presence of unauthorized personnel including guests, minor children, and other family members of Contractor personnel is strictly prohibited.

C.15 ACCESS TO BUILDINGS

It shall be the Contractor's responsibility to obtain access to buildings and facilities, and arrange for them to be opened and closed. Initial arrangements will be coordinated through the Contractor Officer or his/her authorized representative. If the Contractor cannot gain access to a work site, the Contractor shall notify the Contracting Office and/or his designated representative to reschedule a time with the building occupant.

Keys, when necessary, will be issued to the Contractor; however, it shall be the Contractor's responsibility to arrange for adequate security of those buildings and facilities at all times during the performance of his duties.

The Contractor shall be responsible for the cost of any keys lost by his employees that were furnished by the Government. If the Contracting Officer determines a lock must be replaced because of the loss of a key by Contractor employees, the Contractor shall pay the cost of replacement. Similarly, the Contractor shall pay the cost of changing a combination or combination lock if the Contracting Officer determines that the combination may have been compromised.

C.16 ENERGY CONSERVATION

The Contractor shall participate actively in the activity's energy conservation program. The Contractor shall comply with the base energy conservation program as defined in local base regulations. Use of high energy consuming tools or equipment shall be approved by the Contracting Officer and/or a designated representative prior to use.

C.17 WATER CONSERVATION

The Contractor shall participate actively in the activity's water conservation program. The contractor shall comply with the base water conservation program as defined in local base regulations. The Contractor may represent his interest at all meetings of the Activity's Energy Conservation and Resource Management Committee. Use of high water consuming tools and equipment shall be approved by the Contracting Officer prior to use.

C.18 FIRE PROTECTION

The Contractor shall ensure that his employees shall know how to activate a fire alarm or otherwise notify the local Fire Department in the event of an emergency. The Contractor shall observe all requirements for handling and storage of combustible supplies, materials, waste and trash. Contractor employees shall be trained to properly respond to a fire alarm or fire in accordance with activity instructions.

C.19 ENVIRONMENTAL PROTECTION

The Contractor is responsible for understanding and properly performing all requirements under federal, state, interstate, and local environmental laws, regulations and ordinances that are applicable to the work being performed under this contract. This responsibility extends to securing all permits required by such laws, regulations, and ordinances.

The Contractor is responsible for advising its agents, employees, subcontractors, and other personnel who will perform operations, activities, or services under this contract of these requirements.

The Contractor is responsible for the following:

- Notifying the Government promptly upon receipt of regulatory notices, orders, or requests for information, and promptly supplying copies to the Government.
- Complying with environmental regulatory notices or orders to the extent attributable to the Contractor's conduct, regardless of whether or not the Contractor is the named recipient of the notice or order.
- Correcting conditions of environmental noncompliance identified by the Government in the absence of regulatory non-compliance notices. This includes cleaning up any contamination released from Contractor operations, whether such contamination is on or off Government property.

The Contractor is responsible, upon Government request, for providing the Government and/or any regulatory

agency with any information that may be required regarding the actual or potential environmental impacts of Contractor's operations. The information shall be timely and complete and in a form acceptable to the Government and/or the regulatory agency.

Soil disturbance in known or suspected contaminated or otherwise environmentally regulated sites will only be permitted after approval of an Environmental Plan.

C.20 WILDLIFE PRESERVATION

When work is located in a designated "wildlife preservation area" and before commencing work which may disturb wildlife; the Contractor shall obtain all necessary state, local and federal permits.

C.21 TRAFFIC CONTROL

The Contractor shall be responsible for providing all necessary traffic control, such as street blockades (including flashing lights), traffic cones, flagmen, etc., as required for each specific task order. Proposed traffic control methods shall be submitted to the Contracting Officer for final approval. A traffic control plan shall be prepared and sealed by a California registered professional traffic engineer. The plan shall include detailed drawings, descriptions, all detours and other modifications of traffic patterns. Plans shall be prepared in accordance with the most restrictive CALTRANS SSS, CALTRANS TC, MFHWA, MUTCD, all applicable base policies and ACOE Manual EM-385-1. No street shall be completely closed to traffic without the Contracting Officer's approval.

At the beginning of each working day the Contractor shall notify the Project Manager/s of the location(s) of work to be performed that day and the specific task order(s) which are to be accomplished that day.

C.22 DISPOSITION OF WASTE MATERIAL

All debris, rubbish, hazardous waste, and non-usable material resulting from the work under this contract shall be disposed of by the contractor at his expense off Government property, as specified in section J, specification 01 74 19, "Construction Demolition and Waste Management". The Contractor shall make every effort to recycle, refer to specification section 01 62 35, "Recycled / Recovered Materials".

All non-usable surplus material and debris resulting from work under these specifications shall be removed from the site by the Contractor at their expense. The Government retains salvage rights to any material of archaeological or historical value as determined by the Contracting Officer.

The Contractor shall remove all material not claimed for salvage by the Government and disposed of off base bi-weekly or as specifically agreed to in a specific Task order. The contractor shall dispose of hazardous waste in accordance with the Resource Conservation and Recovery Act and associated state and local regulations.

Salvage: Except where indicated and/or specified otherwise in other sections, all material and equipment removed, but not reused, shall become the property of the Contractor and shall be removed from Government Property. Title to all material resulting from demolition, and all material and equipment to be removed, is vested to the Contractor upon approval by the Contracting Officer of the Contractor's demolition and removal procedures, and authorization by the Contracting Officer to begin demolition. The Government will not be responsible for the condition or loss of, or damage to, such property after notice to proceed. Materials and equipment shall not be viewed by prospective purchasers or sold on the site.

Reuse of Material and Equipment: Carefully remove and store materials and equipment specified to be reused or relocated to prevent damage, and reinstall as the work progresses.

Salvaged Materials and Equipment: Carefully remove materials and equipment that are specified to be removed by the Contractor and that are to remain the property of the Government, and deliver to a storage site, as directed.

All vehicles transporting waste and debris from the job site shall be suitable for the task, properly loaded, and covered to prevent spillage during transport.

C.23 UNDERGROUND UTILITIES

The Contractor shall be responsible to ensure all underground utilities have been surveyed and located prior to commencing any excavation activities. Utility drawings are available at each site/activity for review.

For Activities where the Government provides utility location services, the Contractor is responsible for all damages they impart to properly marked utilities. The Contractor shall promptly perform all necessary repairs at no additional cost to the Government.

For Activities where the Contractor is required to perform the utility locating and marking, the Contractor shall be responsible for all damages to existing utility lines where the utility line was reasonably locatable. Prompt repairs to those damaged lines shall be at no additional cost.

C.24 IDENTIFICATION OF CONTRACTOR VEHICLES

Each Contractor provided vehicle shall display the company name in a manner and size that is clearly visible at all times. All vehicles shall display a valid state license plate and safety inspection sticker, if applicable. Contractor vehicles operated on Government property shall be maintained in good repair.

C.25 PROPOSED MATERIAL SUBMITTALS, CATALOG DATA, AND SAMPLES

Proposed material submittals required of the Contractor shall be made allowing sufficient time for processing, reviews, approval, and procurement before the Contractor is ready to use the material. Allow a minimum of five

(5) days for routine approvals. Additional time may be required for complex reviews and for fire protection submittals. Where possible, the Government will return submittals in less than the above time frames. No material requiring submittals shall be installed prior to written submittal approval. Submittals for long lead time manufacturer's items shall be submitted with the Contractor's proposal at the Government's request. Submittals shall be prepared and assembled as follows:

Submit five (5) copies of each submittal, unless specified otherwise in individual task order(s).

Present all submittals for each MEANS section as a complete bound volume, titled with the contract number, Task order number and project title.

Clearly mark each item that is proposed with its line item number.

Assemble each volume in the same numerical sequence as the line item number in the Task order.

Each copy of the submittal shall have a "Submittal Transmittal Approval Form", Section J, attachment, attached to the cover.

The Contractor shall certify on all submittals that the material being proposed conforms to contract requirements and can be installed in the space provided.

When required, catalog data shall be on printed pages on permanent copies of the manufacturer's catalogs. Samples in the quantity specified shall be marked to show the name of the material, the name of the supplier, the contract number, Task order number, the segment of work where the material represented by the sample is to be used, and the name of the Contractor submitting the sample.

End of Section

C

Section D - Packaging and Marking

SECTION D

SECTION D
PACKAGING AND MARKING

D.1 PACKAGING AND MARKING

Any reports or other products to be furnished hereunder shall be adequately packaged, marked, and packed to ensure safe delivery at destination. All products must be clearly marked to identify the contents, the sender, and the individual/office to which being sent. All submittals shall be sent to the address in Block 6 of the individual Task Order DD Form 1155.

End of Section
D

Section E - Inspection and Acceptance

SECTION E**SECTION E
INSPECTION AND ACCEPTANCE****E.1 ACCEPTANCE**

The performance and quality of work delivered by the contractor, including services rendered and any documentation or written material compiled shall be subject to inspection, review, and acceptance by the Government.

E.2 DAILY REPORTING REQUIREMENT

1. The Contractor shall submit a "Combined Contractor Production Report and Contractor Quality Control Report" to the Contracting Officer. The forms shall be completed daily and delivered to the Contracting Officer by 10 AM local time the workday following the date of the report. Data to be included on the form is workers by classification, the move-on and move-off of construction equipment furnished by the contractor or furnished by the Government, material and equipment delivered to the work site, tests or inspections performed by the Contractor and their results.

2. A daily report will not be required for any day when no work is scheduled. However, if the work is scheduled and cannot be performed due to weather or other delays a daily report specifying the reason for delays will be required to substantiate the delay. As daily reports are to be completed by the Contractor in the field, late reports cast doubt on the accuracy of the report. No payment for work will be made under a delivery order unless daily reports are current.

E.3 INFORMATION FOR THE CONTRACTING OFFICER

Deliver the following requirements (may vary per task order) to the Contracting Officer for each task order issued:

- Combined Contractor Performance Production Report/Contractor Quality Control Report (1 sheet): Original and 1 copy, by 10:00 AM the next working day after each day that work is performed;
- Testing Plan and Log, 1 copy, at the end of each month;
- Monthly Summary Report of Field Tests: Original and 1 copy, attached to the Contractor Quality Control Report at the end of each month;
- QC Meeting Minutes: 1 copy, within 2 calendar days of the meeting;
- Rework Items List: 1 copy, by the last working day of the month and;
- Superintendent name

E.4 CONTRACTING OFFICER'S REPRESENTATIVE (COR)

A Contracting Officer's Representative (COR), may be appointed for the purpose of representing the Contracting Officer and assuring compliance with the contract requirements. The COR has NO AUTHORITY to make any changes which effect cost, money or time.

The Contracting Officer's Representative (COR) is authorized to issue notices regarding noncompliance with contract requirements, and to stop work on any portion of the job if the Contractor's methods cause unsafe conditions or will result in noncompliance work which would be impracticable to correct or to replace while permitting other (conforming) portions of the work to continue. Issuing of a Notice of Noncompliance as described herein does not

constitute a suspension of work as described in FAR Clause 52.242- 14, Suspension of Work (April 1984).

E.5 NOTICE OF COMPLETION OF TASK ORDER(S)

The Contractor (including subcontractors), with the Project Manager, will conduct a pre-final inspection prior to requesting a final inspection. Any discrepancies noted will be corrected prior to requesting any final inspection. When the Contractor is ready for final inspection, he will request final inspection concurrence from the Project Manager. The final inspection will normally be requested three (3) working days before the desired date. Requests for both pre-final and final inspections shall be submitted on forms provided for this purpose by the Government.

The final inspection will be performed with the contractor by the Project Manager, and other interested Government parties. Any discrepancies noted will be corrected within the time specified by the Contracting officer's Representative prior to final payment. Corrections to discrepancies shall be noted on Combined Contractor Production Report and Contractor Quality Control Report.

A Contractor Performance Evaluation will be completed at the end of the first year of the Contract and at the end of any option. This evaluation will encompass all work performed during the year and will take into account all aspects of the contractor's performance. Interim performance evaluations may be completed at any time the Contractor's performance is considered less than satisfactory. All performance evaluations will be entered into the CPARS database.

E.6 CPARS INFORMATION

CPARS is now hosting web-enabled applications that are used to collect and manage a library of automated contractor performance evaluations that are completed in accordance with FAR Parts 36 and 42. FAR Part 36 identifies the requirements for documenting contractor performance for architect-engineer and construction contracts while FAR Part 42 identifies requirements for documenting contractor performance for systems and non-systems acquisitions. The CPARS applications are designed for UNCLASSIFIED use only. Classified information is not to be entered into these systems. In general, contractor performance assessments or evaluations provide a record, both positive and negative, for a given contract during a specified period of time. When evaluating contractor performance each assessment or evaluation is based on objective facts and is supported by program and contract management data, such as cost performance reports, customer comments, quality reviews, technical interchange meetings, financial solvency assessments, construction/production management reviews, contractor operations reviews, functional performance evaluations, and earned contract incentives.

A Department Of Defense (DoD) PKI Certificate is required for all DoD users and contractors accessing CPARS, ACASS, and CCASS.

PKI Information:

All DoD employees (military and Civilian), including DoD Contractors that are working on site (military/government facilities) or contractors working offsite using Government Furnished Equipment (GFE) are eligible to obtain certificates from DoD PKI. If the contractor doesn't work on site or with GFE they will need to obtain certificates from an External Certificate Authority (ECA).

External Certificate Authority

External Certificate Authorities (ECAs) provide digital certificates to the DoD's private industry partners, contractors using their own equipment or working in non-government facilities, allied partners, and other agencies.

Approved ECA vendors:

Operational Research Consultants, Inc. (ORC) <http://www.eca.orc.com>
VeriSign, Inc. <http://www.symantec.com/verisign/shared-service-pki>

IdenTrust <http://www.identrust.com/certificates/eca/index.html>

E.7 WARRANTY OF CONSTRUCTION - ADDITIONAL REQUIREMENTS

If an extended warranty is required on a specific task order, this requirement and the extent of the warranty will be addressed in the scope of work issued to the Contractor for that specific task order.

Cost for the extended warranty will be included in the Contractor's cost proposal as a non pre-price item, unless the warranty is a flow down type from a specific manufacturer.

E.8 CLAUSES INCORPORATED BY REFERENCE

This contract incorporates the following clauses by reference with the same force and effect as if they were given in full text. Upon request the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at <http://www.acquisition.gov>:

CLAUSE NO.	TITLE:
FAR 52.236-11	Use and Possession Prior to Completion
FAR 52.246-12	Inspection of Construction
FAR 52.246-21 Alt I	Warranty of Construction - Alternate I
DFARS 252.201-7000	Contracting Officer's Representative (DEC 1991)

End of Section E

INSPECTION AND ACCEPTANCE TERMS

Supplies/services will be inspected/accepted at:

CLIN	INSPECT AT	INSPECT BY	ACCEPT AT	ACCEPT BY
0001	N/A	N/A	N/A	Government

Section F - Deliveries or Performance

SECTION F**SECTION F
DELIVERIES OR PERFORMANCE****F.1 LOCATION**

The work performed under this contract will be located at any Government owned facility on the Marine Corps Base Camp Pendleton; Naval Weapons Station Seal Beach Fallbrook Detachment, Marine Corps Air Station Miramar and Marine Corps Recruit Depot, San Diego, CA. Activities at which work is located include host commands and all tenants therein. The exact locations of work will be indicated by the Contracting Officer on individual task orders.

F.2 TERM OF CONTRACT

The contract base period shall be for a twelve (12) month period. This period includes thirty (30) calendar days after award in which the Contractor will mobilize, in accordance with Section I, FAR Clause 52.211-10 COMMENCEMENT, PROSECUTION AND COMPLETION OF WORK.

In accordance with Section I, FAR Clause 52.217-9, "OPTION TO EXTEND THE TERM OF THE CONTRACT", the Government has the option to extend the term of the contract for a total additional period of forty-eight (48) months, to be exercised at the discretion of the Government, provided that it gives the Contractor a preliminary written notice of at least sixty (60) days.

F.3 AVAILABILITY OF CONSTRUCTION SITE

The Government reserves the right to delay, periodically, the site availability to the Contractor up to twenty-one calendar days at the start of each task order at no increase in the contract cost to the Government. When the site availability is delayed, the task order completion date will be extended one calendar day for each day of delay.

F.4 ORDERING OF WORK

As the need exists for performance under the terms of this contract, the Administrative Contracting Officer (ACO) or his/hers authorized representative will notify the Contractor of an existing requirement. The information provided to the Contractor identifying the requirement will vary from a basic concept to full plans and specs.

Upon receipt of the notification of requirement, the Contractor shall respond to the needs of the Government within two (2) working days by:

1. Arranging a Site Visit to the proposed work site in the company of the Ordering Officer or his/her authorized representative; or
2. Establish verbal contact with the Ordering Officer or his/her authorized representative to further define the scope of the requirement as necessary.

F.5 JOINT SCOPING

The use of Joint Scoping between the Contractor and the Government is encouraged to fully identify the work needed to fulfill the customer's requirement. If requested by the Contracting Officer or their authorized representative, Joint Scoping shall be accomplished as described herein.

After receipt of a request for proposal (RFP) which will include a Statement of Intent, the Contractor shall submit the proposed Joint Scope and price proposal within the time specified in the RFP. A Joint Scoping Review shall be conducted to enable the Contractor to detail the project based on information that may be provided by the Government in writing (i.e., Statement of Intent) in response to the RFP; the conditions observed at the site; and discussion with the Government's authorized representatives. Negotiations may be scheduled to address areas of concern and to come to a mutual agreement regarding final scope, days for completion and price.

F.6 PREPARATION OF PROPOSAL

G PRE-PRICED TASKS

For pre-priced tasks the Contractor shall identify the task and quantities required from MEANS Cost Data Book or software. The Bare Cost unit price set forth in the MEANS Cost Data Book shall serve as the base price for the purpose of the operation of this provision. The Contractor's proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done and that the tasks proposed are reasonable for the work to be performed. Documentation to be submitted with the proposal shall include as appropriate, but not be limited to a detailed unit price estimate arranged in order according to the CSI format, Contractor prepared drawings, calculations, catalog cuts, specifications, architectural renderings; a preliminary schedule indicating mobilization, submittals, material lead times, performance, phasing, etc, the Government may duplicate, use, and disclose in any manner and for any purpose such documentation delivered under this contract.

H NON PRE-PRICED TASKS

As stated in Section B.3.1, only non pre-priced work that is incidental to pre-priced work shall be considered to be within the scope of this contract. If the value of non pre-priced work exceeds 20% of the total task order cost it **MAY NOT** be considered incidental, and the project **MAY NOT** not be executed under this contract.

Non pre-priced tasks, if any, shall be separately identified and submitted in the Contractor's proposal. The MEANS Cost Data books are to be used for pricing of all materials and services, unless the material or services are not contained in the MEANS Cost Data books.

The contractor may only use non pre-priced tasks when a specific material or task is not contained in the MEANS Cost Data books, has not been added to the pre-priced list via modification, and/or is less than 20% of the total task order price.

Information submitted in support of non pre-priced tasks shall include, but is not limited to, the following:

- H.1** Complete specifications and technical data, including task content, support drawings, task cost data, quality control and inspection requirements.
- H.2** Work schedule.
- H.3** Costing data shall include a cost analysis report, establishing the basis for selecting the approach proposed for accomplishment of the requirements. Unless otherwise directed by the Contracting Officer, costing data will be submitted demonstrating that the Contractor sought and received three quotes.
- H.4** The pre-coefficient price for the non pre-priced task will be negotiated by the parties, upon which the negotiated price will be multiplied by the Contractor's non pre-priced coefficient adjustment factor. This will result in the total non pre-priced task order price.

H.5 After the same non pre-priced task is used on three separate Task Orders, a unit price for such task will be established, following approval by the ACO, and fixed as a permanent pre-priced task that will no longer require price justification.

H.6 The ACO's determination as to whether an item is a pre-priced task or a non pre-priced task shall be final, binding and conclusive.

F.7 SUBMISSION OF PROPOSAL

The Contractor's proposal shall be submitted by the date indicated on the Request for Proposal (RFP). The time allowed for preparation of the Contractor's proposal would depend on the complexity and urgency of the Task Order. On complex Task Orders, such as projects requiring approvals and permits, allowance will be made to provide adequate time for preparation and submittal of the necessary documents with the proposal and so reflected in the proposal due date entered on the RFP. In emergency situations and minor maintenance and repair Task Orders requiring immediate completion, the proposal may be required quickly and accordingly the due date will be indicated on the RFP.

1. Proposals for modifications shall be priced from the MEANS Cost Data books and the appropriate City Cost Index and subcontractor quotes (if any), using the formats and coefficients established in the contract. In the event that a deductive modification is negotiated, the basis for pricing shall be the same as submitted under the original proposal.

2. Time for submittal of the Contractor's proposal for individual requirements will be **ten (10) working days** or as otherwise stated by the Contracting Officer in the RFP.

F.8 REVIEW OF PROPOSAL

a. The Administrative Contracting Officer (ACO) and Contracting Officer's Representative (COR) will evaluate the Contractor's proposal and proposed tasks and compare these with the Government's cost estimate of the detailed scope of work to determine the reasonableness of approach, including the nature and quantity of tasks proposed.

b. The ACO reserves the right to reject a proposal for any reason, including, but not limited to: the quantities or tasks selected by the Contractor, schedule, inadequate documentation, unacceptable pricing for non pre-priced tasks, and selection of material, equipment or subcontractors. The Ordering Officer also reserves the right not to issue a Task Order if that is determined to be in the best interests of the Government or the proposed cost exceeds the Government estimate. The Contractor has no claim to recoup proposal expenses. The Government may pursue the performance of such work by other means.

c. Upon receipt of the Contractor's proposal, the Government will review the proposal for completeness and reasonableness. If necessary, the ACO will arrange with the Contractor to discuss the scope of all pre-priced items and to negotiate all non pre-priced items and performance times. Upon completion of negotiations, the ACO will issue a Task Order to the Contractor. The Task Order may include changes to the scope of work (if applicable) as agreed upon in negotiations and the negotiated completion date.

F.9 ISSUANCE OF TASK ORDER

1. The Task Order document (DD Form 1155) is the Contractor's notice to proceed. The document is

prepared by the Contracting Officer and is issued to the Contractor for work to be performed. Formal Modifications to the Task Order will be issued as necessary and may be amended on Standard Form (SF) 30 AMENDMENT OF SOLICITATION/MODIFICATION OF CONTRACT (SF-30). Task Orders will be fixed priced with specific completion dates and shall clearly define the specific services to be performed or the performance desired. Each Task Order may include additional requirements beyond those already included or referenced in the basic contract.

a. Formal modifications to the task orders will be issued as necessary and may be amended on the SF30.

b. In the event that the Government and Contractor fail to agree (in whole or in part), on the MEANS line item quantities, or non- pre-priced items, a Firm Fixed Price Task Order may be issued unilaterally. The Contractor shall then proceed with the work. During or after performance, the Contractor may seek resolution in accordance with FAR Clause 52.233-1 DISPUTES (JUL 2002) - ALTERNATE I (DEC 1991) cited in Section I.

2. Most Task Orders issued will be definitive (a defined price based on predetermined tasks and quantities). However, under emergency conditions, or when otherwise appropriate, the Contracting Officer may issue a non-definitive (lacking definitive tasks or quantities) Task Order which directs the Contractor upon issuance of the order to proceed with the work immediately. These unilateral orders will specify the work as non- definitive and will contain a maximum (not-to-exceed) dollar amount, against which the Contractor can submit invoices, during contract performance. The final price will be determined through negotiations to identify pre-priced and non pre-priced tasks and quantities.

a. Within two (2) working days from the notice to proceed, the Contracting Officer will conduct a joint scoping meeting with the Contractor to further identify the work and establish Task Order requirements. Following Government acceptance of the detailed scope of work, the Contractor shall prepare and submit a proposal as per Section F.6.

b. Following receipt of the Contractor's proposal, the Government will review the proposal as per Section F.4. Upon completion of negotiations, the Contracting Officer will issue a Modification to the Task Order to incorporate the detailed scope of work, other Task Order requirements, and the final Task Order price. Failure to reach an agreement on the final price will be settled in accordance with FAR Clause 52.233-1 DISPUTES (JUL 2002) - ALTERNATE I (DEC 1991) in Section I.

F.10 ORAL ORDERS

a) Only the Contracting Officer may issue oral orders in emergency circumstances. Oral order will be confirmed by issuance of a written task order within two (2) Working days after the oral order is placed.

b) Orders may be modified orally by the Contracting Officer in emergency circumstances. Oral modifications shall be confirmed by issuance of a written modification on Standard Form 30 within two (2) working days from the time of the oral communication modifying the order.

F.11 ORDER OF CONFLICTING TASK ORDER DOCUMENTS

In the event of any inconsistency in the written direction provided to the Contractor in the Firm Fixed Price Task Order documents, precedence will be as follows:

1. Scope of Work
2. Drawings
3. Specifications

F.12 COMPLETION OF TASK ORDER

The Contractor shall complete all work by the required completion date specified in the Task Order. Where unforeseen conditions cause delays, the completion date may be extended only as negotiated and modified in the Task Order. Upon Task Order completion and Government acceptance of the work, the contractor shall complete a final release and submit it with a request for final payment.

The number of calendar days for Task Order completion is as follows unless the number of days is otherwise negotiated and agreed to by the contractor and the Contracting Officer.

Task Order Amount	Days
\$2,000-\$25,000	60
\$25,001-\$100,000	120
\$100,001-\$500,000	150
Over \$500,000	180 (Contractor is not required to accept orders over \$500K)

F.13 TASK ORDER LIQUIDATED DAMAGES

The Ordering Officer may include liquidated damages on individual Task Orders as determined necessary. If the Contractor inexcusably fails to complete work within the time specified in the Task Order, the Contractor shall pay liquidated damages to the Government for each calendar day of delay until the work is completed.

The following schedule will be used to calculate Task Order Liquidated Damages Cost per Calendar Day:

Task Order Amount - Liquidated Damages	
Up to \$25,000	\$ 80
\$25,000 to \$50,000	\$110
\$50,000 to \$100,000	\$140
\$100,000 to \$500,000	\$200
Each additional \$100,000	add \$50

If the Government terminates the Contractor’s right to proceed, the resulting damages will consist of liquidated damages until such reasonable time as may be required for final completion of the work together with any increased cost occasioned by the Government in completing the work.

If the Government does not terminate the Contractor’s right to proceed, the resulting damages will consist of liquidated damages until the work is completed or accepted.

F.14 OMISSIONS

Omissions from the drawings or the mis-descriptions of details of work which are manifestly necessary to carry out the intent of the drawings and specifications or which are customarily performed, shall not relieve the contractor from performing such omitted or mis-described details of the work but they shall be performed as if fully and correctly set forth and described in the drawing and specifications.

F.15 EXECUTION OF WORK

1) The Contractor shall submit Task Order preconstruction submittals within the specified times following issuance of the Task Order unless otherwise directed by the Contracting Officer:

- | | | |
|----|---|----------------|
| a. | Construction Schedule | Within 15 days |
| b. | Site Specific Activity Hazard Analysis Plan | Within 15 days |
| c. | Material/Product Catalog Cut Sheets | Within 15 days |

2) Preconstruction Conference. Within seven (7) days after Task Order issuance, the Contractor shall schedule a Preconstruction Conference with the Ordering Officer to be held within fifteen (15) days after Task Order issuance.

3) Before any of the work is initiated under an individual Task Order, the Contractor shall furnish all drawings and submittals necessary for completion of work. The Contractor shall confer with the Contracting Officer and agree on sequence of procedure; means of access to premises and building; space for storage of materials and equipment; delivery of materials and use of approaches; use of corridors, stairways, elevators, means of communications, the location of partitions, and rest rooms for Contractor’s employees. The work shall be executed in a manner and at such times that will cause the least practicable disturbance to the occupants of the buildings and normal activities of the station. Furniture and portable office equipment in the immediate area will be moved by the Contractor and replaced to its original position. If the work required by the Task Order will not allow furniture and portable office equipment to be replaced to its original position, new locations will be designated by the Ordering Officer for replacement by the Contractor. If the situation does not allow for the moving of office equipment, furniture, etc., the Contractor is required to cover/protect at his/her own expense. Delivery of materials and equipment shall be made with a minimum of interference to Government operations and personnel. The work shall, so far as practicable, be done in definite sections or divisions and confined to limited areas, which shall be completed before work in other sections, or divisions have begun.

4) Materials and equipment may not be stored at the jobsite lay down area after work hours unless approved in advance by the Contracting Officer. There will not be office space available at any location. All job site lay down areas are dependent upon Task Order size and location of the work. Job site availability will be included with each RFP and resulting Task Order.

F.16 PARTNERING

To most effectively accomplish this contract, the Government requires the formation of a cohesive partnership with the Contractor and its subcontractors. The partnership will draw on the strength of each organization in an effort to achieve a quality project done right the first time, within the budget, on schedule, and without any safety mishaps. This level of partnering discusses partnering concepts and benefits, and should become a part of the preconstruction conference. The Initial Informal Partnering Session will be conducted and facilitated using electronic media (a video and accompanying forms) provided by the Contracting Officer. The senior Government representative and senior Contractor representative present will jointly host the partnering sessions. Partnering sessions shall be held on a semi-annual basis at Marine Corps Base, Camp Pendleton, Building 2291, Facilities Support Contracts Division Conference Room. The participants shall bear their own costs for meals, lodging, and transportation associated with partnering.

F.17 FAR 52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates the following clauses by reference with the same force and effect as if they were given in full text. Upon request the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this address:

<http://www.acquisition.gov>

CLAUSE NO. TITLE:

FAR 52.211-18 Variation in Estimated Quantity
FAR 52.236-6 Superintendence by the Contractor
FAR 52.242-14 Suspension of Work (APR 1984)

End of Section F

DELIVERY INFORMATION

CLIN	DELIVERY DATE	QUANTITY	SHIP TO ADDRESS	UIC
0001	N/A	N/A	N/A	N/A

Section G - Contract Administration Data

SECTION G**SECTION G
CONTRACT ADMINISTRATION DATA****H.7 CONTRACT ADMINISTRATION**

3. Contracting Officer (CO) means a person with the authority to enter into, administer and/or terminate contracts and make related determinations and findings. The Contracting Officer signs all contractual documents, approves and signs all modifications to contracts, processes and approves payment requests, reviews and makes final decisions on contractual discrepancies, and administers the contract. The Contracting Officer is the only individual authorized to make changes to a contract.

4. The Procuring Contracting Office (PCO) is located at ROICC, Marine Corps Base (MCB) Camp Pendleton. Overall administration of the basic contract will be the responsibility of the office. The PCO is responsible for the contract in its entirety and possesses complete authority to modify the terms of the basic contract. Task orders issued under this contract will be administered by Administrative Contracting Officers (ACOs) at the ROICC Office, Marine Corps Base (MCB) Camp Pendleton, CA and the Facilities Engineering and Acquisition Division (FEAD) at Marine Corps Air Station (MCAS), Miramar, CA. Task Orders for work located at the Marine Corps Recruit Depot (MCRD) in San Diego will be issued and administered by the FEAD Miramar. The terms "Contracting Officer" and "Administrative Contracting Officer" may be used interchangeably when referring to individual Task Orders. All correspondence for the basic contract shall be addressed to the PCO and shall include the contract number assigned. The Contractor will be provided the names and contact information of approved Administrative Contracting Officers (ACOs) within three (3) days after basic contract award.

5. All post award/administrative task order correspondence i.e., insurance, California Preliminary Notices, etc., unless otherwise specified, shall be directed to the ACO placing the specific Task Order. Additionally, all correspondence and Task Orders/Modifications, etc. shall include both the Task Order number and the Proposed Task Order (PTO) number as applicable.

H.8 PROJECT COORDINATION AND MEETINGS

1. Coordinate scheduling, submittals, and project work to assure efficient and orderly sequence of installation of interdependent construction elements.

2. Preconstruction Conference: The Contracting Officer will schedule a preconstruction conference after each task order award, which the Contractor will attend.

3. Progress Meetings: Schedule and administer on-site meetings at weekly intervals to review the work schedule for the following two weeks, for the work of each individual task order. Required attendance: Job superintendent, COR, and as appropriate, Contractor's employees. Include the following topics for the agenda at each meeting:

- d. Review of work progress
- e. Field observations, problems, and decisions
- f. Requests for information and pending modifications
- g. Review of submittals schedule and status of submittals
- h. Project progress schedule
- i. Planned progress during succeeding two-week work period

H.9 REPETITIVE ITEMS/MATERIALS SUBMITTAL

Within twenty-one (21) days after award of the basic contract, the Contractor shall submit for acceptance to each Ordering Officer those materials intended to be used on a repetitive basis. Each submittal shall be accompanied by two samples of each pattern and color available (manufacturers' catalogs with items identified according to the MEANS section number will be substituted for physical samples where appropriate). The Contracting Officer may specify the use of these pre-approved materials on Task Orders issued under the contract. It shall be the Contractors responsibility to submit new samples as needed to keep the library current. The library shall include such material as paints; floor coverings, wall coverings, ceiling panels, light fixtures, carpeting and other material that the Contracting Officer or Contractor determines are appropriate for inclusion in the library. The following items shall be submitted within (30) days after award:

<u>BASIC SUFFIX</u>	<u>ITEM</u>	<u>DESCRIPTION</u>	<u>COLOR SAMPLES</u>	<u>PATTERN SAMPLES CATALOG</u>
07300-1111	Std. Fiberglass	Roof Shingles	X	
09310-1000 thru 09310-2000	Ceramic Tile		X	X
09511-1000 09511-2000	Acoustic Ceiling Panels		X thru	
09512-2004 thru 09512- 2005	Ceiling Tile		X	
09660-1001 09660-1003	Floor Tile		X	X thru
09660-1101 09660-1103	Floor Tile		X	X thru
09660-1401 09660-1404	Sheet Vinyl Flooring		X	X thru
09682-1002	Nylon Carpet (20 oz)		X	X
09682-2001	Nylon Carpet (28 oz)		X	X
09682-2002	Nylon Carpet (38 oz)		X	X
09910-1101 thru 09910-2122	Interior paint (Identified by specified paint type)		X	X
09920-1101 thru 09920-1371	Exterior Paint (Identified by specified paint type)		X	X
16511-1000 thru 16513- 2103	Light Fixtures			X

H.10 TASK ORDER SCHEDULE

1. For each task order provide a bar chart or precedence diagram schedule to detail construction activities required for completion of the project. Onsite work shall not begin until a schedule has been approved by the Contracting Officer. The schedule shall depict each distinct, salient activity involved in performing the task order work, the proposed dates for beginning and completing each activity, activity durations, submittal dates, and delivery dates of materials.

2. Update the schedule for each progress meeting or monthly invoice, showing actual progress and proposed changes to the work activities. The schedule may be adjusted as necessary while construction progresses provide that changes are brought to the attention of the Government at least seven days before any revised dates for utility outages, i.e. water shut-off, etc., and the agreed to completion dates are not altered without Contracting Officer approval.

3. Closely coordinate all work with the COR so adequate notice is given (at least one week) for shutdown of any utility service.

4. The Government has final authority on shutting off any utilities and may reject the Contractor's proposed schedule at any time. Work that has not yet begun, and that can reasonably be delayed or rescheduled, may be rescheduled for the convenience of the Government based on research priorities.

H.11 SCHEDULE OF PRICES

The contractor shall provide a proposed schedule of prices used for monthly progress payments for each task order. Include line items for all significant items of work and delineate work items by the CSI format. The schedule of values shall be in enough detail, including quantities and units, such that construction progress can be easily translated to the schedule for partial payment of incomplete work items, as well as those work items that are finished. General conditions, overhead and profit costs shall be spread out over all work items and cannot be invoiced for separately.

H.12 INVOICING INSTRUCTIONS

The Contractor's request for payment under a task order shall conform and will be processed in accordance with the requirements of FAR Clause 52.232-5 PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS; FAR 52.232-27 PROMPT PAYMENT FOR CONSTRUCTION CONTRACTS; DFARS 252.232-7003 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS AND RECEIVING REPORTS (JUN 2012); and DFARS 252.232.7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (MAY 2013)

DFARS 252.232-7003 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS AND RECEIVING REPORTS (JUN 2012)

(a) *Definitions.* As used in this clause—

- (1) "Contract financing payment" and "invoice payment" have the meanings given in section 32.001 of the Federal Acquisition Regulation.
- (2) "Electronic form" means any automated system that transmits information electronically from the initiating system to all affected systems. Facsimile, e-mail, and scanned documents are not acceptable electronic forms for submission of payment requests. However, scanned documents are acceptable when they are part of a submission of a payment request made using Wide Area WorkFlow (WAWF) or another electronic form authorized by the Contracting Officer.
- (3) "Payment request" means any request for contract financing payment or invoice payment submitted by the Contractor under this contract.

- (4) “Receiving report” means the data required by the clause at [252.246-7000](#), Material Inspection and Receiving Report.
- (b) Except as provided in paragraph (c) of this clause, the Contractor shall submit payment requests and receiving reports using WAWF, in one of the following electronic formats that WAWF accepts: Electronic Data Interchange, Secure File Transfer Protocol, or World Wide Web input. Information regarding WAWF is available on the Internet at <https://wawf.eb.mil/>.
- (c) The Contractor may submit a payment request and receiving report using other than WAWF only when—
- (1) The Contracting Officer administering the contract for payment has determined, in writing, that electronic submission would be unduly burdensome to the Contractor. In such cases, the Contractor shall include a copy of the Contracting Officer’s determination with each request for payment;
 - (2) DoD makes payment for commercial transportation services provided under a Government rate tender or a contract for transportation services using a DoD-approved electronic third party payment system or other exempted vendor payment/invoicing system (e.g., PowerTrack, Transportation Financial Management System, and Cargo and Billing System);
 - (3) DoD makes payment for rendered health care services using the TRICARE Encounter Data System (TEDS) as the electronic format; or
 - (4) When the Governmentwide commercial purchase card is used as the method of payment, only submission of the receiving report in electronic form is required.
- (d) The Contractor shall submit any non-electronic payment requests using the method or methods specified in Section G of the contract.
- (e) In addition to the requirements of this clause, the Contractor shall meet the requirements of the appropriate payment clauses in this contract when submitting payment requests.
- (End of clause)

DFARS 252.232.7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (MAY 2013)

- (a) *Definitions.* As used in this clause—
- “Department of Defense Activity Address Code (DoDAAC)” is a six position code that uniquely identifies a unit, activity, or organization.
- “Document type” means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).
- “Local processing office (LPO)” is the office responsible for payment certification when payment certification is done external to the entitlement system.
- (b) *Electronic invoicing.* The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS [252.232-7003](#), Electronic Submission of Payment Requests and Receiving Reports.
- (c) *WAWF access.* To access WAWF, the Contractor shall—
- (1) Have a designated electronic business point of contact in the System for Award Management at <https://www.acquisition.gov>; and
 - (2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.
- (d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the “Web Based Training” link on the WAWF home page at <https://wawf.eb.mil/>
- (e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.
- (f) *WAWF payment instructions.* The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:
- (1) *Document type.* The Contractor shall use the following document type(s).

NAVY CONSTRUCTION/FACILITIES MANAGEMENT INVOICE

(2) *Inspection/acceptance location.* The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

Issue by and admin DoDAAC is N62473/ROPCN
 Pay Official DoDAAC is N68732

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	N68732
Issue By DoDAAC	N62473
Admin DoDAAC	N62473
Inspect By DoDAAC	M00681
Ship To Code	
Ship From Code	
Mark For Code	
Service Approver (DoDAAC)	
Service Acceptor (DoDAAC)	N62473/ROPCN
Accept at Other DoDAAC	
LPO DoDAAC	N62473/ROPCN
DCAA Auditor DoDAAC	
Other DoDAAC(s)	

(4) *Payment request and supporting documentation.* The Contractor shall ensure a payment request includes appropriate contract line item and subline item descriptions of the work performed or supplies delivered, unit price/cost per unit, fee (if applicable), and all relevant back-up documentation, as defined in DFARS Appendix F, (e.g. timesheets) in support of each payment request.

(5) *WAWF email notifications.* The Contractor shall enter the e-mail address identified below in the "Send Additional Email Notifications" field of WAWF once a document is submitted in the system.

NAVFAC_SW_ROPCN_@NAVY.MIL

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

Not Applicable

(2) For technical WAWF help, contact the WAWF helpdesk at 866-618-5988.

H.13 RETENTION, WITHHOLDING OF FUNDS, AND DISALLOWANCES

If the Contractor fails to maintain the record drawings as required in Section C, the Contracting Officer will consider that satisfactory progress has not been achieved for the period in question, thereby requiring the retention of 10% of any payments to be made until such drawings are made current. Additionally, the estimated cost of maintaining the record drawings will be retained from any such payments until satisfactory progress is maintained.

The Contracting Officer may withhold payment from the Contractor in accordance with 52.222-7 WITHHOLDING OF FUNDS (FEB 1988), as referenced in Section I regarding alleged violations of the Davis-Bacon or Service Contract prevailing wage requirements.

The Contracting Officer may disallow payment for invoiced items of work if Government review reveals the work was not performed, and/or a required applicable submittal has not been approved.

H.14 PERFORMANCE EVALUATION MEETINGS

The Contractor shall meet with the Government's representative **weekly** during the first month of the contract. Thereafter, meetings will be as often as necessary at the discretion of the Contracting Officer, but not less than **monthly**. A mutual effort will be made to resolve all problems identified. The written minutes of these meetings, prepared by the Government, shall be signed by the Contractor's representative and the Government's representative. Should the Contractor not concur with the minutes, the Contractor shall state, in writing, to the Contracting Officer any areas of disagreement within **five** calendar days.

The Government will periodically assess the Contractor's overall performance on this contract by using the Performance Assessment Plan (PAP) which will be provided at the Pre Construction Contract Meeting. The Government may use this form to evaluate the Contractor more frequently if it becomes necessary. The Contractor will have 30 calendar days to submit written comments on each evaluation performed.

H.15 CPARS INFORMATION

CPARS is now hosting web-enabled applications that are used to collect and manage a library of automated contractor performance evaluations that are completed in accordance with FAR Parts 36 and 42. FAR Part 36 identifies the requirements for documenting contractor performance for architect-engineer and construction contracts while FAR Part 42 identifies requirements for documenting contractor performance for systems and non- systems acquisitions. The CPARS applications are designed for UNCLASSIFIED use only.

Classified information is not to be entered into these systems. In general, contractor performance assessments or evaluations provide a record, both positive and negative, for a given contract during a specified period of time. When evaluating contractor performance each assessment or evaluation is based on objective facts and is supported by program and contract management data, such as cost performance reports, customer comments, quality reviews, technical interchange meetings, financial solvency assessments, construction/production management reviews, contractor operations reviews, functional performance evaluations, and earned contract incentives.

A Department Of Defense (DoD) PKI Certificate is required for all DoD users and contractors accessing CPARS, ACASS, and CCASS.

PKI Information:

All DoD employees (military and Civilian), including DoD Contractors that are working on site (military/government facilities) or contractors working offsite using Government Furnished Equipment (GFE) are eligible to obtain certificates from DoD PKI. If the contractor doesn't work on site or with GFE they will need to obtain certificates from an External Certificate Authority (ECA).

External Certificate Authority

External Certificate Authorities (ECAs) and Interim External Certificate Authorities (IECAs) provide digital certificates to the DoD's private industry partners, contractors using their own equipment or working in non-government facilities, allied partners, and other agencies.

Approved ECA vendors:

Operational Research Consultants, Inc. (ORC) <http://www.eca.orc.com>

VeriSign, Inc. <http://www.verisign.com/verisign-business-solutions/public-sector-solutions/ieca-eca-certificates/index.html>

H.16 AS-BUILT DRAWINGS AND RECORD DOCUMENTS (FOR EACH TASK ORDER)

1. As-built drawings: Provide and maintain at the project site, one complete set of project record prints. The drawings shall be kept in good, clean, and readable condition. Mark record prints in red ink to show the actual installation where installation varies from that shown originally.

2. Record specifications and product data: Maintain one set of project specifications and product data with actual information in red, similar to the process for as-built drawings.

3. Submit as-built drawings, record specifications, and record product data at the time of final acceptance and prior to final payment. Request for final payment will not be approved until the marked prints are delivered to and approved by the Contracting Officer.

H.17 OPERATION AND MAINTENANCE MANUALS

The contractor shall furnish two (2) identical sets of an operation and maintenance (O&M) manual for the systems identified in each task order. Each manual shall be bound in a standard 8-1/2" x 11", 3-ring, loose leaf, hard cover binder. The manual shall have a general index and each section shall have a separate index tab. The manual's cover shall carry the following format.

OPERATION AND MAINTENANCE MANUAL
[System Identification]

Contract No. AG-5680-S-XX-XXXX
(XX-XXXX is the Task Order number)

The manual shall contain, as a minimum, the following:

- 5) The manufacturer and local representative's name, address, and telephone number.
- 6) Catalog sheets, model/part numbers, and other descriptive literature for each system component.
- 7) Instructions for installation, connection, start-up, operation, shutdown, troubleshooting, maintenance, lubrication, and overhaul for the items specified in the task order. Exploded or other detailed views and electrical/piping schematics (as required) of all components shall be included with complete parts list and ordering instructions.

Two (2) preliminary sets of the O&M manual shall be submitted prior to putting the system into operation. The Government will review and return the preliminary sets. The sets shall be revised and/or amended as required and the two (2) final sets shall be submitted to the Contracting Officer at final walk through. Request for final payment will not be approved until the final sets are complete and approved.

H.18 FAR 52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates the following clauses by reference with the same force and effect as if they were given in full text. Upon request the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this address: <http://www.acquisition.gov>

End of Section G

Section H - Special Contract Requirements

SECTION H**SECTION H
SPECIAL CONTRACT REQUIREMENTS****H.1 DIRECTIVES**

The contractor shall be knowledgeable of all applicable Department of Defense (DOD) Secretary of the Navy (SECNAV), Chief of Naval operations (OPNAV), Naval Engineering Command (NAVFAC), and all other directives and instructions as cited in Section J.

The Contractor shall become acquainted with the applicable sections of the regulations and other publications set forth herein. The Contractor is only obligated to follow those coded as mandatory and only to the extent stated in this specification when a specific part of this document is referenced herein.

The Contractor and all employees of the Contractor shall be acquainted with and obey all Government and Station regulations as posted, or as requested by the Contracting Officer and or a designated representative. Government and station regulations become binding on the contractor upon posting or issuance by Contracting Officer and/or a designated representative. Modifications required to incorporate supplements and changes of this contract will be issued as authorized under **52.243-4 CHANGES (AUG 1987)**, as referenced in Section I.

H.2 ADMINISTRATIVE CONTRACTING OFFICERS (ACOs)

Task orders will be placed by Contracting Officers at ROICC MCB/MCAS Camp Pendleton, CA and MCAS Miramar, CA.

H.3 INSURANCE

a. Within fifteen (15) days after award of this contract, the Contractor shall furnish the Contracting Officer and/or his designated representative a certificate of insurance as evidence of the existence of insurance. Coverage shall be in amounts not less than specified below in accordance with 52.228-5, INSURANCE -WORK ON A GOVERNMENT INSTALLATION (JAN 1997), as referenced in Section I. This insurance must be maintained during the entire performance period.

b. The Certificate of Insurance shall provide for thirty (30) days written notice to the Contracting Officer by the insurance company prior to cancellation or material change in policy coverage. Other requirements and information are contained in the aforementioned Insurance clause.

H.4 SUBCONTRACT DATA

The Contractor shall submit an executed Statement and Acknowledgement Standard Form (SF) 1413 to the ACOs for every subcontractor (including every subcontractor of the second or lower tier) that will be performing work at the various construction sites. This form provides an acknowledgement by the subcontractor that mandatory "flow-down" contract clauses have been included in its subcontract. Completing this form does not create a contractual relationship between subcontractors and the Government.

H.5 RECORDING AND PRESERVING HISTORICAL AND ARCHAEOLOGICAL FINDS

All items having any apparent historical or archeological interest, which are discovered in the course of any construction activities, shall be carefully preserved. The Contractor shall leave the find undisturbed and shall immediately notify the Contracting Officer.

H.6 HOLIDAYS

The holidays applicable to this contract and the days of observance are set forth below:

New Year's Day, 1 January
Martin Luther King Day, Third Monday in January
Presidents' Day, Third Monday in February
Memorial Day, Last Monday in May
Independence Day, 4 July
Labor Day, First Monday in September
Columbus Day, Second Monday in October
Veteran's Day, 11 November
Thanksgiving Day, Fourth Thursday in November
Christmas Day, 25 December

In the event any of the above holidays occurs on a Saturday or Sunday, then such holiday shall be observed by the contractor in accordance with the practice as observed by the assigned Government employees at the using activity.

H.7 PHOTOGRAPHY

The possession and use of photographic equipment is prohibited without prior approval from the Government. A "photo badge" will be required where photography is permitted. The Contractor shall submit a request identifying the person and equipment involved, along with a description of what is being photographed and the purpose for the photographs.

H.8 LASER AND LASER SYSTEM SAFETY

Contractor personnel, subcontractor personnel, or other personnel employed by the contractor during the prosecution of this Contract shall not bring laser or laser-containing equipment onto any naval complex without prior approval of the Contracting Officer or his/her designated representative.

H.9 ALCOHOLIC BEVERAGES

Alcoholic beverages are prohibited at work sites. Alcoholic beverages may only be consumed in facilities authorized for resale.

H.10 CONTRACTOR USE OF RADIOACTIVE MATERIAL

If the Contractor proposes to utilize radioactive material on Navy Property, whether as an integral part of a piece of the Contractor's equipment or as a separate item, the Contractor shall take the following action:

Furnish to the Contracting Officer evidence of a valid Nuclear Regulatory Agency or Agreement State License to possess and utilize nuclear/radioactive material prior to commencement of any work.

Arrange with the Contracting Officer for measurement of radiation levels of the radioactive material. This shall be accomplished prior to commencing any work involving the use of radioactive material. Evidence of a satisfactory leak test performed in accordance with Nuclear Regulatory Agency or Agreement State License shall be submitted by the Contractor for those sources that are required by his License to be leak tested.

Submit to the Contracting Officer his written procedure for controlling the radioactive material on the Base. This shall be accomplished prior to bringing the radioactive material to the Base. The Contracting Officer shall review the Contractor's procedure for controlling radioactive materials and shall advise the Contractor of any additional

procedure necessary to conform to Base requirements. The Government reserves the right to inspect the utilization and control of the Contractor's radioactive material at any time the material is on Government property.

For certain naturally occurring radioactive elements which may be reincorporated into components utilized on this project, the Contractor shall utilize a component which does not contain the radioactive element whenever possible. If the component composed of radioactive elements must be utilized, the Contractor shall notify the Contracting Officer prior to bringing it on a Government property.

If the Contractor desires to utilize radiographic testing or nuclear probe density test, the following shall be submitted to the Contracting Officer for approval prior to use:

- (a) Place of use
- (b) Time of use
- (c) License to operate the equipment
- (d) A copy of the operating instructions

H.11 NOTICE TO CONTRACTOR OF DRUG DETECTION PROCEDURES

Pursuant to Navy policy applicable to both Government and Contractor personnel, measures will be taken to prevent the introduction and utilization of illegal drugs and related paraphernalia into Government work areas.

In furtherance of the Navy's drug control program, unannounced periodic inspections of the following nature may be conducted by installation security authorities:

- Routine inspection of Contractor occupied workspaces;
- Random inspection of vehicles on entry or exit, with drug detection dog teams as available, to eliminate them as a safe haven for storage of or trafficking in illegal drugs; and
- Random inspection of personnel possessions on entry or exit from the installation.

When there is probable cause to believe that a Contractor employee on board a military installation has been engaged in the use, possession, or trafficking of drugs, the installation authorities may detain said employee until the employee can be removed from the installation, or can be released to the local authorities having jurisdiction.

Trafficking in illegal drug and drug paraphernalia by the Contractor employees while on a military vessel/installation may lead to possible withdrawal or downgrading of security clearance, and/or referral for prosecution by appropriate law enforcement authorities.

The Contractor is responsible for the conduct of employees performing work under this contract and is, therefore, responsible to assure that employees are notified of these provisions prior to assignment.

The removal of Contractor personnel from a Government vessel or installation as a result of the drug offenses shall not be cause for excusable delays, nor shall such action be deemed a basis for an equitable adjustment to price, delivery or other provisions of this contract.

H.12 EQUIPMENT WARRANTY TAG

When installed, the Contractor shall tag each item of warranted equipment or appliance with a durable, oil and water-resistant tag approved by the Contracting Officer. Tags shall show the following information:

EQUIPMENT WARRANTY TAG: Type of Equipment _____ Accepted Date _____

Warranted Until _____ Contract Number _____

H.13 FINAL CLEAN UP

The contract coefficients include the cost of final clean-up on each individual task order. Payment will not be made for final cleanup for work on individual task orders.

H.14 ELEVATORS

Temporary use of an elevator shall be arranged through the Contracting Officer's Representative. Such use will be limited to an intermittent nature. The Contractor shall provide and maintain suitable protective covering for elevator machinery, hatchway entrance, and the interior of the elevator as appropriate during the period of temporary use. Loads in excess of the rated capacity of the elevator are not permitted. Once done using the elevator, the Contractor shall remove all protective coverings and clean the elevator as necessary to bring back to the condition it was in prior to Contractor use.

H.15 KEY PERSONNEL SUBSTITUTION REQUESTS

1. The Contractor shall assign to this contract those persons whose resumes were submitted and approved by the Government. No substitutions shall be made except in accordance with this clause.
2. The Contractor agrees that during the first 180 days of the contract performance period, no personnel substitutions shall be permitted unless such substitutions are necessitated by an individual's sudden illness, death, or termination of employment. In any of these events, the Contractor shall promptly notify the Contracting Officer and provide the information required below. After the initial 180 day period, proposed substitutions shall be submitted, in writing, at least 15 calendar days, (45 calendar working days if security clearance is required to be obtained) in advance of the proposed substitutions, to the Contracting Officer, and provide information required below.
3. Proposed substitutes shall have qualifications that are equal to or higher than the qualifications of the person to be replaced.
4. Requests for additions or substitutions shall provide a detailed explanation of the circumstances necessitating proposed substitutions or additions, a complete resume of the proposed substitute or addition, and any other information requested by the Contracting Officer. The Contracting Officer will evaluate such requests and notify the Contractor in writing of approval or disapproval.
5. For purposes of this clause, key personnel consist of the following:
 - A. Project Manager
 - B. Project Superintendent
 - C. Quality Control Manager
 - D. Superintendent

The list of key personnel may be amended from time to time by contract modification to either add or substitute personnel in accordance with key personnel substitution requirements specified herein.

The name and the specific authorities of the foreman or superintendent must be designated in writing to the Contracting Officer. The Contractor may use his own prepared letterhead stationery. If the Contractor or the designee is not present when work is being performed on the contract, the Government may suspend work until the proper personnel are on site with extension of the performance period. The Contractor shall have a person on-site that is fully conversant in the English language.

H.16 ADDITIONAL ENVIRONMENTAL REQUIREMENTS

Lead and Asbestos Environmental Contract Language (Last Revised on 8/27/12)

Provisions relating to asbestos, lead based paint, and other hazardous materials connected to, and hazardous wastes generated in the course of, any renovation and demolition work.

1. General

- a. The Contractor is presumed to know the legal requirements connected to the work being undertaken, by itself directly, or indirectly, as through an agent, employee, consultant, subcontractor, partner or other indirect means. The Contractor shall be responsible to pay all fines, penalties or other monetary damages that are assessed against the Government for acts or omissions of the Contractor, or the Contractor's agent, employee, consultant, subcontractor, partner or other representative or instrumentality. Fines, penalties and other monetary damages include amounts agreed to by the Government to settle alleged violations, even where the Government admits no violation.
Contractor may pay the Government's settlement amount to the settlement authority on behalf of the Government or to the Government. The Government may pursue delinquent amounts through debt collection procedures which may involve payment of interest, or through simple offset or holdback of moneys due the Contractor under other Contracts.
- b. Compliance with the requirements set out in this subsection is not a guarantee that no regulatory enforcement agency will issue notices of violation or take other enforcement actions. The Contractor remains responsible for these types of alleged violations and this subsection of the Contract recognizes that reasonable settlements with regulatory agencies are often made notwithstanding the possible existence of various defenses, simply because of business considerations including but not limited to the high cost or uncertainty of litigation.
- c. Nothing in this section precludes the Contractor from employing whatever agent, employee, consultant, subcontractor, partner, or other representative or instrumentality allowed elsewhere under this Contract to carry out the various duties necessary for compliance with this subsection and applicable law.
- d. All lead and asbestos abatement plans shall be reviewed by a representative of the Installation Environmental Department. Without review and approval by the Environmental Department, the Contractor is **NOT** authorized to conduct abatement.
- e. The prime Contractor shall implement and document the **Environmental Compliance, Mitigation, & Reporting Measures** checklist. At the time of project completion, the prime Contractor shall return the completed Environmental Compliance, Mitigation, & Reporting Measures checklist to the Installation Environmental Division with the applicable sections signed. Any exemption to this requirement shall be provided in writing by the Installation Environmental Department.
- f. Prior to facility demolition or renovation (regardless of the age of the structure or suspect materials to be disturbed), the Contractor shall conduct surveys/sampling to identify, screen and/or test for asbestos containing material (ACM), lead-based paint, and other hazardous materials if no valid characterization data exist for such material(s). The Installation Environmental Program Manager (IEPM), Lead Program Manager (LPM), and/or Asbestos Program Manager (APM) can be consulted to determine if existing data is available.
- g. All work performed by the Contractor shall be in compliance with all applicable laws, rules, regulations, and guidance which may include, but are not limited to, the following:
 - i. Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA)

- ii. Clean Air Act (CAA)
 - iii. Clean Water Act (CWA)
 - iv. San Diego Air Pollution Control District (APCD) Rule 361.145
 - v. APCD Rule 50 (Visible Emissions)
 - vi. Resource Conservation and Recovery Act (RCRA)
 - vii. Safe Drinking Water Act (SWDA)
 - viii. Toxic Substance Control Act (TSCA)
 - ix. OPNAVINST 5090 Series, Environmental and Natural Resources Manual
 - x. NAVFACINST 5100.11 Series, Chapter 4
 - xi. UFGS 02 57 19.00 20 (Temporary Environmental Controls)
 - xii. Commander Navy Region Southwest Waste Management Plan for the San Diego Metro Area.
- h. The most recent edition of any applicable law, rule, regulation, or guidance shall be in effect. Where conflict among the requirements exists, the most stringent requirements shall be in effect.
2. Asbestos
- a. The Contractor shall not install or use any asbestos containing material (ACM) (i.e., any material that contains more than 1% asbestos) nor any asbestos containing construction material (ACCM) (i.e., any manufactured construction material that contains more than 0.1% asbestos) at any time during this project. The Certificate of ACM/ACCM-Free Construction (which is available through the Installation Asbestos Program Manager [APM]) shall be provided by the Contractor to the APM certifying that all construction materials that were used or installed during this project, including those supplied by third parties, are not ACM nor ACCM [Federal Acquisition Regulation (FAR) 52.223- 3].
 - b. It is a regulatory requirement to sample all suspect asbestos-containing material (ACM) to be disturbed prior to facility renovation or demolition (per the federal National Emission Standards for Hazardous Air Pollutants (NESHAP), section 61.145, NAVFACINST 5100.11J, and Occupational Safety and Health Administration (OSHA) 1910.1001 (j)(2)(i)). All suspect materials to be disturbed are required to be sampled for the presence of asbestos regardless of the age of the structure or suspect materials. Typically, materials such as glass, wood, and metal are not considered suspect materials. Visual inspection is not an acceptable method to determine if suspect materials contain asbestos. Lab analysis of suspect material(s) is required to make such a determination. If valid asbestos data exist for the material(s) to be disturbed (as determined by the Installation IEPM or APM), no additional sampling of such material(s) is required.
 - c. All asbestos abatement work performed in California (CA) shall be performed by licensed and registered asbestos abatement contractors (i.e., registered by the CA Division of Occupational Safety and Health [of the CA Department of Industrial Relations], and licensed with the CA Contractors State License Board).
 - d. For all asbestos-related demolition or removal, the Contractor shall have a third-party Industrial Hygienist (IH) (who maintains certification as AHERA Project Designer and AHERA Constructor Supervisor), Certified Asbestos Consultant (CAC), or Site Safety Technician (SST) (under the direction of a CAC) on-site at all times during the abatement project (i.e., during working hours). The purpose of this individual is to act as an independent observer to ensure compliance with the approved work plan and all applicable regulatory requirements.
 - e. All asbestos work plans for work performed in California shall be written by a State of California Certified Asbestos Consultant (CAC). This requirement applies regardless if the asbestos is friable or non-friable.
 - f. The Contractor shall provide a notice of intention (NOI) to the San Diego Air Pollution Control

District (APCD) **at least 10 working days prior** to execution of work where the combined amount of RACM to be removed or stripped or similarly disturbed measures more than 260 linear feet on pipes and/or more than 160 square feet on other facility components. APCD Rule 361.145].

- g. For projects that include both asbestos removal and demolition for the same regulated structure(s), the San Diego APCD should be notified on two separate NOI forms (i.e., one form for asbestos removal and the other for demolition). Each notification form shall be submitted with the respective notification fee.
- h. Prior to submittal to the San Diego APCD, all NOIs shall be approved in writing by the IEPM or APM.
- i. **An NOI shall be submitted to the APCD for all demolition (i.e., wrecking or taking out of any load-supporting structural member of facility) regardless of whether asbestos is present or not.** This NOI shall be submitted at least 10 working days prior to execution of demolition work.
- j. Per APCD Rule 361.145, the Contractor shall provide the APCD with a new NOI whenever there is a change in the starting date for asbestos stripping or removal work or whenever the amount of asbestos affected changes by at least 20%.
- k. Per APCD Rule 361.145, if asbestos stripping or removal or demolition will begin after the original start date (specified in the original NOI), the Contractor, with written consent from the Installation Environmental Asbestos Program Manager (APM) or IEPM, notify the APCD Control Officer of the new start date by telephone as soon as possible (ASAP) before the original start date and provide the APCD Control Officer with a new NOI (that specifies the new start date) ASAP, but no later than the original start date. If asbestos stripping or removal or demolition will begin earlier than the original start date, the Contractor shall, with written consent from the Installation Environmental Asbestos Program Manager (APM) or IEPM, provide the APCD Control Officer with an NOI at least 10 working days before the asbestos stripping or removal or demolition work begins.
- l. The Contractor shall manage (i.e., abate, store, dispose of, and transport) all material containing asbestos and Asbestos Containing Material (ACM) in accordance with all applicable federal, state, local, and Department of Defense (DoD) laws, rules, regulations, and guidance. In the State of California, the hazardous waste (HW) regulatory threshold for friable Asbestos Containing Waste is 1% by weight, at which point the friable waste becomes classified as a California non-RCRA HW.
- m. For asbestos that is a hazardous waste, the Contractor shall adhere to the manifesting procedure(s) specified in the Contractor Manifesting Procedure for Hazardous Waste (Shaw-CH), HW-05-006 of 10 Oct 10. Applicable laws, rules, regulations, and guidance may include, but are not limited to, the following:
 - i. 5 CFR 339.205 and 339.301 (Medical Qualification Determination)
 - ii. 29 CFR 1910.134 (Respiratory Protection)
 - iii. 29 CFR 1910.1001 (OSHA) iv. 29 CFR 1926.1101 (OSHA)
 - v. 29 CFR 1915.1001 (Asbestos Exposure in all Shipyard Employment Work)
 - vi. 40 CFR 61, Subpart M (NESHAP)
 - vii. 40 CFR 763, Subpart E
 - viii. APCD Rule 361.145
 - ix. APCD Rule 361.150
 - x. California Code of Regulations (CCR) Title 8, Section 1529 (Asbestos)
 - xi. UFGS 02 82 16.00 20 (Engineering Control of Asbestos Containing Materials)

- xii. 42 U.S.C. Section 7401 et seq. of Nov 25 1990 (PL 101-549), Clean Air Act
- xiii. OPNAVIST 5100.23 Series, Navy Safety and Occupational Health Program Manual, Chapter 17
- xiv. NAVFACINST 5100.11 Series, NAVFAC Safety and Health Manual
- xv. OICC/ROICC Field Procedure Manual – Managing Asbestos Abatement for Demolition Contracts
- xvi. OICC/ROICC Field Procedure Manual – Managing Asbestos Abatement for Renovation Contracts
- xvii. Contractor Manifesting Procedure for Hazardous Waste (Shaw-CH), HW-05-006 of 10 Oct 10

3. Lead

- a. For all lead-related demolition or removal, the Contractor shall have a third- party Industrial Hygienist (IH) on-site at all times during the abatement project (i.e., during working hours). The purpose of this individual is to act as an independent observer to ensure compliance with the approved work plan and all applicable regulatory requirements.
- b. All lead abatement work plans for work performed in California shall be written by a CA Department of Public Health (CDPH) lead certified Project Designer, Project Monitor, or Supervisor [Title 17, California Code of Regulations (CCR), Division 1, and Chapter 8].
- c. The Contractor shall manage (i.e., abate, store, dispose of, and transport) all material containing lead and LBP in accordance with all applicable federal, state, local, and Department of Defense (DoD) laws, rules, regulations, and guidance. These applicable laws, rules, regulations, and guidance may include, but are not limited to, the following:
 - i. Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X)
 - ii. 29 CFR 1926.62 (OSHA – Lead Exposure in Construction)
 - iii. 29 CFR 1910.1025 (OSHA – Lead)
 - iv. OPNAVINST 5100.23 Series, Chapter 21
 - v. NAVFACINST 5100.11 Series, Chapter 5
 - vi. UFGS 02 82 33.13 20 (Removal/Control and Disposal of Paint with Lead)
 - vii. UFGS 02 83 13.00 20 (Lead in Construction)
 - viii. CCR, Title 17, Division 1, Chapter 8, § 35001 - 36100 Accreditation, Certification, and Work Practices for Lead-Based Paint and Lead Hazards
 - ix. [CCR, Title 8, Section 1532.1 et seq](#)

Section I - Contract Clauses

5252.216-9316

UNDEFINITIZED TASK/DELIVERY ORDERS (OCT 2007)

(a) Prior to the issuance of a task/delivery order under this contract, it is anticipated that the government and the contractor will reach agreement on the price or total cost and fee (if applicable) for the services to be provided under the order. The Contracting Officer may authorize commencement of work prior to final agreement on cost or price. In such case, the contractor shall immediately commence performance of the services specified in the order and shall submit a pricing proposal within 15 days of receipt of the order. Upon completion of negotiations, the final negotiated cost or price will be set forth in a supplemental agreement that is executed by the contractor and the Contracting Officer. Failure to agree upon the cost or price shall be considered a dispute subject to the Disputes clause of this contract.

(b) Undefinitized task/delivery orders shall indicate a "not to exceed" amount for the order; however, such amount shall not exceed 50 percent of the estimated cost of the order. The order shall only require the Contracting Officer's signature, but shall also comply with all other order requirements. Undefinitized task/delivery orders shall indicate the date by which the government anticipates that the cost or price of the order will be definitized.

CLAUSES INCORPORATED BY FULL TEXT

52.203-7 ANTI-KICKBACK PROCEDURES. (MAY 2014)

(a) Definitions.

"Kickback," as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

"Person," as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

"Prime contract," as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

"Prime Contractor," as used in this clause, means a person who has entered into a prime contract with the United States.

"Prime Contractor employee," as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

"Subcontract," as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

"Subcontractor," as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the prime Contractor or a higher tier subcontractor.

"Subcontractor employee," as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

(b) 41 U.S.C. chapter 87, Kickbacks, prohibits any person from--

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c)(1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States under the prime contract and/or (ii) direct that the Prime Contractor withhold, from sums owed a subcontractor under the prime contract, the amount of any kickback. The Contracting Officer may order the monies withheld under subdivision (c)(4)(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision (c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this subparagraph (c)(5) but excepting subparagraph (c)(1), in all subcontracts under this contract which exceed \$150,000.

52.204-7 SYSTEM FOR AWARD MANAGEMENT (JULY 2013)

(a) Definitions. As used in this provision--

Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional System for Award Management records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same parent concern.

Registered in the System for Award Management SAM database means that--

(1) The offeror has entered all mandatory information, including the DUNS number or the DUNS+4 number, the Contractor and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see Subpart 4.14) into the SAM database;

(2) The offeror has completed the Core, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The offeror will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record ``Active".

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number--

(i) Via the Internet at <http://fedgov.dnb.com/webform> or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

- (i) Company legal business.
 - (ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.
 - (iii) Company Physical Street Address, City, State, and Zip Code.
 - (iv) Company Mailing Address, City, State and Zip Code (if separate from physical).
 - (v) Company Telephone Number.
 - (vi) Date the company was started.
 - (vii) Number of employees at your location.
 - (viii) Chief executive officer/key manager.
 - (ix) Line of business (industry).
 - (x) Company Headquarters name and address (reporting relationship within your entity).
- (d) If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.
- (e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
- (f) Offerors may obtain information on registration at <https://www.acquisition.gov>.
- (End of clause)

52.204-10 REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS (JULY 2013)

- (a) Definitions. As used in this clause:

Executive means officers, managing partners, or any other employees in management positions.

First-tier subcontract means a subcontract awarded directly by the Contractor for the purpose of acquiring supplies or services (including construction) for performance of a prime contract. It does not include the Contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a Contractor's general and administrative expenses or indirect costs.

Month of award means the month in which a contract is signed by the Contracting Officer or the month in which a first-tier subcontract is signed by the Contractor.

Total compensation means the cash and noncash dollar value earned by the executive during the Contractor's preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):

- (1) Salary and bonus.

- (2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) 718, Compensation-Stock Compensation.
- (3) Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
- (4) Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
- (5) Above-market earnings on deferred compensation which is not tax-qualified.
- (6) Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.
- (b) Section 2(d)(2) of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), requires the Contractor to report information on subcontract awards. The law requires all reported information be made public, therefore, the Contractor is responsible for notifying its subcontractors that the required information will be made public.
- (c) Nothing in this clause requires the disclosure of classified information.
- (d)(1) Executive compensation of the prime contractor. As a part of its annual registration requirement in the System for Award Management (SAM) database (FAR provision 52.204-7), the Contractor shall report the names and total compensation of each of the five most highly compensated executives for its preceding completed fiscal year, if—
- (i) In the Contractor's preceding fiscal year, the Contractor received—
- (A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and
- (B) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and
- (ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>).
- (2) First-tier subcontract information. Unless otherwise directed by the contracting officer, or as provided in paragraph (g) of this clause, by the end of the month following the month of award of a first-tier subcontract with a value of \$25,000 or more, the Contractor shall report the following information at <http://www.frs.gov> for that first-tier subcontract. (The Contractor shall follow the instructions at <http://www.frs.gov> to report the data.)

(i) Unique identifier (DUNS Number) for the subcontractor receiving the award and for the subcontractor's parent company, if the subcontractor has a parent company.

(ii) Name of the subcontractor.

(iii) Amount of the subcontract award.

(iv) Date of the subcontract award.

(v) A description of the products or services (including construction) being provided under the subcontract, including the overall purpose and expected outcomes or results of the subcontract.

(vi) Subcontract number (the subcontract number assigned by the Contractor).

(vii) Subcontractor's physical address including street address, city, state, and country. Also include the nine-digit zip code and congressional district.

(viii) Subcontractor's primary performance location including street address, city, state, and country. Also include the nine-digit zip code and congressional district.

(ix) The prime contract number, and order number if applicable.

(x) Awarding agency name and code.

(xi) Funding agency name and code.

(xii) Government contracting office code.

(xiii) Treasury account symbol (TAS) as reported in FPDS.

(xiv) The applicable North American Industry Classification System code (NAICS).

(3) Executive compensation of the first-tier subcontractor.

Unless otherwise directed by the Contracting Officer, by the end of the month following the month of award of a first-tier subcontract with a value of \$25,000 or more, and annually thereafter (calculated from the prime contract award date), the Contractor shall report the names and total compensation of each of the five most highly compensated executives for that first-tier subcontractor for the first-tier subcontractor's preceding completed fiscal year at <http://www.fsr.gov>, if—

(i) In the subcontractor's preceding fiscal year, the subcontractor received—

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and

(B) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/excomp.htm>.)

(e) The Contractor shall not split or break down first-tier subcontract awards to a value less than \$25,000 to avoid the reporting requirements in paragraph (d).

(f) The Contractor is required to report information on a first-tier subcontract covered by paragraph (d) when the subcontract is awarded. Continued reporting on the same subcontract is not required unless one of the reported data elements changes during the performance of the subcontract. The Contractor is not required to make further reports after the first-tier subcontract expires.

(g)(1) If the Contractor in the previous tax year had gross income, from all sources, under \$300,000, the Contractor is exempt from the requirement to report subcontractor awards.

(2) If a subcontractor in the previous tax year had gross income from all sources under \$300,000, the Contractor does not need to report awards for that subcontractor.

(h) The FSRS database at <http://www.fsrs.gov> will be prepopulated with some information from SAM and FPDS databases. If FPDS information is incorrect, the contractor should notify the contracting officer. If the SAM database information is incorrect, the contractor is responsible for correcting this information.

(End of clause)

52.204-13 SYSTEM FOR AWARD MANAGEMENT MAINTENANCE (JULY 2013)

(a) Definitions. As used in this clause--

Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities, which is used as the identification number for Federal Contractors.

Data Universal Numbering System+4 (DUNS+4) number means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at subpart 32.11) for the same concern.

Registered in the System for Award Management (SAM) database means that—

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, the Contractor and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14), into the SAM database;

(2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record ``Active".

System for Award Management (SAM) means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes—

(1) Data collected from prospective Federal awardees required for the conduct of business with the Government;

(2) Prospective contractor-submitted annual representations and certifications in accordance with FAR subpart 4.12; and

(3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.

(b) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis, from the date of initial registration or subsequent updates, its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(c)(1)(i) If a Contractor has legally changed its business name, doing business as name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to—

(A) Change the name in the SAM database;

(B) Comply with the requirements of subpart 42.12 of the FAR; and

(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph

(c)(1)(i) of this clause, or fails to perform the agreement at paragraph (c)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the ``Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(3) The Contractor shall ensure that the DUNS number is maintained with Dun & Bradstreet throughout the life of the contract. The Contractor shall communicate any change to the DUNS number to the Contracting Officer within 30 days after the change, so an appropriate modification can be issued to update the data on the contract. A change in the DUNS number does not necessarily require a novation be accomplished. Dun & Bradstreet may be contacted—

(i) Via the internet at <http://fedgov.dnb.com/webform> or if the Contractor does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(d) Contractors may obtain additional information on registration and annual confirmation requirements at <https://www.acquisition.gov>.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)

The Contractor shall be required to (a) commence work under this contract within *(Contracting Officer insert number) calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than .**** The time stated for completion shall include final cleanup of the premises.

***TBD by individual Task Order**

****TBD by individual Task Order. The Contracting Officer shall specify either a number of days after the date the contractor receives the notice to proceed, or a calendar date.**

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.211-12 LIQUIDATED DAMAGES--CONSTRUCTION (SEP 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of *\$ [Contracting Officer insert amount] for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

*See individual Task Order for specific information

CLAUSES INCORPORATED BY FULL TEXT

52.215-8 ORDER OF PRECEDENCE--UNIFORM CONTRACT FORMAT (OCT 1997)

Any inconsistency in this solicitation or contract shall be resolved by giving precedence in the following order:

- (a) The Schedule (excluding the specifications).
- (b) Representations and other instructions.
- (c) Contract clauses.
- (d) Other documents, exhibits, and attachments.
- (e) The specifications.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.216-19 ORDER LIMITATIONS. (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than **\$2,000.00**, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor:

- (1) Any order for a single item in excess of **\$750,000**;
- (2) Any order for a combination of items in excess of **\$750,000.00**; or
- (3) A series of orders from the same ordering office within **TWO (2)** days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal

Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within **TWO (2)** days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.216-22 INDEFINITE QUANTITY. (OCT 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum". The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum".

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after **SIXTY (60) Months**.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within **THE PERFORMANCE PERIOD**; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least sixty (60) days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed **SIXTY (60) MONTHS**.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.219-27 NOTICE OF SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS SET-ASIDE (NOV 2011)

(a) Definition. Service-disabled veteran-owned small business concern--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

(b) Applicability. This clause applies only to--

(1) Contracts that have been set aside or reserved for service-disabled veteran-owned small business concerns;

(2) Part or parts of a multiple-award contract that have been set aside for service-disabled veteran-owned small business concerns; and

(3) Orders set aside for service-disabled veteran-owned small business concerns under multiple-award contracts as described in 8.405-5 and 16.505(b)(2)(i)(F).

(c) General. (1) Offers are solicited only from service-disabled veteran-owned small business concerns. Offers received from concerns that are not service-disabled veteran-owned small business concerns shall not be considered.

(2) Any award resulting from this solicitation will be made to a service-disabled veteran-owned small business concern.

(d) Agreement. A service-disabled veteran-owned small business concern agrees that in the performance of the contract, in the case of a contract for--

(1) Services (except construction), at least 50 percent of the cost of personnel for contract performance will be spent for employees of the concern or employees of other service-disabled veteran-owned small business concerns;

(2) Supplies (other than acquisition from a nonmanufacturer of the supplies), at least 50 percent of the cost of manufacturing, excluding the cost of materials, will be performed by the concern or other service-disabled veteran-owned small business concerns;

(3) General construction, at least 15 percent of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other service-disabled veteran-owned small business concerns; or

(4) Construction by special trade contractors, at least 25 percent of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other service-disabled veteran-owned small business concerns.

(e) A joint venture may be considered a service-disabled veteran owned small business concern if--

(1) At least one member of the joint venture is a service-disabled veteran-owned small business concern, and makes the following representations: That it is a service-disabled veteran-owned small business concern, and that it is a small business concern under the North American Industry Classification Systems (NAICS) code assigned to the procurement;

(2) Each other concern is small under the size standard corresponding to the NAICS code assigned to the procurement; and

(3) The joint venture meets the requirements of paragraph 7 of the explanation of Affiliates in 19.101 of the Federal Acquisition Regulation.

(4) The joint venture meets the requirements of 13 CFR 125.15(b)

(f) Any service-disabled veteran-owned small business concern (nonmanufacturer) must meet the requirements in 19.102(f) of the Federal Acquisition Regulation to receive a benefit under this program.

(End of Clause)

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JULY 2013)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts--

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The

Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

The Contractor represents that it () is, () is not a small business concern under NAICS Code - assigned to contract number .

(Contractor to sign and date and insert authorized signer's name and title).

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.222-23 NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY FOR CONSTRUCTION (FEB 1999)

(a) The offeror's attention is called to the Equal Opportunity clause and the Affirmative Action Compliance Requirements for Construction clause of this solicitation.

(b) The goals for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Goals for minority participation for each trade	Goals for female participation for each trade
6.9%	16.9%

These goals are applicable to all the Contractor's construction work performed in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, the Contractor shall apply the goals established for the geographical area where the work is actually performed. Goals are published periodically in the Federal Register in notice form, and these notices may be obtained from any Office of Federal Contract Compliance Programs office.

(c) The Contractor's compliance with Executive Order 11246, as amended, and the regulations in 41 CFR 60-4 shall be based on (1) its implementation of the Equal Opportunity clause, (2) specific affirmative action obligations required by the clause entitled "Affirmative Action Compliance Requirements for Construction," and (3) its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade. The Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor, or from project to project, for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, Executive Order 11246, as amended, and the regulations in 41 CFR 60-4. Compliance with the goals will be measured against the total work hours performed.

(d) The Contractor shall provide written notification to the Deputy Assistant Secretary for Federal Contract Compliance, U.S. Department of Labor, within 10 working days following award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the --

- (1) Name, address, and telephone number of the subcontractor;
- (2) Employer's identification number of the subcontractor;
- (3) Estimated dollar amount of the subcontract;
- (4) Estimated starting and completion dates of the subcontract; and
- (5) Geographical area in which the subcontract is to be performed.

(e) As used in this Notice, and in any contract resulting from this solicitation, the "covered area" is **San Diego County, California**.

(End of provision)

CLAUSES INCORPORATED BY FULL TEXT

52.222-54 EMPLOYMENT ELIGIBILITY VERIFICATION (AUG 2013)

(a) Definitions. As used in this clause--Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply that is--

(i) A commercial item (as defined in paragraph (1) of the definition at 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1(c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1803. An employee is not considered to be directly performing work under a contract if the employee--

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

Subcontract means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

United States, as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall--

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall use E-Verify to initiate verification of employment eligibility of--

(i) All new employees. (A) Enrolled 90 calendar days or more. The Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor shall initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. The Contractor shall initiate verification for each existing employee working in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), within 180 calendar days of--

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor shall comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: <http://www.dhs.gov/E-Verify>.

(d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee--

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) Subcontracts. The Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that--

(1) Is for--(i) Commercial or noncommercial services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;

(2) Has a value of more than \$3,000; and

(3) Includes work performed in the United States.

(End of clause)

52.222-99 ESTABLISHING A MINIMUM WAGE FOR CONTRACTORS (DEVIATION 2014-O0017) (JUNE 2014)

This clause implements Executive Order 13658, Establishing a Minimum Wage for Contractors, dated February 12, 2014, and OMB Policy Memorandum M-14-09, dated June 12, 2014.

(a) Each service employee, laborer, or mechanic employed in the United States (the 50 States and the District of Columbia) in the performance of this contract by the prime Contractor or any subcontractor, regardless of any contractual relationship which may be alleged to exist between the Contractor and service employee, laborer, or mechanic, shall be paid not less than the applicable minimum wage under Executive Order 13658. The minimum wage required to be paid to each service employee, laborer, or mechanic performing work on this contract between January 1, 2015, and December 31, 2015, shall be \$10.10 per hour.

(b) The Contractor shall adjust the minimum wage paid under this contract each time the Secretary of Labor's annual determination of the applicable minimum wage under section 2(a)(ii) of Executive Order 13658 results in a higher minimum wage. Adjustments to the Executive Order minimum wage under section 2(a)(ii) of Executive Order 13658 will be effective for all service employees, laborers, or mechanics subject to the Executive Order beginning January 1 of the following year. The Secretary of Labor will publish annual determinations in the Federal Register no later than 90 days before such new wage is to take effect. The Secretary will also publish the applicable minimum wage on www.wdol.gov (or any successor website). The applicable published minimum wage is incorporated by reference into this contract.

(c) The Contracting Officer will adjust the contract price or contract unit price under this clause only for the increase in labor costs resulting from the annual inflation increases in the Executive Order 13658 minimum wage beginning on January 1, 2016. The Contracting Officer shall consider documentation as to the specific costs and workers impacted in determining the amount of the adjustment.

(d) The Contractor Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (c) of this clause, and will not provide price adjustments under this clause that result in duplicate price adjustments with the respective clause of this contract implementing the Service Contract Labor Standards statute (formerly known as the Service Contract Act) or the Wage Rate Requirements (Construction) statute (formerly known as the Davis Bacon Act).

(e) The Contractor shall include the substance of this clause, including this paragraph (e) in all subcontracts.

(End of clause)

52.223-2 AFFIRMATIVE PROCUREMENT OF BIOBASED PRODUCTS UNDER SERVICE AND CONSTRUCTION CONTRACTS (SEP 2013)

(a) In the performance of this contract, the contractor shall make maximum use of biobased products that are United States Department of Agriculture (USDA)-designated items unless--

(1) The product cannot be acquired--

(i) Competitively within a time frame providing for compliance with the contract performance schedule;

(ii) Meeting contract performance requirements; or

(iii) At a reasonable price.

(2) The product is to be used in an application covered by a USDA categorical exemption (see 7 CFR 3201.3(e)). For example, all USDA-designated items are exempt from the preferred procurement requirement for the following:

(i) Spacecraft system and launch support equipment.

(ii) Military equipment, i.e., a product or system designed or procured for combat or combat-related missions.

(b) Information about this requirement and these products is available at <http://www.biopreferred.gov>.

(c) In the performance of this contract, the Contractor shall--

(1) Report to <http://www.sam.gov>, with a copy to the Contracting Officer, on the product types and dollar value of any USDA-designated biobased products purchased by the Contractor during the previous Government fiscal year, between October 1 and September 30; and

(2) Submit this report no later than--

(i) October 31 of each year during contract performance; and

(ii) At the end of contract performance.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.223-9 ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (MAY 2008)

(a) Definitions. As used in this clause--

Postconsumer material means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of "recovered material."

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall--

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to * (Contracting Officer complete in accordance with agency procedures).

(End of clause)

*See individual task order for specific information.

CLAUSES INCORPORATED BY FULL TEXT

52.225-9 BUY AMERICAN—CONSTRUCTION MATERIALS (MAY 2014)

(a) Definitions. As used in this clause--

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is--

(i) A commercial item (as defined in paragraph (1) of the definition at FAR 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4) such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means--

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Domestic construction material means--

(1) An unmanufactured construction material mined or produced in the United States;

(2) A construction material manufactured in the United States, if--

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

Foreign construction material means a construction material other than a domestic construction material.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the component test of the Buy American statute is waived for construction material that is a COTS item. (See FAR 12.505(a)(2)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial item or to the construction materials or components listed by the Government as follows:

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American Act is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American Act to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American Act. (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including--

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars) \1\
Item 1			
Foreign construction material....
Domestic construction material...
Item 2			
Foreign construction material....
Domestic construction material...

Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).

List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.

Include other applicable supporting information.

(End of clause)

52.225-10 NOTICE OF BUY AMERICAN REQUIREMENT--CONSTRUCTION MATERIALS (MAY 2014)

(a) Definitions. "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American --Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) Requests for determinations of inapplicability. An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers.

(1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-9 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested--

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

(End of provision)

CLAUSES INCORPORATED BY FULL TEXT

52.228-1 BID GUARANTEE (SEP 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds, (1) to unsuccessful bidders as soon as practicable after the opening of bids, and (2) to the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.-

(c) The amount of the bid guarantee shall be **\$1,000.00**.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.-

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of provision)

CLAUSES INCORPORATED BY FULL TEXT

52.228-5 INSURANCE--WORK ON A GOVERNMENT INSTALLATION (JAN 1997)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective (1) for such period as the laws of the State in which this contract is to be performed prescribe, or (2) until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

(End of clause)

52.228-15 PERFORMANCE AND PAYMENT BONDS--CONSTRUCTION (OCT 2010)

(a) Definitions. As used in this clause--

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity.

Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) Amount of required bonds. Unless the resulting contract price is \$150,000 or less, the successful offeror shall furnish performance and payment bonds to the Contracting Officer as follows:

(1) Performance bonds (Standard Form 25). The penal amount of performance bonds at the time of contract award shall be 100 percent of the original contract price.

(2) Payment Bonds (Standard Form 25-A). The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection. (i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) Furnishing executed bonds. The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) Surety or other security for bonds. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the Federal Register or may be obtained from the U.S. Department of the Treasury, Financial Management Service, Surety Bond Branch, 3700 East West Highway, Room 6F01, Hyattsville, MD 20782. Or via the internet at <http://www.fms.treas.gov/c570/>.

(e) Notice of subcontractor waiver of protection (40 U.S.C. 3133(c)). Any waiver of the right to sue on the payment bond is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished labor or material for use in the performance of the contract.

(End of clause)

52.232-5 PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (MAY 2014)

(a) Payment of price. The Government shall pay the Contractor the contract price as provided in this contract.

(b) Progress payments. The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer.

(1) The Contractor's request for progress payments shall include the following substantiation:

(i) An itemization of the amounts requested, related to the various elements of work required by the contract covered by the payment requested.

(ii) A listing of the amount included for work performed by each subcontractor under the contract.

(iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by the Contracting Officer.

(2) In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site also may be taken into consideration if--

(i) Consideration is specifically authorized by this contract; and

(ii) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) Contractor certification. Along with each request for progress payments, the Contractor shall furnish the following certification, or payment shall not be made: (However, if the Contractor elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that--

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

(Name)

(Title)

(Date)

(d) Refund of unearned amounts. If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall--

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the

unearned amount until--

(i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) Retainage. If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(f) Title, liability, and reservation of rights. All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as--

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(g) Reimbursement for bond premiums. In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(h) Final payment. The Government shall pay the amount due the Contractor under this contract after--

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C. 3727 and 41 U.S.C. 6305).

(i) Limitation because of undefinitized work. Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR Subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(j) Interest computation on unearned amounts. In accordance with 31 U.S.C. 3903(c)(1), the amount payable under subparagraph (d)(2) of this clause shall be--

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction of such bills prior to the date the Contractor receives the unearned amount; and

(2) Deducted from the next available payment to the Contractor.

(End of clause)

52.232-27 PROMPT PAYMENT FOR CONSTRUCTION CONTRACTS (MAY 2014)

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However, see paragraph (a)(3) concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments--(1) Types of invoice payments. For purposes of this clause, there are several types of invoice payments that may occur under this contract, as follows:

(i) Progress payments, if provided for elsewhere in this contract, based on Contracting Officer approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project.

(A) The due date for making such payments is 14 days after the designated billing office receives a proper payment request. If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date is the 14th day after the date of the Contractor's payment request, provided the designated billing office receives a proper payment request and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(B) The due date for payment of any amounts retained by the Contracting Officer in accordance with the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, is as specified in the contract or, if not specified, 30 days after approval by the Contracting Officer for release to the Contractor.

(ii) Final payments based on completion and acceptance of all work and presentation of release of all claims against the Government arising by virtue of the contract, and payments for partial deliveries that have been accepted by the Government (e.g., each separate building, public work, or other division of the contract for which the price is stated separately in the contract).

(A) The due date for making such payments is the later of the following two events:

(1) The 30th day after the designated billing office receives a proper invoice from the Contractor.

(2) The 30th day after Government acceptance of the work or services completed by the Contractor. For a final invoice when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is deemed to occur on the effective date of the contract settlement.

(B) If the designated billing office fails to annotate the invoice with the date of actual receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(xi) of this clause. If the invoice does not comply with these requirements, the designated billing office must return it within 7 days after receipt, with the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor,

the Government will take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and contract line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (e.g., discount for prompt payment terms).

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) For payments described in paragraph (a)(1)(i) of this clause, substantiation of the amounts requested and certification in accordance with the requirements of the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer--System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer--Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(xi) Any other information or documentation required by the contract.

(3) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(4) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor for payments described in paragraph (a)(1)(ii) of this clause, Government acceptance or approval is deemed to occur constructively on the 7th day after the Contractor has completed the work or services in accordance with the terms and conditions of the contract. If actual acceptance or approval occurs within the constructive acceptance or approval period, the Government will base the determination of an interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive approval requirements do not apply if there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. These requirements also do not compel Government officials to accept work or services, approve Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in accordance with the clause at FAR 52.233-1, Disputes.

(5) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if--

(A) The Government owes an interest penalty of \$1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice amount is paid; and

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment, in accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is paid.

(ii)(A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall--

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible--

(1) The designated payment office that receives the demand will annotate it with the date of receipt provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(b) Contract financing payments. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Subcontract clause requirements. The Contractor shall include in each subcontract for property or services (including a material supplier) for the purpose of performing this contract the following:

(1) Prompt payment for subcontractors. A payment clause that obligates the Contractor to pay the subcontractor for satisfactory performance under its subcontract not later than 7 days from receipt of payment out of such amounts as are paid to the Contractor under this contract.

(2) Interest for subcontractors. An interest penalty clause that obligates the Contractor to pay to the subcontractor an interest penalty for each payment not made in accordance with the payment clause--

(i) For the period beginning on the day after the required payment date and ending on the date on which payment of the amount due is made; and

(ii) Computed at the rate of interest established by the Secretary of the Treasury, and published in the Federal Register, for interest payments under 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty.

(3) Subcontractor clause flowdown. A clause requiring each subcontractor to use:

(i) Include a payment clause and an interest penalty clause conforming to the standards set forth in paragraphs (c)(1) and (c)(2) of this clause in each of its subcontracts; and

(ii) Require each of its subcontractors to include such clauses in their subcontracts with each lower-tier subcontractor or supplier.

(d) Subcontract clause interpretation. The clauses required by paragraph (c) of this clause shall not be construed to impair the right of the Contractor or a subcontractor at any tier to negotiate, and to include in their subcontract, provisions that--

(1) Retainage permitted. Permit the Contractor or a subcontractor to retain (without cause) a specified percentage of each progress payment otherwise due to a subcontractor for satisfactory performance under the subcontract without incurring any obligation to pay a late payment interest penalty, in accordance with terms and conditions agreed to by the parties to the subcontract, giving such recognition as the parties deem appropriate to the ability of a subcontractor to furnish a performance bond and a payment bond;

(2) Withholding permitted. Permit the Contractor or subcontractor to make a determination that part or all of the subcontractor's request for payment may be withheld in accordance with the subcontract agreement; and

(3) Withholding requirements. Permit such withholding without incurring any obligation to pay a late payment penalty if--

(i) A notice conforming to the standards of paragraph (g) of this clause previously has been furnished to the subcontractor; and

(ii) The Contractor furnishes to the Contracting Officer a copy of any notice issued by a Contractor pursuant to paragraph (d)(3)(i) of this clause.

(e) Subcontractor withholding procedures. If a Contractor, after making a request for payment to the Government but before making a payment to a subcontractor for the subcontractor's performance covered by the payment request, discovers that all or a portion of the payment otherwise due such subcontractor is subject to withholding from the subcontractor in accordance with the subcontract agreement, then the Contractor shall--

(1) Subcontractor notice. Furnish to the subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon ascertaining the cause giving rise to a withholding, but prior to the due date for subcontractor payment;

(2) Contracting Officer notice. Furnish to the Contracting Officer, as soon as practicable, a copy of the notice furnished to the subcontractor pursuant to paragraph (e)(1) of this clause;

(3) Subcontractor progress payment reduction. Reduce the subcontractor's progress payment by an amount not to exceed the amount specified in the notice of withholding furnished under paragraph (e)(1) of this clause;

(4) Subsequent subcontractor payment. Pay the subcontractor as soon as practicable after the correction of the identified subcontract performance deficiency, and--

(i) Make such payment within--

(A) Seven days after correction of the identified subcontract performance deficiency (unless the funds therefor must be recovered from the Government because of a reduction under paragraph (e)(5)(i)) of this clause; or

(B) Seven days after the Contractor recovers such funds from the Government; or

(ii) Incur an obligation to pay a late payment interest penalty computed at the rate of interest established by the Secretary of the Treasury, and published in the Federal Register, for interest payments under 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty;

(5) Notice to Contracting Officer. Notify the Contracting Officer upon--

(i) Reduction of the amount of any subsequent certified application for payment; or

(ii) Payment to the subcontractor of any withheld amounts of a progress payment, specifying--

(A) The amounts withheld under paragraph (e)(1) of this clause; and

(B) The dates that such withholding began and ended; and

(6) Interest to Government. Be obligated to pay to the Government an amount equal to interest on the withheld payments (computed in the manner provided in 31 U.S.C. 3903(c)(1)), from the 8th day after receipt of the withheld amounts from the Government until--

(i) The day the identified subcontractor performance deficiency is corrected; or

(ii) The date that any subsequent payment is reduced under paragraph (e)(5)(i) of this clause.

(f) Third-party deficiency reports—

(1) Withholding from subcontractor. If a Contractor, after making payment to a first-tier subcontractor, receives from a supplier or subcontractor of the first-tier subcontractor (hereafter referred to as a "second-tier subcontractor") a written notice in accordance with 40 U.S.C. 3133, asserting a deficiency in such first-tier subcontractor's performance under the contract for which the Contractor may be ultimately liable, and the Contractor determines that

all or a portion of future payments otherwise due such first-tier subcontractor is subject to withholding in accordance with the subcontract agreement, the Contractor may, without incurring an obligation to pay an interest penalty under paragraph (e)(6) of this clause--

(i) Furnish to the first-tier subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon making such determination; and

(ii) Withhold from the first-tier subcontractor's next available progress payment or payments an amount not to exceed the amount specified in the notice of withholding furnished under paragraph (f)(1)(i) of this clause.

(2) Subsequent payment or interest charge. As soon as practicable, but not later than 7 days after receipt of satisfactory written notification that the identified subcontract performance deficiency has been corrected, the Contractor shall--

(i) Pay the amount withheld under paragraph (f)(1)(ii) of this clause to such first-tier subcontractor; or

(ii) Incur an obligation to pay a late payment interest penalty to such first-tier subcontractor computed at the rate of interest established by the Secretary of the Treasury, and published in the Federal Register, for interest payments under section 12 of 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty.

(g) Written notice of subcontractor withholding. The Contractor shall issue a written notice of any withholding to a subcontractor (with a copy furnished to the Contracting Officer), specifying--

(1) The amount to be withheld;

(2) The specific causes for the withholding under the terms of the subcontract; and

(3) The remedial actions to be taken by the subcontractor in order to receive payment of the amounts withheld.

(h) Subcontractor payment entitlement. The Contractor may not request payment from the Government of any amount withheld or retained in accordance with paragraph (d) of this clause until such time as the Contractor has determined and certified to the Contracting Officer that the subcontractor is entitled to the payment of such amount.

(i) Prime-subcontractor disputes. A dispute between the Contractor and subcontractor relating to the amount or entitlement of a subcontractor to a payment or a late payment interest penalty under a clause included in the subcontract pursuant to paragraph (c) of this clause does not constitute a dispute to which the Government is a party. The Government may not be interpleaded in any judicial or administrative proceeding involving such a dispute.

(j) Preservation of prime-subcontractor rights. Except as provided in paragraph (i) of this clause, this clause shall not limit or impair any contractual, administrative, or judicial remedies otherwise available to the Contractor or a subcontractor in the event of a dispute involving late payment or nonpayment by the Contractor or deficient subcontract performance or nonperformance by a subcontractor.

(k) Non-recourse for prime contractor interest penalty. The Contractor's obligation to pay an interest penalty to a subcontractor pursuant to the clauses included in a subcontract under paragraph (c) of this clause shall not be construed to be an obligation of the Government for such interest penalty. A cost-reimbursement claim may not include any amount for reimbursement of such interest penalty.

(l) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall--

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the--

- (i) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);
 - (ii) Affected contract number and delivery order number if applicable;
 - (iii) Affected contract line item or subline item, if applicable; and
 - (iv) Contractor point of contact.
- (2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

52.232-33 PAYMENT BY ELECTRONIC FUNDS TRANSFER—SYSTEM FOR AWARD MANAGEMENT (JULY 2013)

- (a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term “EFT” refers to the funds transfer and may also include the payment information transfer.
- (2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either--
- (i) Accept payment by check or some other mutually agreeable method of payment; or
 - (ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).
- (b) Contractor's EFT information. The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the SAM database.
- (c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.
- (d) Suspension of payment. If the Contractor's EFT information in the SAM database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the SAM database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.
- (e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--
- (i) Making a correct payment;
 - (ii) Paying any prompt payment penalty due; and
 - (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the SAM database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the SAM database.

(End of Clause)

52.236-4 PHYSICAL DATA (APR 1984)

Data and information furnished or referred to below is for the Contractor's information. The Government shall not be responsible for any interpretation of or conclusion drawn from the data or information by the Contractor.

(a) The indications of physical conditions on the drawings and in the specifications are the result of site investigations by [insert a description of investigational methods used, such as surveys, auger borings, core borings, test pits, probings, test tunnels].

(b) Weather conditions (insert a summary of weather records and warnings).

(c) Transportation facilities (insert a summary of transportation facilities providing access from the site,

including information about their availability and limitations.

(d) (insert other pertinent information).

(End of clause)

52.243-4 CHANGES (JUN 2007)

(a) The Contracting Officer may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract, including changes--

- (1) In the specifications (including drawings and designs);
- (2) In the method or manner of performance of the work;
- (3) In the Government-furnished property or services; or
- (4) Directing acceleration in the performance of the work.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating

- (1) the date, circumstances, and source of the order and
- (2) that the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more than 20 days before the Contractor gives written notice as required. In the case of defective specifications for which the Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor must assert its right to an adjustment under this clause within 30 days after

(1) receipt of a written change order under paragraph (a) of this clause or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting to the Contracting Officer a written statement describing the general nature and amount of the proposal, unless this period is extended by the Government. The statement of proposal for adjustment may be included in the notice under paragraph (b) above.

(f) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.

(End of clause)

52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<http://www.acquisition.gov/far/>

<http://farsite.hill.af.mil/>

(End of clause)

52.252-6 AUTHORIZED DEVIATIONS IN CLAUSES (APR 1984)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any **DFARS** (48 CFR Chapter 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

252.204-7004 ALTERNATE A, SYSTEM FOR AWARD MANAGEMENT (FEB 2014)

(a) Definitions. As used in this provision--

``System for Award Management (SAM) database" means the primary Government repository for contractor information required for the conduct of business with the Government.

``Commercial and Government Entity (CAGE) code" means—

(1) A code assigned by the Defense Logistics Information Service (DLIS) to identify a commercial or Government entity; or

(2) A code assigned by a member of the North Atlantic Treaty Organization that DLIS records and maintains in the CAGE master file. This type of code is known as an ``NCAGE code."

``Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

``Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR 32.11) for the same parent concern.

``Registered in the System for Award Management (SAM) database" means that—

(1) The contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, and Contractor and Government Entity (CAGE) code into the SAM database;

(2) The contractor has completed the Core Data, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as part of the SAM registration process; and

(4) The Government has marked the record ``Active."

(End of clause)

252.209-7002 DISCLOSURE OF OWNERSHIP OR CONTROL BY A FOREIGN GOVERNMENT (JUN 2010)

(a) Definitions. As used in this provision--

(1) "Effectively owned or controlled" means that a foreign government or any entity controlled by a foreign government has the power, either directly or indirectly, whether exercised or exercisable, to control the election, appointment, or tenure of the Offeror's officers or a majority of the Offeror's board of directors by any means, e.g., ownership, contract, or operation of law (or equivalent power for unincorporated organizations).

(2) "Entity controlled by a foreign government"—

(i) Means—

(A) Any domestic or foreign organization or corporation that is effectively owned or controlled by a foreign government; or

(B) Any individual acting on behalf of a foreign government.

(ii) Does not include an organization or corporation that is owned, but is not controlled, either directly or indirectly, by a foreign government if the ownership of that organization or corporation by that foreign government was effective before October 23, 1992.

(3) "Foreign government" includes the state and the government of any country (other than the United States and its outlying areas) as well as any political subdivision, agency, or instrumentality thereof.

(4) "Proscribed information" means—

(i) Top Secret information;

(ii) Communications security (COMSEC) material, excluding controlled cryptographic items when unkeyed or utilized with unclassified keys;

(iii) Restricted Data as defined in the U.S. Atomic Energy Act of 1954, as amended;

(iv) Special Access Program (SAP) information; or

(v) Sensitive Compartmented Information (SCI).

(b) *Prohibition on award.* No contract under a national security program may be awarded to an entity controlled by a foreign government if that entity requires access to proscribed information to perform the contract, unless the Secretary of Defense or a designee has waived application of 10 U.S.C. 2536(a).

(c) *Disclosure.* The Offeror shall disclose any interest a foreign government has in the Offeror when that interest constitutes control by a foreign government as defined in this provision. If the Offeror is a subsidiary, it shall also disclose any reportable interest a foreign government has in any entity that owns or controls the subsidiary, including reportable interest concerning the Offeror’s immediate parent, intermediate parents, and the ultimate parent. Use separate paper as needed, and provide the information in the following format:

Offeror’s Point of Contact for Questions about Disclosure
(Name and Phone Number with Country Code, City Code
and Area Code, as applicable)

Name and Address of Offeror

Name and Address of Entity Controlled by a Foreign Government	Description of Interest, Ownership Percentage, and Identification of Foreign Government
---	---

(End of provision)

252.216-7006 ORDERING (MAY 2011)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the contract schedule. Such orders may be issued from **CONTRACT AWARD** through **TERM OF THE CONTRACT**.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c)(1) If issued electronically, the order is considered “issued” when a copy has been posted to the Electronic Document Access system, and notice has been sent to the Contractor.

(2) If mailed or transmitted by facsimile, a delivery order or task order is considered “issued” when the Government deposits the order in the mail or transmits by facsimile. Mailing includes transmittal by U.S. mail or private delivery services.

(3) Orders may be issued orally only if authorized in the schedule.

(End of Clause)

252.217-7027 CONTRACT DEFINITIZATION (DEC 2012)

(a) A **(insert specific type of contract action)** is contemplated. The Contractor agrees to begin promptly

negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the undefinitized contract action, (2) all clauses required by law on the date of execution of the definitive contract action, and (3) any other mutually agreeable clauses, terms, and conditions. The Contractor agrees to submit **insert type of proposal; e.g., fixed-price or cost-and-fee** proposal and certified cost or pricing data supporting its proposal.

(b) The schedule for definitizing this contract is as follows (insert target date for definitization of the contract action and dates for submission of proposal, beginning of negotiations, and, if appropriate, submission of the make-or-buy and subcontracting plans and certified cost or pricing data).

(c) If agreement on a definitive contract action to supersede this undefinitized contract action is not reached by the target date in paragraph (b) of this clause, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with subpart 15.4 and part 31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by--

(i) All clauses required by the FAR on the date of execution of this undefinitized contract action for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);

(ii) All clauses required by law as of the date of the Contracting Officer's determination; and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this clause, all clauses, terms, and conditions included in this undefinitized contract action shall continue in effect, except those that by their nature apply only to an undefinitized contract action.

(d) The definitive contract resulting from this undefinitized contract action will include a negotiated **(insert "cost/price ceiling" or "firm-fixed price")** in no event to exceed **(insert the not-to-exceed amount)**.

(End of clause)

252.225-7018 Photovoltaic Devices--Certificate (JAN 2014)

(a) Definitions. ``Bahrainian photovoltaic device," ``Canadian photovoltaic device," ``Caribbean Basin photovoltaic device," ``designated country," ``designated country photovoltaic device," ``domestic photovoltaic device," ``foreign photovoltaic device," ``Free Trade Agreement country," ``Free Trade Agreement photovoltaic device," ``Korean photovoltaic device," ``least developed country photovoltaic device," ``Moroccan photovoltaic device," ``Panamanian photovoltaic device," ``Peruvian photovoltaic device," ``photovoltaic device," ``qualifying country," ``qualifying country photovoltaic device," ``United States," ``U.S.-made photovoltaic device," and ``WTO GPA country photovoltaic device" have the meanings given in the Photovoltaic Devices clause of this solicitation.

(b) Restrictions. The following restrictions apply, depending on the estimated value of any photovoltaic devices to be utilized under a resultant contract:

(1) If more than \$3,000 but less than \$204,000, then the Government will not accept an offer specifying the use of other foreign photovoltaic devices in paragraph (d)(2)(ii), (d)(3)(ii), or (d)(4)(ii) of this provision, unless the offeror

documents to the satisfaction of the Contracting Officer that the price of the foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic photovoltaic device.

(2) If \$204,000 or more, then the Government will consider only offers that utilize photovoltaic devices that are U.S.-made, qualifying country, or designated country photovoltaic devices.

(c) Country in which a designated country photovoltaic device was wholly manufactured or was substantially transformed. If the estimated value of the photovoltaic devices to be utilized under a resultant contract exceeds \$25,000, the Offeror's certification that such photovoltaic device (e.g., solar panel) is a designated country photovoltaic device shall be consistent with country of origin determinations by the U.S. Customs and Border Protection with regard to importation of the same or similar photovoltaic devices into the United States. If the Offeror is uncertain as to what the country of origin would be determined to be by the U.S. Customs and Border Protection, the Offeror shall request a determination from U.S. Customs and Border Protection. (See <http://www.cbp.gov/xp/cgov/trade/legal/rulings/>.)

(d) Certification and identification of country of origin. [The offeror shall check the block and fill in the blank for one of the following paragraphs, based on the estimated value and the country of origin of photovoltaic devices to be utilized in performance of the contract:]

___ (1) No photovoltaic devices will be utilized in performance of the contract, or such photovoltaic devices have an estimated value of \$3,000 or less.

(2) If more than \$3,000 but less than \$25,000--

___ (i) The offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device or a qualifying country photovoltaic device

[Offeror to specify country of origin ___]; or

___ (ii) The foreign (other than qualifying country) photovoltaic devices to be utilized in performance of the contract are the product of ___ .

[Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device.]

(3) If \$25,000 or more but less than \$79,507--

___ (i) The offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device; a qualifying country photovoltaic device; or a Canadian photovoltaic device

[Offeror to specify country of origin ___]; or

___ (ii) The foreign (other than qualifying country or Canadian) photovoltaic devices to be utilized in performance of the contract are the product of ___ .

[Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device.]

(4) If \$79,507 or more but less than \$100,000 ----

___ (i) The offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device; a qualifying country (except Australian or Canadian) photovoltaic device; a Free Trade Agreement country photovoltaic device (other than a Bahrainian, Korean, Moroccan, Panamanian, or Peruvian photovoltaic device) [Offeror to specify country of origin ___]; or

___ (ii) The offered foreign photovoltaic devices (other than those from countries listed in paragraph (d)(4)(i) of this provision) are the product of ___. [Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device.]

(5) If \$100,000 or more but less than \$204,000—

___ (i) The offeror certifies that each photovoltaic device to be utilized in performance of the contract is a domestic photovoltaic device; a qualifying country (except Australian or Canadian) photovoltaic device; a Free Trade Agreement country photovoltaic device (other than a Bahrainian, Moroccan, Panamanian, or Peruvian photovoltaic device) [Offeror to specify country of origin ___]; or

___ (ii) The offered foreign photovoltaic devices (other than those from countries listed in paragraph (d)(4)(i) of this provision) are the product of ___. [Offeror to specify country of origin, if known, and provide documentation that the cost of a domestic photovoltaic device would be unreasonable in comparison to the cost of the proposed foreign photovoltaic device.]

(6) If \$204,000 or more--

___ The offeror certifies that each photovoltaic device to be utilized in performance of the contract is a U.S.-made, qualifying country, or designated country photovoltaic device.

[Offeror to specify country of origin ___]

* See individual task order for specific information.

(End of provision)

252.236-7001 CONTRACT DRAWINGS AND SPECIFICATIONS (AUG 2000)

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall--

- (1) Check all drawings furnished immediately upon receipt;
- (2) Compare all drawings and verify the figures before laying out the work;
- (3) Promptly notify the Contracting Officer of any discrepancies;
- (4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and
- (5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

(1) Large-scale drawings shall govern small-scale drawings; and

(2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:

Title	File	Drawing No.
-------	------	-------------

(End of clause)

***See Individual Task Order for specific information.**

252.247-7024 Notification of Transportation of Supplies by Sea (MAR 2000)

(a) The Contractor has indicated by the response to the solicitation provision, Representation of Extent of Transportation by Sea, that it did not anticipate transporting by sea any supplies. If, however, after the award of this contract, the Contractor learns that supplies, as defined in the Transportation of Supplies by Sea clause of this contract, will be transported by sea, the Contractor --

(1) Shall notify the Contracting Officer of that fact; and

(2) Hereby agrees to comply with all the terms and conditions of the Transportation of Supplies by Sea clause of this contract.

(b) The Contractor shall include this clause; including this paragraph (b), revised as necessary to reflect the relationship of the contracting parties--

(1) In all subcontracts under this contract, if this contract is a construction contract; or

(2) If this contract is not a construction contract, in all subcontracts under this contract that are for--

(i) Noncommercial items; or

(ii) Commercial items that--

(A) The Contractor is reselling or distributing to the Government without adding value (generally, the Contractor does not add value to items that it subcontracts for f.o.b. destination shipment);

(B) Are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or

(C) Are commissary or exchange cargoes transported outside of the Defense Transportation System in accordance with 10 U.S.C. 2643.

(End of clause)

5252.209-9300 ORGANIZATIONAL CONFLICTS OF INTEREST (JUN 1994)

(a) The restrictions described herein shall apply to the Contractor and its affiliates, consultants and subcontracts under this contract. If the Contractor under this contract prepares or assists in preparing a statement of work, specifications and plans, the Contractor and its affiliates shall be ineligible to bid or participate, in any capacity, in any contractual effort which is based on such statement of work or specifications and plans as a prime contractor, subcontractor, consultant or in any similar capacity. The Contractor shall not incorporate its products or services in such statement of work or specification unless so directed in writing by the Contracting Officer, in which case the restriction shall not apply. This contract shall include this clause in its subcontractor's or consultants' agreements concerning the performance of this contract.

UNDEFINITIZED TASK/DELIVERY ORDERS (OCT 2007)

(a) Prior to the issuance of a task/delivery order under this contract, it is anticipated that the government and the contractor will reach agreement on the price or total cost and fee (if applicable) for the services to be provided under the order. The Contracting Officer may authorize commencement of work prior to final agreement on cost or price. In such case, the contractor shall immediately commence performance of the services specified in the order and shall submit a pricing proposal within 15 days of receipt of the order. Upon completion of negotiations, the final negotiated cost or price will be set forth in a supplemental agreement that is executed by the contractor and the Contracting Officer. Failure to agree upon the cost or price shall be considered a dispute subject to the Disputes clause of this contract.

(b) Undefinitized task/delivery orders shall indicate a "not to exceed" amount for the order; however, such amount shall not exceed 50 percent of the estimated cost of the order. The order shall only require the Contracting Officer's signature, but shall also comply with all other order requirements. Undefinitized task/delivery orders shall indicate the date by which the government anticipates that the cost or price of the order will be definitized.

5252.228-9302 I BID GUARANTEE ALTERNATE I (JAN 1996)

To assure the execution of the contract and the performance and payment bonds, each bidder/offeror shall submit with its bid/offer a guarantee bond (Standard Form 24) executed by a surety company holding a certificate of authority from the Secretary of the Treasury as an acceptable surety, or other security as provided in FAR Clause 52.228-1, "Bid Guarantee". Security shall be in a penal sum equal to at least 20 percent of the price payable for the contract guaranteed minimum under the bid submitted, but in no case to exceed \$3,000,000. The bid guarantee bond shall be accompanied by a copy of the agent's authority to sign bonds for the surety company.

5252.228-9305 NOTICE OF BONDING REQUIREMENTS (DEC 2000)

(a) Within _____ days after receipt of award, the bidder/offeror to whom the award is made shall furnish the following bond(s) each with satisfactory security:

_____ A Performance Bond (Standard Form 25). The performance bond shall be in a penal sum equal to 100% percent of the contract price.

_____ A Payment Bond (Standard Form 25A). The payment bond shall be in a penal sum equal to 100% of the contract price.

(b) Any surety company holding a certificate of authority from the Secretary of Treasury as an acceptable Surety on Federal bonds will be accepted. Individual sureties will be permitted as prescribed in FAR 28.203 and FAC 5252.228-9300. Alternative types of security in lieu of furnishing sureties on performance and/or payment bonds will be permitted as prescribed in FAR 28.204, and will be held for at least one year after the completion of the contract. Additional bond security may be required as prescribed in FAR 52.228-2. Bonds shall be accompanied by a document authenticating the agent's authority to sign bonds for the surety company.

(c) The contract time for purposes of fixing the completion date, default, and liquidated damages shall begin to run (**See individual task order**) days from the date of award, regardless of when performance and payment bonds or deposits in lieu of surety are executed. (End of clause)

***SEE Individual Task Order for specific bonding requirements**

5252.236-9301 SPECIAL WORKING CONDITIONS AND ENTRY TO WORK AREA (OCT 2004)

The Government under certain circumstances may require denial of entry to the work areas under this contract where the Contractor's work or presence would constitute a safety or security hazard to ordnance storage or handling operations. Restrictions covering entry to and availability of the work areas are as follows:

(a) Entry. Entry to work areas located within the special Security Limited areas, defined as those work areas located within the existing security fence, can be granted subject to special personnel requirements as specified herein and to other normal security and safety requirements. Complete denial of entry to the Limited Area may be required during brief periods of one to two hours (normally) and on rare occasions of two to four hours. For bidding purposes, the Contractor shall assume denial of entry to the work areas in the Limited Area of six 2-hour denials and one 4-hour denial per month.

(b) Vehicle Delay. The Contractor shall also assume for bidding purposes that, in addition to site denial, each vehicle and/or unit of construction equipment will be delayed during each movement through the security gate, both entering and leaving the limited area. Delays will average * .

(c) Operational Considerations. To reduce delay time while preserving required security, the following points should be considered in operational planning:

(1) Vehicle Search. Security regulations required that all vehicles, when authorized to enter the Limited Area be thoroughly searched by guard force personnel. Such a search will be required for all vehicle/construction equipment. Accordingly, once a vehicle or unit of construction equipment has been cleared, it may be left in the Limited Area after initial entry has been made. For the period of time authorized the vehicle/equipment left in the Limited Area will be assigned parking areas by the Contracting Officer. The vehicle/equipment must be secured as specified in paragraph entitled "SECURITY REQUIREMENTS." The intent is to reduce the Contractor loss of time at the security gate. No private vehicles will be allowed to enter the Limited Area.

(2) Delivery Vehicles. Guard force personnel will inspect vehicles delivering construction materials while the driver is being processed for entry into the Limited Area. A Security Escort will then escort the driver and vehicle in the Limited Area. To provide this service, delivery schedules should be promulgated in advance and vendors made aware that a reasonable delay can be expected if delivery is other than the time specified. Deliveries after 1600 hours will not be allowed entry into the Limited Area without prior approval of the Physical Security Officer.

*** SEE INDIVIDUAL TASK ORDER FOR SPECIFIC INFORMATION**

5252.236-9303 ACCIDENT PREVENTION (NOV 1998)

(a) The Contractor will maintain an accurate record of, and will report to the Contracting Officer in the manner and on the forms prescribed by the Contracting Officer, all accidents resulting in death, traumatic injury, occupational disease, and damage to property, materials, supplies and equipment incident to work performed under this contract.

(b) Compliance with the provisions of this article by subcontractors will be the responsibility of the Contractor.

(c) Prior to commencement of the work, the Contractor may be required to:

(1) submit in writing his proposals for effectuating provision for accident prevention;

(2) meet in conference with representatives of the Contracting Officer to discuss and develop mutual understandings relative to administration of the overall safety program.

5252.236-9304 UTILITIES FOR CONSTRUCTION AND TESTING (JUN 1994)

The Contractor shall be responsible for obtaining, either from available Government sources or local utility companies, all utilities required for construction and testing. The Contractor shall provide these utilities at his expense, paid for at the current utility rate delivered to the job site. The Contractor shall provide and maintain all temporary utility connections and distribution lines, and all meters required to measure the amount of each utility used.

5252.236-9305 AVAILABILITY OF UTILITIES (JUN 1994)

When available, the Government will furnish reasonable amounts of the following utilities for the work to be performed under this contract at no cost to the Contractor. Information concerning the location of existing outlets may be secured from the OIC. The Contractor shall provide and maintain, at his expense, the necessary service lines from existing Government outlets to the site of work.

Electric - Water - Compressed Air

Contractor Furnished Utilities. In the event that the Government is unable to provide the required types of utilities, the Contractor shall, at his expense, arrange for the required utilities.

Contractor Energy Conservation. The Contractor shall be directly responsible for instructing employees in utilities conservation practices. The Contractor shall be responsible for operating under conditions which preclude the waste of utilities, which shall include:

- a. Lights shall be used only in areas where and at the time when work is actually being performed.
- b. Mechanical equipment controls for heating, ventilation and air conditioning systems will not be adjusted by the workers.
- c. Water faucets or valves shall be turned off after the required usage has been accomplished.

Telephone Lines. Telephone lines for the sole use of the contractor will not be available. Government telephones shall not be used for personal reasons.

Contractor Availability. The contractor shall maintain a telephone at which he or his representative may be reached 24 hours daily. The telephone shall be listed in the contractor's name. If the contractor does not have a local telephone, he shall maintain a toll free emergency telephone (or accept collect calls from authorized Government personnel) at which he or his representative may be reached at night, weekends and holidays. It is mandatory that the contractor or his representative be available to a toll-free telephone 24 hours per day, seven days per week, including holidays. He shall notify the OIC in writing of the mailing address and telephone number within three days after award of this contract and immediately thereafter in the event of change.

5252.242-9300 GOVERNMENT REPRESENTATIVES (OCT 1996)

(a) The contract will be administered by an authorized representative of the Contracting Officer. In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms of the contract between the Contractor and any person other than the Contracting Officer be effective or binding upon the Government, unless formalized by proper contractual documents executed by the Contracting Officer prior to completion of this contract. The authorized representative as indicated hereinafter:

X (1) The Contracting Officers Representative (COR) will be designated by the Contracting Officer as the authorized representative of the Contracting Officer. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should be contacted regarding questions or problems of a technical nature.

X (2) The designated Contract Specialist will be the Administrative Contracting Officer's representative on all other contract administrative matters. The Contract Specialist should be contacted regarding all matters pertaining to the contract or task/delivery orders.

X (3) The designated Property Administrator is the Administrative Contracting Officer's representative on property matters. The Property Administrator should be contacted regarding all matters pertaining to property administration.

5252.245-9302 LIMITED ASSUMPTION OF RISK BY GOVERNMENT (JUN 1994)

(a) Title of all work in place shall be in the Government, and title to all property intended for incorporation in the work shall vest in the Government upon delivery thereof to the site of the work. The term "Government-owned property" as used in this clause refers to such work in place and to such other property as to which title has vested in the Government and includes any property furnished or rented to the Contractor by the Government. Upon completion of the work, any such Government-owned property not a part of the work (except property rented to, or furnished without charge to the Contractor by the Government) shall become the property of the Contractor. The vesting of title in the Government, as provided in this paragraph, shall in no way relieve the Contractor of any obligations otherwise provided in this contract in respect to such Government-owned property except as expressly stated in paragraph (b) of this clause.

(b) The Contractor represents that the contract price does not include the cost of insurance, nor any provision for a reserve, covering the risk assumed by the Government under this paragraph.

The Government assumes the risk of loss or damage to such Government-owned property (including expenses incidental to such loss or damage) which results directly or indirectly from the explosion of Government-owned or controlled munitions (including, without limitations, ammunition, bombs, powder, dynamite and other explosives), whether or not caused by negligence, except that the Government does not assume at any time the risk of, and the Contractor shall be responsible for, such loss or damage (1) which is in fact covered by insurance or for which Contractor is otherwise reimbursed, or (2) which results from disregard of proper instructions of the Contracting Officer, on the part of any of the Contractor's directors, officers or any other representatives having supervision or direction of all or substantially all the Contractor's operations under this contract.

(c) In the event of loss or damage to Government-owned property resulting from the risk assumed by the Government hereunder, the Contracting Officer shall determine whether, and to what extent, such property shall be rebuilt, repaired or replaced by the Contractor or otherwise. Should this determination cause an increase or decrease in the cost of doing the work under this contract or time required for its performance, an equitable adjustment shall be made as provided in the changes clause of the contract.

(d) The provisions contained in the statement of work under "Permits and Responsibilities," are to be deemed modified by this clause only to the extent required to give effect to the limited assumption of risk provided in this clause.

SECTION J-5

SECTION J-5

General Decision Number: CA140001 10/17/2014 CA1

Superseded General Decision Number: CA20130001

State: California

Construction Types: Building, Heavy (Heavy and Dredging), Highway and Residential

County: San Diego County in California.

BUILDING CONSTRUCTION PROJECTS; DREDGING PROJECTS (does not include hopper dredge work); HEAVY CONSTRUCTION PROJECTS (does not include water well drilling); HIGHWAY CONSTRUCTION PROJECTS; RESIDENTIAL CONSTRUCTION PROJECTS (consisting of single family homes and apartments up to and including 4 stories)

PREMIUM PAY:

\$3.75 per hour shall be paid on all Power Equipment Operator work on the following Military Bases: China Lake Naval Reserve, Vandenberg AFB, Point Arguello, Seely Naval Base, Fort Irwin, Nebo Annex Marine Base, Marine Corp Logistics Base Yermo, Edwards AFB, 29 Palms Marine Base and Camp Pendleton

Workers required to suit up and work in a hazardous material environment: \$2.00 per hour additional. Combination mixer and compressor operator on gunite work shall be classified as a concrete mobile mixer operator.

SEE ZONE DEFINITIONS AFTER CLASSIFICATIONS

POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Bargeman; Brakeman; Compressor operator; Ditch Witch, with seat or similar type equipment; Elevator operator-inside; Engineer Oiler; Forklift operator (includes loed, lull or similar types under 5 tons; Generator operator; Generator, pump or compressor plant operator; Pump operator; Signalman; Switchman

GROUP 2: Asphalt-rubber plant operator (nurse tank operator); Concrete mixer operator-skip type; Conveyor operator; Fireman; Forklift operator (includes loed, lull or similar types over 5 tons; Hydrostatic pump operator; oiler crusher (asphalt or concrete plant); Petromat laydown machine; PJU

side dum jack; Screening and conveyor machine operator (or similar types); Skiploader (wheel type up to 3/4 yd. without attachment); Tar pot fireman; Temporary heating plant operator; Trenching machine oiler

GROUP 3: Asphalt-rubber blend operator; Bobcat or similar type (Skid steer); Equipment greaser (rack); Ford Ferguson (with dragtype attachments); Helicopter radioman (ground); Stationary pipe wrapping and cleaning machine operator

GROUP 4: Asphalt plant fireman; Backhoe operator (mini-max or similar type); Boring machine operator; Boxman or mixerman (asphalt or concrete); Chip spreading machine operator; Concrete cleaning decontamination machine operator; Concrete Pump Operator (small portable); Drilling machine operator, small auger types (Texoma super economatic or similar types - Hughes 100 or 200 or similar types - drilling depth of 30' maximum); Equipment greaser (grease truck); Guard rail post driver operator; Highline cableway signalman; Hydra-hammer-aero stomper; Micro Tunneling (above ground tunnel); Power concrete curing machine operator; Power concrete saw operator; Power-driven jumbo form setter operator; Power sweeper operator; Rock Wheel Saw/Trencher; Roller operator (compacting); Screed operator (asphalt or concrete); Trenching machine operator (up to 6 ft.); Vacuum or much truck

GROUP 5: Equipment Greaser (Grease Truck/Multi Shift).

GROUP 6: Articulating material hauler; Asphalt plant engineer; Batch plant operator; Bit sharpener; Concrete joint machine operator (canal and similar type); Concrete planer operator; Dandy digger; Deck engine operator; Derrickman (oilfield type); Drilling machine operator, bucket or auger types (Calweld 100 bucket or similar types - Watson 1000 auger or similar types - Texoma 330, 500 or 600 auger or similar types - drilling depth of 45' maximum); Drilling machine operator; Hydrographic seeder machine operator (straw, pulp or seed), Jackson track maintainer, or similar type; Kalamazoo Switch tamper, or similar type; Machine tool operator; Maginnis internal full slab vibrator, Mechanical berm, curb or gutter (concrete or asphalt); Mechanical finisher operator (concrete, Clary-Johnson-Bidwell or similar); Micro tunnel system (below ground); Pavement breaker operator (truck mounted); Road oil mixing machine operator; Roller operator (asphalt or finish), rubber-tired earth moving equipment (single engine, up to and including 25 yds. struck); Self-propelled tar pipelining machine operator; Skiploader operator (crawler and wheel type, over 3/4 yd. and up to and including 1-1/2 yds.); Slip form pump operator (power driven hydraulic lifting device for concrete forms); Tractor operator-bulldozer, tamper-scraper (single engine, up to 100 h.p. flywheel and similar types, up to and including D-5 and similar types); Tugger hoist operator (1 drum); Ultra high pressure waterjet cutting tool system operator; Vacuum blasting machine operator

GROUP 8: Asphalt or concrete spreading operator (tamping or finishing); Asphalt paving machine operator (Barber Greene

or similar type); Asphalt-rubber distribution operator; Backhoe operator (up to and including 3/4 yd.), small ford, Case or similar; Cast-in-place pipe laying machine operator; Combination mixer and compressor operator (gunite work); Compactor operator (self-propelled); Concrete mixer operator (paving); Crushing plant operator; Drill Doctor; Drilling machine operator, Bucket or auger types (Calweld 150 bucket or similar types - Watson 1500, 2000 2500 auger or similar types - Texoma 700, 800 auger or similar types - drilling depth of 60' maximum); Elevating grader operator; Grade checker; Gradall operator; Grouting machine operator; Heavy-duty repairman; Heavy equipment robotics operator; Kalamazoo balliste regulator or similar type; Kolman belt loader and similar type; Le Tourneau blob compactor or similar type; Loader operator (Athey, Euclid, Sierra and similar types); Mobark Chipper or similar; Ozzie padder or similar types; P.C. slot saw; Pneumatic concrete placing machine operator (Hackley-Presswell or similar type); Pumpcrete gun operator; Rock Drill or similar types; Rotary drill operator (excluding caisson type); Rubber-tired earth-moving equipment operator (single engine, caterpillar, Euclid, Athey Wagon and similar types with any and all attachments over 25 yds. up to and including 50 cu. yds. struck); Rubber-tired earth-moving equipment operator (multiple engine up to and including 25 yds. struck); Rubber-tired scraper operator (self-loading paddle wheel type-John Deere, 1040 and similar single unit); Self-propelled curb and gutter machine operator; Shuttle buggy; Skiploader operator (crawler and wheel type over 1-1/2 yds. up to and including 6-1/2 yds.); Soil remediation plant operator; Surface heaters and planer operator; Tractor compressor drill combination operator; Tractor operator (any type larger than D-5 - 100 flywheel h.p. and over, or similar-bulldozer, tamper, scraper and push tractor single engine); Tractor operator (boom attachments), Traveling pipe wrapping, cleaning and bending machine operator; Trenching machine operator (over 6 ft. depth capacity, manufacturer's rating); trenching Machine with Road Miner attachment (over 6 ft depth capacity); Ultra high pressure waterjet cutting tool system mechanic; Water pull (compaction) operator

GROUP 9: Heavy Duty Repairman

GROUP 10: Drilling machine operator, Bucket or auger types (Calweld 200 B bucket or similar types-Watson 3000 or 5000 auger or similar types-Texoma 900 auger or similar types-drilling depth of 105' maximum); Dual drum mixer, dynamic compactor LDC350 (or similar types); Monorail locomotive operator (diesel, gas or electric); Motor patrol-blade operator (single engine); Multiple engine tractor operator (Euclid and similar type-except Quad 9 cat.); Rubber-tired earth-moving equipment operator (single engine, over 50 yds. struck); Pneumatic pipe ramming tool and similar types; Prestressed wrapping machine operator; Rubber-tired earth-moving equipment operator (single engine, over 50 yds. struck); Rubber tired earth moving equipment operator (multiple engine, Euclid, caterpillar and similar over 25 yds. and up to 50 yds. struck), Tower crane repairman; Tractor loader operator (crawler and wheel

type over 6-1/2 yds.); Woods mixer operator (and similar Pugmill equipment)

GROUP 11: Heavy Duty Repairman - Welder Combination, Welder - Certified.

GROUP 12: Auto grader operator; Automatic slip form operator; Drilling machine operator, bucket or auger types (Calweld, auger 200 CA or similar types - Watson, auger 6000 or similar types - Hughes Super Duty, auger 200 or similar types - drilling depth of 175' maximum); Hoe ram or similar with compressor; Mass excavator operator less tha 750 cu. yards; Mechanical finishing machine operator; Mobile form traveler operator; Motor patrol operator (multi-engine); Pipe mobile machine operator; Rubber-tired earth- moving equipment operator (multiple engine, Euclid, Caterpillar and similar type, over 50 cu. yds. struck); Rubber-tired self- loading scraper operator (paddle-wheel-auger type self-loading - two (2) or more units)

GROUP 13: Rubber-tired earth-moving equipment operator operating equipment with push-pull system (single engine, up to and including 25 yds. struck)

GROUP 14: Canal liner operator; Canal trimmer operator; Remote- control earth-moving equipment operator (operating a second piece of equipment: \$1.00 per hour additional); Wheel excavator operator (over 750 cu. yds.)

GROUP 15: Rubber-tired earth-moving equipment operator, operating equipment with push-pull system (single engine, Caterpillar, Euclid, Athey Wagon and similar types with any and all attachments over 25 yds. and up to and including 50 yds. struck); Rubber-tired earth-moving equipment operator, operating equipment with push-pull system (multiple engine-up to and including 25 yds. struck)

GROUP 16: Rubber-tired earth-moving equipment operator, operating equipment with push-pull system (single engine, over 50 yds. struck); Rubber-tired earth-moving equipment operator, operating equipment with push-pull system (multiple engine, Euclid, Caterpillar and similar, over 25 yds. and up to 50 yds. struck)

GROUP 17: Rubber-tired earth-moving equipment operator, operating equipment with push-pull system (multiple engine, Euclid, Caterpillar and similar, over 50 cu. yds. struck); Tandem tractor operator (operating crawler type tractors in tandem - Quad 9 and similar type)

GROUP 18: Rubber-tired earth-moving equipment operator, operating in tandem (scrapers, belly dumps and similar types in any combination, excluding compaction units - single engine, up to and including 25 yds. struck)

GROUP 19: Rotex concrete belt operator (or similar types); Rubber-tired earth-moving equipment operator, operating in tandem (scrapers, belly dumps and similar types in any combination, excluding compaction units - single engine, Caterpillar, Euclid, Athey Wagon and similar types with any

and all attachments over 25 yds. and up to and including 50 cu. yds. struck); Rubber-tired earth-moving equipment operator, operating in tandem (scrapers, belly dumps and similar types in any combination, excluding compaction units - multiple engine, up to and including 25 yds. struck)

GROUP 20: Rubber-tired earth-moving equipment operator, operating in tandem (scrapers, belly dumps and similar types in any combination, excluding compaction units - single engine, over 50 yds. struck); Rubber-tired earth-moving equipment operator, operating in tandem (scrapers, belly dumps, and similar types in any combination, excluding compaction units - multiple engine, Euclid, Caterpillar and similar, over 25 yds. and up to 50 yds. struck)

GROUP 21: Rubber-tired earth-moving equipment operator, operating in tandem (scrapers, belly dumps and similar types in any combination, excluding compaction units - multiple engine, Euclid, Caterpillar and similar type, over 50 cu. yds. struck)

GROUP 22: Rubber-tired earth-moving equipment operator, operating equipment with the tandem push-pull system (single engine, up to and including 25 yds. struck)

GROUP 23: Rubber-tired earth-moving equipment operator, operating equipment with the tandem push-pull system (single engine, Caterpillar, Euclid, Athey Wagon and similar types with any and all attachments over 25 yds. and up to and including 50 yds. struck); Rubber-tired earth-moving equipment operator, operating with the tandem push-pull system (multiple engine, up to and including 25 yds. struck)

GROUP 24: Rubber-tired earth-moving equipment operator, operating equipment with the tandem push-pull system (single engine, over 50 yds. struck); Rubber-tired earth-moving equipment operator, operating equipment with the tandem push-pull system (multiple engine, Euclid, Caterpillar and similar, over 25 yds. and up to 50 yds. struck)

GROUP 25: Concrete pump operator-truck mounted; Rubber-tired earth-moving equipment operator, operating equipment with the tandem push-pull system (multiple engine, Euclid, Caterpillar and similar type, over 50 cu. yds. struck)

CRANES, PILEDIVING AND HOISTING EQUIPMENT CLASSIFICATIONS

GROUP 1: Engineer oiler; Fork lift operator (includes loed, lull or similar types)

GROUP 2: Truck crane oiler

GROUP 3: A-frame or winch truck operator; Ross carrier operator (jobsite)

GROUP 4: Bridge-type unloader and turntable operator; Helicopter hoist operator

GROUP 5: Hydraulic boom truck; Stinger crane (Austin-Western or similar type); Tugger hoist operator (1 drum)

GROUP 6: Bridge crane operator; Cretor crane operator; Hoist operator (Chicago boom and similar type); Lift mobile operator; Lift slab machine operator (Vagtborg and similar types); Material hoist and/or manlift operator; Polar gantry crane operator; Self Climbing scaffold (or similar type); Shovel, backhoe, dragline, clamshell operator (over 3/4 yd. and up to 5 cu. yds. mrc); Tugger hoist operator

GROUP 7: Pedestal crane operator; Shovel, backhoe, dragline, clamshell operator (over 5 cu. yds. mrc); Tower crane repair; Tugger hoist operator (3 drum)

GROUP 8: Crane operator (up to and including 25 ton capacity); Crawler transporter operator; Derrick barge operator (up to and including 25 ton capacity); Hoist operator, stiff legs, Guy derrick or similar type (up to and including 25 ton capacity); Shovel, backhoe, dragline, clamshell operator (over 7 cu. yds., M.R.C.)

GROUP 9: Crane operator (over 25 tons and up to and including 50 tons mrc); Derrick barge operator (over 25 tons up to and including 50 tons mrc); Highline cableway operator; Hoist operator, stiff legs, Guy derrick or similar type (over 25 tons up to and including 50 tons mrc); K-crane operator; Polar crane operator; Self erecting tower crane operator maximum lifting capacity ten tons

GROUP 10: Crane operator (over 50 tons and up to and including 100 tons mrc); Derrick barge operator (over 50 tons up to and including 100 tons mrc); Hoist operator, stiff legs, Guy derrick or similar type (over 50 tons up to and including 100 tons mrc), Mobile tower crane operator (over 50 tons, up to and including 100 tons M.R.C.); Tower crane operator and tower gantry

GROUP 11: Crane operator (over 100 tons and up to and including 200 tons mrc); Derrick barge operator (over 100 tons up to and including 200 tons mrc); Hoist operator, stiff legs, Guy derrick or similar type (over 100 tons up to and including 200 tons mrc); Mobile tower crane operator (over 100 tons up to and including 200 tons mrc)

GROUP 12: Crane operator (over 200 tons up to and including 300 tons mrc); Derrick barge operator (over 200 tons up to and including 300 tons mrc); Hoist operator, stiff legs, Guy derrick or similar type (over 200 tons, up to and including 300 tons mrc); Mobile tower crane operator (over 200 tons, up to and including 300 tons mrc)

GROUP 13: Crane operator (over 300 tons); Derrick barge operator (over 300 tons); Helicopter pilot; Hoist operator, stiff legs, Guy derrick or similar type (over 300 tons); Mobile tower crane operator (over 300 tons)

TUNNEL CLASSIFICATIONS

GROUP 1: Skiploader (wheel type up to 3/4 yd. without attachment)

GROUP 2: Power-driven jumbo form setter operator

GROUP 3: Dinkey locomotive or motorperson (up to and including 10 tons)

GROUP 4: Bit sharpener; Equipment greaser (grease truck); Slip form pump operator (power-driven hydraulic lifting device for concrete forms); Tugger hoist operator (1 drum); Tunnel locomotive operator (over 10 and up to and including 30 tons)

GROUP 5: Backhoe operator (up to and including 3/4 yd.); Small Ford, Case or similar; Drill doctor; Grouting machine operator; Heading shield operator; Heavy-duty repairperson; Loader operator (Athey, Euclid, Sierra and similar types); Mucking machine operator (1/4 yd., rubber-tired, rail or track type); Pneumatic concrete placing machine operator (Hackley-Presswell or similar type); Pneumatic heading shield (tunnel); Pumpcrete gun operator; Tractor compressor drill combination operator; Tugger hoist operator (2 drum); Tunnel locomotive operator (over 30 tons)

GROUP 6: Heavy Duty Repairman

GROUP 7: Tunnel mole boring machine operator

ENGINEERS ZONES

\$1.00 additional per hour for all of IMPERIAL County and the portions of KERN, RIVERSIDE & SAN BERNARDINO Counties as defined below:

That area within the following Boundary: Begin in San Bernardino County, approximately 3 miles NE of the intersection of I-15 and the California State line at that point which is the NW corner of Section 1, T17N, R14E, San Bernardino Meridian. Continue W in a straight line to that point which is the SW corner of the northwest quarter of Section 6, T27S, R42E, Mt. Diablo Meridian. Continue North to the intersection with the Inyo County Boundary at that point which is the NE corner of the western half of the northern quarter of Section 6, T25S, R42E, MDM. Continue W along the Inyo and San Bernardino County boundary until the intersection with Kern County, as that point which is the SE corner of Section 34, T24S, R40E, MDM. Continue W along the Inyo and Kern County boundary until the intersection with Tulare County, at that point which is the SW corner of the SE quarter of Section 32, T24S, R37E, MDM. Continue W along the Kern and Tulare County boundary, until that point which is the NW corner of T25S, R32E, MDM. Continue S following R32E lines to the NW corner of T31S, R32E, MDM. Continue W to the NW corner of T31S, R31E, MDM. Continue S to the SW corner of T32S, R31E, MDM. Continue W to SW corner of SE quarter of Section 34, T32S, R30E, MDM. Continue S to SW corner of T11N, R17W, SBM. Continue E along south boundary of T11N, SBM to SW corner of T11N, R7W, SBM. Continue S to SW corner of T9N, R7W, SBM. Continue E along south boundary of T9N, SBM to SW corner of T9N, R1E, SBM.

Continue S along west boundary of R1E, SMB to Riverside County line at the SW corner of T1S, R1E, SBM. Continue E along south boundary of T1s, SBM (Riverside County Line) to SW corner of T1S, R10E, SBM. Continue S along west boundary of R10E, SBM to Imperial County line at the SW corner of T8S, R10E, SBM. Continue W along Imperial and Riverside county line to NW corner of T9S, R9E, SBM. Continue S along the boundary between Imperial and San Diego Counties, along the west edge of R9E, SBM to the south boundary of Imperial County/California state line. Follow the California state line west to Arizona state line, then north to Nevada state line, then continuing NW back to start at the point which is the NW corner of Section 1, T17N, R14E, SBM

\$1.00 additional per hour for portions of SAN LUIS OBISPO, KERN, SANTA BARBARA & VENTURA as defined below:

That area within the following Boundary: Begin approximately 5 miles north of the community of Cholame, on the Monterey County and San Luis Obispo County boundary at the NW corner of T25S, R16E, Mt. Diablo Meridian. Continue south along the west side of R16E to the SW corner of T30S, R16E, MDM. Continue E to SW corner of T30S, R17E, MDM. Continue S to SW corner of T31S, R17E, MDM. Continue E to SW corner of T31S, R18E, MDM. Continue S along West side of R18E, MDM as it crosses into San Bernardino Meridian numbering area and becomes R30W. Follow the west side of R30W, SBM to the SW corner of T9N, R30W, SBM. Continue E along the south edge of T9N, SBM to the Santa Barbara County and Ventura County boundary at that point which is the SW corner of Section 34. T9N, R24W, SBM, continue S along the Ventura County line to that point which is the SW corner of the SE quarter of Section 32, T7N, R24W, SBM. Continue E along the south edge of T7N, SBM to the SE corner to T7N, R21W, SBM. Continue N along East side of R21W, SBM to Ventura County and Kern County boundary at the NE corner of T8N, R21W. Continue W along the Ventura County and Kern County boundary to the SE corner of T9N, R21W. Continue North along the East edge of R21W, SBM to the NE corner of T12N, R21W, SBM. Continue West along the north edge of T12N, SBM to the SE corner of T32S, R21E, MDM. [T12N SBM is a think strip between T11N SBM and T32S MDM]. Continue North along the East side of R21E, MDM to the Kings County and Kern County border at the NE corner of T25S, R21E, MDM, continue West along the Kings County and Kern County Boundary until the intersection of San Luis Obispo County. Continue west along the Kings County and San Luis Obispo County boundary until the intersection with Monterey County. Continue West along the Monterey County and San Luis Obispo County boundary to the beginning point at the NW corner of T25S, R16E, MDM.

\$2.00 additional per hour for INYO and MONO Counties and the Northern portion of SAN BERNARDINO County as defined below:

That area within the following Boundary: Begin at the intersection of the northern boundary of Mono County and the California state line at the point which is the center of Section 17, T10N, R22E, Mt. Diablo Meridian. Continue S then SE along the entire western boundary of Mono County, until it reaches Inyo County at the point which is the NE corner of the

Western half of the NW quarter of Section 2, T8S, R29E, MDM. Continue SSE along the entire western boundary of Inyo County, until the intersection with Kern County at the point which is the SW corner of the SE 1/4 of Section 32, T24S, R37E, MDM. Continue E along the Inyo and Kern County boundary until the intersection with San Bernardino County at that point which is the SE corner of section 34, T24S, R40E, MDM. Continue E along the Inyo and San Bernardino County boundary until the point which is the NE corner of the Western half of the NW quarter of Section 6, T25S, R42E, MDM. Continue S to that point which is the SW corner of the NW quarter of Section 6, T27S, R42E, MDM. Continue E in a straight line to the California and Nevada state border at the point which is the NW corner of Section 1, T17N, R14E, San Bernardino Meridian. Then continue NW along the state line to the starting point, which is the center of Section 18, T10N, R22E, MDM.

(1) Laborer.....	\$ 24.88	13.75
(2) Cleanup, Landscape, Fencing (Chain Link & Wood).....	\$ 23.59	13.75

RESIDENTIAL DEFINITION: Wood or metal frame construction of single family residences, apartments and condominiums - excluding (a) projects that exceed three stories over a garage level, (b) any utility work such as telephone, gas, water, sewer and other utilities and (c) any fine grading work, utility work or paving work in the future street and public right-of-way; but including all rough grading work at the job site behind the existing right of way

LABORER CLASSIFICATIONS

GROUP 1: Cleaning and handling of panel forms; Concrete Screeding for Rought Strike-off; Concrete, water curing; Demolition laborer; Flagman; Gas, oil and/or water pipeline laborer; General Laborer; General clean-up laborer; Landscape laborer; Jetting laborer; Temporary water and air lines laborer; Material hoseman (walls, slabs, floors and decks); Plugging, filling of Shee-bolt holes; Dry packing of concrete; Railroad maintenance, Repair Trackman and road beds, Streetcar and railroad construction trac laborers; Slip form raisers; Slurry seal crews (mixer operator, applicator operator, squeegee man, Shuttle man, top man), filling of cracks by any method on any surface; Tarman and mortar man; Tool crib or tool house laborer; Window cleaner; Wire Mesh puling-all concrete pouring operations

GROUP 2: Asphalt Shoveler; Cement Dumper (on 1 yard or larger mixer and handling bulk cement); Cesspool digger and installer; Chucktender; Chute man, pouring concrete, the handling of the cute from ready mix trucks, such as walls, slabs, decks, floors, foundations, footings, curbs, gutters

and sidewalks; Concrete curer-impervious membrane and form oiler; Cutting torch operator (demolition); Guinea chaser; Headboard man-asphalt; Laborer, packing rod steel and pans; membrane vapor barrier installer; Power broom sweepers (small); Riiiprap, stonepaver, placing stone or wet sacked concrete; Roto scraper and tiller; Tank sealer and cleaner; Tree climber, faller, chain saw operator, Pittsburgh Chipper and similar type brush shredders; Underground laborers, including caisson bellower

GROUP 3: Buggymobile; Concrete cutting torch; Concrete cutting torch; Concrete pile cutter; Driller, jackhammer, 2 1/2 feet drill steel or longer; Dri Pak-it machine; High sealer (including drilling of same); Hydro seeder and similar type; Impact wrench, multi-plate; Kettleman, potmen and men applying asphalt, lay-kold, creosote, line caustic and similar type materials (applying means applying, dipping, brushing or handling of such materials for pipe wrapping and waterproofing); Operators of pneumatic, gas, electric tools, vibrating machines, pavement breakers, air blasting, come-along, and similar mechanical tools not separately classified herein; Pipelayers back up man coating, grouting, making of joints, sealing, caulking, diapering and including rubber gasket joints, pointing and any and all other services; Rotary Scarifier or multiple head concrete chipping scarifier; Steel header board man and guideline setter; Tampers, Barko, Wacker and similar type; Trenching machine, handpropelled

GROUP 4: Asphalt raker, luterman, ironer, asphalt dumpman and asphalt spreader boxes (all types); Concrete core cutter (walls, floors or ceilings), Grinder or sander; Concrete saw man; cutting walls or flat work, scoring old or new concrete; Cribber, shorer, lagging, sheeting and trench bracing, hand-guided lagging hammer; Laser beam in connection with laborer's work; Oversize concrete vibrator operator 70 pounds and over; Pipelayer performing all services in the laying, installation and all forms of connection of pipe from the point of receiving pipe in the ditch until completion of operation, including any and all forms of tubular material, whether pipe, metallic or non-metallic, conduit, and any other stationary type of tubular device used for the conveying of any substance or element, whether water, sewage, solid, gas, air or other product whatsoever and without regard to the nature of material from which the tubular material is fabricated; No joint pipe and stripping of same; Prefabricated manhole installer; Sandblaster (nozzleman), Porta shot-blast, water blasting

GROUP 5: Blasters Powderman-All work of loading holes, placing and blasting of all powder and explosives of whatever type, regardless of method used for such loading and placing; Driller-all power drills, excluding jackhammer, whether core, diamond, wagon, track, multiple unit, and any and all other types of mechanical drills without regard to the form of motive power.

LABORER CLASSIFICATIONS

GROUP 1: Laborer: General or Construction Laborer, Landscape Laborer. Asphalt Rubber Material Loader. Boring Machine Tender (outside), Carpenter Laborer (cleaning, handling, oiling & blowing of panel forms and lumber), Concrete Laborer, Concrete Screeding for rough strike-off, Concrete water curing. Concrete Curb & Gutter laborer, Certified Confined Space Laborer, Demolition laborer & Cleaning of Brick and lumber, Expansion Joint Caulking; Environmental Remediation, Monitoring Well, Toxic waste and Geotechnical Drill tender, Fine Grader, Fire Watcher, Limbers, Brush Loader, Pilers and Debris Handlers. flagman. Gas Oil and Water Pipeline Laborer. Material Hoseman (slabs, walls, floors, decks); Plugging, filling of shee bolt holes; Dry packing of concrete and patching; Post Holer Digger (manual); Railroad maintenance, repair trackman, road beds; Rigging & signaling; Scaler, Slip-Form Raisers, Filling cracks on any surface, tool Crib or Tool House Laborer, Traffic control (signs, barriers, barricades, delineator, cones etc.), Window Cleaner

GROUP 2: Asphalt abatement; Buggymobile; Cement dumper (on 1 yd. or larger mixers and handling bulk cement); Concrete curer, impervious membrane and form oiler; Chute man, pouring concrete; Concrete cutting torch; Concrete pile cutter; driller/Jackhammer, with drill steel 2 1/2 feet or longer; Dry pak-it machine; Fence erector; Pipeline wrapper, gas, oil, water, pot tender & form man; Grout man; Installation of all asphalt overlay fabric and materials used for reinforcing asphalt; Irrigation laborer; Kettleman-Potman hot mop, includes applying asphalt, lay-klold, creosote, lime caustic and similar tyhpes of materials (dipping, brushing, handling) and waterproofing; Membrane vapor barrier installer; Pipelayer backup man (coating, grouting, making of joints, sealing caulkiing, diapering including rubber basket joints, pointing); Rotary scarifier, multiple head concrete chipper; Rock slinger; Roto scraper & tiller; Sandblaster pot tender; Septic tank digger/installer; Tamper/wacker operator; Tank scaler & cleaner; Tar man & mortar man; Tree climber/faller, chainb saw operator, Pittsburgh chipper &

similar type brush shredders.

GROUP 3: Asphalt, installation of all fabrics; Buggy Mobile Man, Bushing hammer; Compactor (all types), Concrete Curer - Impervious membrane, Form Oiler, Concrete Cutting Torch, Concrete Pile Cutter, Driller/Jackhammer with drill steel 2 1/2 ft or longer, Dry Pak-it machine, Fence erector including manual post hole digging, Gas oil or water Pipeline Wrapper - 6 ft pipe and over, Guradrail erector, Hydro seeder, Impact Wrench man (multi plate), kettleman-Potman Hot Mop includes applying Asphalt, Lay-Kold, Creosote, lime caustic and similar types of materials (dipping, brushing or handling) and waterproofing. Laser Beam in connection with Laborer work. High Scaler, Operators of Pneumatic Gas or Electric Tools, Vibrating Machines, Pavement Breakers, Air Blasting, Come-Alongs and similar mechanical tools, Remote-Controlled Robotic Tools in connection with Laborers work. Pipelayer Backup Man (Coating, grouting, making of joints, sealing, caulking, diapering including rubber gasket joints, pointing and other services). Power Post Hole Digger, Rotary Scarifier (multiple head concrete chipper scarifier), Rock Slinger, Shot Blast equipment (8 to 48 inches), Steel Headerboard Man and Guideline Setter, Tamper/Wacker operator and similar types, Trenching Machine hand propelled.

GROUP 4: Any worker exposed to raw sewage. Asphalt Raker, Luteman, Asphalt Dumpman, Asphalt Spreader Boxes, Concrete Core Cutter, Concrete Saw Man, Cribber, Shorer, Head Rock Slinger. Installation of subsurface instrumentation, monitoring wells or points, remediation system installer; Laborer, asphalt-rubber distributor bootman; Oversize concrete vibrator operators, 70 pounds or over. Pipelayer, Prefabricated Manhole Installer, Sandblast Nozzleman (Water Blasting-Porta Shot Blast), Traffic Lane Closure.

GROUP 5: Blasters Powderman-All work of loading holes, placing and blasting of all powder and explosives of whatever type, regardless of method used for such loading and placing; Horizontal directional driller, Boring system, Electronic tracking, Driller: all power drills excluding jackhammer, whether core, diamond, wagon, track, multiple unit, and all other types of mechanical drills without regard to form of motive power. Environmental remediation, Monitoring well, Toxic waste and Geotechnical driller, Toxic waste removal. Welding in connection with Laborer's work.

GROUP 7: Repairman

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with characters other than "SU" denotes that the union classification and rate have found to be prevailing for that classification. Example: PLUM0198-005 07/01/2011. The first four letters, PLUM, indicate the international union and the four-digit number, 0198, that follows indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2011, following these characters is the effective date of the most current negotiated rate/collective bargaining agreement which would be July 1, 2011 in the above example.

Union prevailing wage rates will be updated to reflect any changes in the collective bargaining agreements governing the rates.

0000/9999: weighted union wage rates will be published annually each January.

Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union majority rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can

be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
 Wage and Hour Division
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION

Section K - Representations, Certifications and Other Statements of Offerors

CLAUSES INCORPORATED BY REFERENCE

52.203-11	Certification And Disclosure Regarding Payments To Influence Certain Federal Transactions	SEP 2007
52.222-38	Compliance With Veterans' Employment Reporting Requirements	SEP 2010
52.223-4	Recovered Material Certification	MAY 2008
52.225-20	Prohibition on Conducting Restricted Business Operations in Sudan--Certification	AUG 2009
52.225-25	Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran-- Representation and Certifications.	DEC 2012
52.236-28	Preparation of Proposals--Construction	OCT 1997

CLAUSES INCORPORATED BY FULL TEXT

52.203-2 CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)

(a) The offeror certifies that --

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to --

(i) Those prices,

(ii) The intention to submit an offer, or

(iii) The methods of factors used to calculate the prices offered:

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory --

(1) Is the person in the offeror's organization responsible for determining the prices offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to subparagraphs (a)(1) through (a)(3) of this provision; or

(2) (i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to subparagraphs (a)(1) through (a)(3) of this provision _____ (insert full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization);

(ii) As an authorized agent, does certify that the principals named in subdivision (b)(2)(i) above have not participated, and will not participate, in any action contrary to subparagraphs (a)(1) through (a)(3) above; and

(iii) As an agent, has not personally participated, and will not participate, in any action contrary to subparagraphs (a)(1) through (a)(3) of this provision.

(c) If the offeror deletes or modifies subparagraph (a)(2) of this provision, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure.

(End of clause)

52.204-8 ANNUAL REPRESENTATIONS AND CERTIFICATIONS (MAY 2014)

(a)(1) The North American Industry Classification System (NAICS) code for this acquisition is [insert NAICS code].

(2) The small business size standard is [insert size standard].

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b)(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (d) of this provision applies.

(2) If the provision at 52.204-7 is not included in this solicitation, and the offeror is currently registered in System for Award Management (SAM), and has completed the Representations and Certifications section of SAM electronically, the offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The offeror shall indicate which option applies by checking one of the following boxes:

() Paragraph (d) applies.

() Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.

(c)(1) The following representations or certifications in SAM are applicable to this solicitation as indicated:

(i) 52.203-2, Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless--

(A) The acquisition is to be made under the simplified acquisition procedures in Part 13;

(B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or

(C) The solicitation is for utility services for which rates are set by law or regulation.

(ii) 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$150,000.

(iii) 52.204-3, Taxpayer Identification. This provision applies to solicitations that do not include the provision at 52.204-7, System for Award Management.

(iv) 52.204-5, Women-Owned Business (Other Than Small Business). This provision applies to solicitations that--

(A) Are not set aside for small business concerns;

(B) Exceed the simplified acquisition threshold; and

(C) Are for contracts that will be performed in the United States or its outlying areas.

(v) 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations--Representation. This provision applies to solicitations using funds appropriated in fiscal years 2008, 2009, 2010, or 2012.

(vi) 52.209-5, Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(vii) 52.214-14, Place of Performance – Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.

(viii) 52.215-6, Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.

(ix) 52.219-1, Small Business Program Representations (Basic & Alternate I). This provision applies to solicitations when the contract will be performed in the United States or its outlying areas.

(A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.

(B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.

(x) 52.219-2, Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract will be performed in the United States or its outlying areas.

(xi) 52.222-22, Previous Contracts and Compliance Reports. This provision applies to solicitations that include the clause at 52.222-26, Equal Opportunity.

(xii) 52.222-25, Affirmative Action Compliance. This provision applies to solicitations, other than those for construction, when the solicitation includes the clause at 52.222-26, Equal Opportunity.

(xiii) 52.222-38, Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial items.

(xiv) 52.223-1, Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of USDA-designated items; or include the clause at 52.223-2, Affirmative Procurement of Biobased Products Under Service and Construction Contracts.

(xv) 52.223-4, Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA-designated items.

(xvi) 52.225-2, Buy American Certificate. This provision applies to solicitations containing the clause at 52.225-1.

(xvii) 52.225-4, Buy American--Free Trade Agreements--Israeli Trade Act Certificate. (Basic, Alternates I, II, and III.) This provision applies to solicitations containing the clause at 52.225-3.

(A) If the acquisition value is less than \$25,000, the basic provision applies.

(B) If the acquisition value is \$25,000 or more but is less than \$50,000, the provision with its Alternate I applies.

(C) If the acquisition value is \$50,000 or more but is less than \$79,507, the provision with its Alternate II applies.

(D) If the acquisition value is \$79,507 or more but is less than \$100,000, the provision with its Alternate III applies.

(xviii) 52.225-6, Trade Agreements Certificate. This provision applies to solicitations containing the clause at 52.225-5.

(xix) 52.225-20, Prohibition on Conducting Restricted Business Operations in Sudan--Certification. This provision applies to all solicitations.

(xx) 52.225-25, Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran--Representation and Certifications. This provision applies to all solicitations.

(xxi) 52.226-2, Historically Black College or University and Minority Institution Representation. This provision applies to--

(A) Solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions; and

(B) For DoD, NASA, and Coast Guard acquisitions, solicitations that contain the clause at 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns.

(2) The following certifications are applicable as indicated by the Contracting Officer:

(Contracting Officer check as appropriate.)

(i) 52.219-22, Small Disadvantaged Business Status.

(A) Basic.

(B) Alternate I.

(ii) 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products.

(iii) 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment--Certification.

(iv) 52.222-52, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services--Certification.

(v) 52.223-9, with its Alternate I, Estimate of Percentage of Recovered Material Content for EPA--Designated Products (Alternate I only).

(vi) 52.227-6, Royalty Information.

(A) Basic.

(B) Alternate I.

(vii) 52.227-15, Representation of Limited Rights Data and Restricted Computer Software.

(d) The offeror has completed the annual representations and certifications electronically via the SAM website accessed through <https://www.acquisition.gov>. After reviewing the SAM database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in paragraph (c) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [offeror to insert changes, identifying change by clause number, title, date]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR Clause	Title	Date	Change
-----	-----	-----	-----
-----	-----	-----	-----

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on SAM.

(End of provision)

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

252.204-7007 ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (MAR 2014)

Substitute the following paragraphs (d) and (e) for paragraph (d) of the provision at FAR 52.204-8:

(d)(1) The following representations or certifications in the System for Award Management (SAM) database are applicable to this solicitation as indicated:

(i) 252.209-7001, Disclosure of Ownership or Control by the Government of a Terrorist Country. Applies to all solicitations expected to result in contracts of \$150,000 or more.

(ii) 252.209-7003, Reserve Officer Training Corps and Military Recruiting on Campus--Representation. Applies to all solicitations with institutions of higher education.

(iii) 252.216-7008, Economic Price Adjustment--Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iv) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(v) 252.229-7012, Tax Exemptions (Italy)--Representation. Applies to solicitations when contract performance will be in Italy.

(vi) 252.229-7013, Tax Exemptions (Spain)--Representation. Applies to solicitations when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer: [Contracting Officer check as appropriate.]

___ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

___ (ii) 252.225-7000, Buy American--Balance of Payments Program Certificate.

___ (iii) 252.225-7020, Trade Agreements Certificate.

___ Use with Alternate I.

___ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

___ (v) 252.225-7035, Buy American--Free Trade Agreements--Balance of Payments Program Certificate.

___ Use with Alternate I.

___ Use with Alternate II.

___ Use with Alternate III.

___ Use with Alternate IV.

___ Use with Alternate V.

(e) The offeror has completed the annual representations and certifications electronically via the SAM Web site at <https://www.acquisition.gov/>. After reviewing the SAM database information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-8(c) and paragraph (d) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below ____ [offeror to insert changes, identifying change by provision number, title, date]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR/DFARS Clause #	Title	Date	Change

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications located in the SAM database.

(End of provision)

252.209-7994 REPRESENTATION BY CORPORATIONS REGARDING AN UNPAID DELINQUENT TAX LIABILITY OR A FELONY CONVICTION UNDER ANY FEDERAL LAW—FISCAL YEAR 2014 APPROPRIATIONS (DEVIATION 2014-O0004) (OCTOBER 2013)

(a) In accordance with section 101(a) of Division A of the Continuing Appropriations Act, 2014 (Pub. L. 113-46), none of the funds made available by that Act for DoD (including Military Construction funds) may be used to enter into a contract with any corporation that—

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless the agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless the agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that—

(1) It is [____] is not [____] a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability,

(2) It is [____] is not [____] a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

252.209-7999 REPRESENTATION BY CORPORATIONS REGARDING AN UNPAID DELINQUENT TAX LIABILITY OR A FELONY CONVICTION UNDER ANY FEDERAL LAW (DEVIATION 2012-O0004) (JAN 2012)

(a) In accordance with sections 8124 and 8125 of Division A of the Consolidated Appropriations Act, 2012,(Pub. L. 112-74) none of the funds made available by that Act may be used to enter into a contract with any corporation that—

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless the agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interests of the Government.

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless the agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that—

(1) It is [____] is not [____] a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability,

(2) It is [____] is not [____] a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

Section L - Instructions, Conditions and Notices to Bidders

SECTION L**INSTRUCTION TO OFFERORS****1. Inquiries.**

Inquiries regarding the Request for Proposal (RFP) shall be submitted electronically using the Request for Information (RFI) form provided as **Attachment J-4.4** (uploaded separately on Fedbizopps <http://www.fbo.gov>). The Point of Contact (POC) for inquiries is Michele Hovis at 760-725-8222 or e-mail at michele.hovis@navy.mil. The Government does not intend to respond to inquiries submitted less than 10 days before the proposal receipt date.

2. Proposal Submittal Requirements.

Proposals submitted in response to this solicitation shall be formatted as follows and furnished in the number of copies stated herein. A cover letter shall accompany the proposal.

The cover letter shall include—

- a. The solicitation number;
- b. The name, address, telephone and facsimile numbers, and email address of the Offeror;
- c. The **DUNS Number, CAGE Code, and Tax Identification Number (TIN)** of the Offeror;
- d. A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;
- e. Names, titles, phone and facsimile numbers, and email addresses of persons authorized to negotiate on the Offeror's behalf with the Government in connection with this solicitation and;
- f. Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

Proposals shall be submitted in three ring binders or bound, with tabs or separators. Page limits, if stipulated, must be adhered to. Proposals shall be submitted on 8.5" X 11" paper, utilizing both sides of the paper.

The format for the proposal is as follows:

Tab 1: Cover Letter

Tab 2: First two pages of SF1442 - with blocks 14 through 20c completed.

Tab 3: The Offeror shall submit Completed ELINs A001 and A002 for the prepriced and nonprepriced coefficient factors as well as a breakdown for these coefficients utilizing **Exhibit "A"**.

Tab 4: Bid Bond (see clause 5252.228-9302 Bid Guarantee in RFP for Bid Bond amount).

Tab 5: **Exhibit "B"**, Financial Questionnaire (in sealed envelope from financial institution). Offerors shall submit the Financial Questionnaire to their financial institution and request that the financial institution complete the questionnaire with regard to the Offeror's firm. Upon completion of the questionnaire, the financial institution should place the completed questionnaire in a sealed envelope showing the return address of the financial institution and forward it to the Offeror so that the Offeror can include the questionnaire (in the sealed envelope) with the Offeror's proposal.

Tab 6: A print-out of the Offeror's filled out Representations and Certifications and Active and Inactive

Exclusions from the System for Award Management (SAM). Also, per Section K of the RFP, using **Exhibit “G”**, fill-out responses to FAR clause 52.219-1 “Small Business Program Representations” (APR 2012) and DFARS clause 252.209-7999 “Representations by Corporations Regarding an Unpaid Delinquent Tax Liability or a Felony Conviction under any Federal Law” (Dev 2012-00004) (May 28, 2014).

Tab 7: VETS-100 information

Failure to submit a Bid Bond conforming to the requirements of the solicitation may result in an Offeror's proposal being rejected as unacceptable.

The Financial Questionnaire and Representations and Certifications will not be rated. They will, however, be considered in assessing the Offeror's responsibility.

VOLUME I

Tab “Price”:

Price (**In sealed envelope in original proposal folder only**) – The envelope shall contain the following original documents: SF1442 (Solicitation, Offer, and Award) with blocks 14 through 20c completed; the Offeror shall submit Completed ELINs A001 and A002 for the prepriced and nonprepriced coefficient factors as well as a breakdown for these coefficients utilizing **Exhibit “A”**; Bid Guarantee **\$1,000.00 (20% of price payable for the contract guaranteed minimum)**; Financial Questionnaire, **Exhibit “B”**; **Section K** Representations and Certifications, System of Award Management (SAM) Representations and Certifications and **Exhibit “G”**; and VETS-100 and/or VETS-100A Report Submission Confirmation (or Statement of Non-applicability).

Include an unlocked/unprotected MS Excel version of your Exhibit “A”, Breakdown of Coefficients on the required CD.

VOLUME II:

Tabs 1 and 2 “Exhibits C & D”:

Factor 1, Experience of the Offeror [*Exhibits C*]

Factor 2, Past Performance [*Exhibits D (Past Performance Questionnaires) or CCASS Evaluations*]
(Evaluations should immediately follow the project shown on Exhibit C to which they pertain)

Tab 3 “Exhibit E”:

Factor 3, Management Approach and Capabilities of the Offeror

- Joint Venture Agreement, Letter of Commitment, as applicable
- Bondability Letter
- Organizational Chart
- Resumes (Project Manager(s), Quality Control Manager(s), Site Safety Health Officer(s) (SSHO), Superintendents(s))

Tab “Exhibit F”

Factor 4, Safety

- Narrative (as per Question 4 of Exhibit)

3. Submission and Receipt of Proposals

Offerors are asked to submit only the information/exhibits required. Do not submit any additional information such as brochures, CDs (excludes the required CD, electronic copy), or other pre-printed

materials.

A total of one (1) original and three (3) hard copies of the complete proposal in response to this RFP must be received by this office no later than the date and time stated in Block 13 of the SF1442. The electronic copy shall be submitted as three separate documents on CD as follows:

1. One (1) Adobe Portable Document Format (PDF) document of the Price Proposal (SF1442, Bid Bond, Section K , Exhibit G, and SAM Representations and Certifications, and VETS-100 Report)
2. One (1) unlocked/unprotected MS Excel File of Exhibit "A"
3. One (1) Adobe PDF document of the technical proposal.

Offerors should address all evaluation factors and shall submit the proposal to the following address:

If you intend to use FedEx, please use the following address:

Resident Officer in Charge of Construction (ROICC) Camp Pendleton
 ATTN: Michele Hovis
 9th St., Bldg 22101
 Camp Pendleton, CA 92055-5229

If you intend to use USPS, please use the following address:

Resident Officer in Charge of Construction (ROICC) Camp Pendleton
 ATTN: Michele Hovis
 Bldg 22101, PO Box 555229
 Camp Pendleton, CA 92055-5229

Proposal must be clearly marked on the outside of the package with the solicitation number.

LATE SUBMITTALS WILL NOT BE CONSIDERED.

- It is the Offeror's responsibility to deliver its proposal to the ROICC Camp Pendleton Office, Building 22101, at the proper time which includes allowing a reasonable amount of time for the delivery and date stamping of the proposal [(See FAR 15.208(a)]. Proposals received/stamped after the stated date and time in Block 13 of the SF1442 will not be considered.
- An Offeror risks the late receipt and rejection of a proposal where it delays delivering its proposal until the last few minutes before the time set for receipt of proposals. It is recommended that the Offerors allow for weather delays or delays in driving through Camp Pendleton caused by traffic, construction projects, and gaining access to the installation.
 - ✓ If mailing the proposal, ensure the proposal is mailed with plenty of time to be delivered and stamped at the ROICC Camp Pendleton Office no later than the date and time stated in the Solicitation. It is recommended when using United States Postal Service (USPS) to allot additional days for mailing the proposal. Follow up with a phone call to the Contract Specialist provided as the point of contact on the solicitation, to confirm receipt.
 - ✓ If proposal is dropped off by FEDEX, UPS, or any other commercial courier, instructions are posted in the lobby of the Office indicating the phone number of the person on duty to call (760) 725-8200 so that the proposal may be delivered, stamped and secured. The stamp time will be determined by the ROICC representative using the Office's timekeeping equipment.

- ✓ If proposal is delivered by company courier, contact the Contract Specialist prior to coming to the Office to set up a date and time so that the proposal may be received, stamped, and secured. When you arrive at the Office, contact the Contract Specialist. However if he/she is not available, call (760) 725-8200 for assistance.

4. Pre-Proposal Conference.

- a. A pre-proposal conference and site visit will not be conducted at this time.
- b. Failure of a prospective Offeror to submit any questions will be construed to mean that the Offeror fully understands all requirements of the solicitation.
- c. All prospective Offerors are advised that this solicitation will remain unchanged unless it is amended in writing. Amendments will be posted on the website at <http://www.fbo.gov>. However, if an amendment is issued, normal procedures relating to the acknowledgment and receipt of any such amendment as described in Contract Clause "Amendment to Solicitations" of this section shall be applicable.

5. Financial Questionnaire – Exhibit "B", Volume I.

Offerors shall submit the Financial Questionnaire to their financial institution and request the financial institution complete the questionnaire with regard to the Offeror's firm. Upon completion of the questionnaire, the financial institution should **place the completed questionnaire in a sealed envelope showing the return address of the financial institution and forward it to the Offeror** so that the Offeror can include the questionnaire (in the sealed envelope) with the Offeror's proposal.

If the Offeror is a joint venture, information should be submitted for the joint venture. If there is no information for the joint venture, information should be submitted for each joint venture partner.

6. Surety Information – Exhibit "E", Volume II.

Offerors shall submit a bondability letter from the surety company to report their surety bonding information, verifying aggregate bonding capacity, current available bonding, as well as single project limit.

If the Offeror is a joint venture, one bondability letter shall be submitted for the joint venture, not the individual partners.

7. System for Award Management.

The System for Award Management (SAM) is combining federal procurement systems and the Catalog of Federal Domestic Assistance into one new system. This consolidation includes the functionality from the following systems:

- Central Contractor Registry (CCR)
- Federal Agency Registration (Fedreg)
- Online Representations and Certifications Application (ORCA)
- Excluded Parties List System (EPLS)

Contractors must be registered in the System for Award Management (SAM) prior to award of a DoD contract. In order to participate on this solicitation, contractors must also complete electronic representations and certifications. For more information and to complete the electronic Reps & Certs, see the SAM website at <http://www.sam.gov>. **A contract cannot be awarded to a contractor not registered in SAM.** Remember to review the NAICS codes listed in your SAM record and make sure that you have listed the NAICS code for this procurement.

Note: FAR Clause 52.209-7 and DFARS Clause 252.209-7999 are not found in the electronic Reps & Certs in SAM; however both clauses are in Section K, herein. **Offerors shall submit FAR Clause 52.209-7 with paragraph (b) completed** to report whether or not they have current active Federal contracts and grants with a total value greater than \$10,000,000 and **Offerors shall submit DFARS Clause 252.209-7999 with paragraph (b) completed** to report whether or not they have any unpaid Federal tax liability or were convicted of a felony criminal violation under a Federal law within the preceding 24 months. **Section J, Exhibit G is provided to each offeror for this requirement.**

8. Federal Contractor Program

In accordance with Federal Acquisition Regulation (FAR) 22.1303, any contractor or subcontractor with a contract of \$100,000 or more with the Federal Government must take affirmative action to hire and promote qualified targeted veterans which includes, special disabled veterans, veterans of the Vietnam-era, recently separated veterans, and any other veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized.

If subject to the reporting requirements, companies must file an annual VETS-100 and/or VETS-100A Report, which shows the number of targeted veterans in their work force by job category, hiring location, and number of new hires, including targeted veterans hired during the reporting period and the maximum number and minimum number of employees of such contractor during the period covered by the report. Instructions, information, and follow-up assistance is provided at VETS-100 Internet site at <http://www.dol.gov/vets/vets-100.html> or employers may contact the VETS-100 customer support at (866) 237-0275 or e-mail at VETS100-customersupport@dol.gov.

Upon the successful submission of a VETS-100 and/or VETS-100A report(s), federal contractors will receive an email confirmation of receipt notification for their records. **Offerors shall include a copy of their confirmation notification email in their proposal as verification of submission for the current reporting period. DO NOT SUBMIT A COPY OF THE REPORT ITSELF. If this requirement is not applicable to your firm, provide a statement that your firm does not have any contracts subject to this requirement.**

A contract cannot be awarded to a contractor that has not submitted a required annual form VETS-100, Federal Contractor Veterans' Employment Report (VETS-100 and/or VETS-100A Report) if subject to the reporting requirements of 38 U.S.C. 4212(d) for that fiscal year.

9. Incurred Expenses

The Government is not responsible for any costs incurred or associated with preparation and submission of a proposal in response to this solicitation.

10.No Alternate or Multiple Proposals

Neither multiple proposals, nor proposal variations or options, nor alternate or alternative proposals will be considered in the evaluation.

CLAUSES INCORPORATED BY REFERENCE

52.204-6	Data Universal Numbering System Number	JUL 2013
52.211-6	Brand Name or Equal	AUG 1999
52.211-7	Alternatives to Government-Unique Standards	NOV 1999

52.232-38 Submission of Electronic Funds Transfer Information with Offer JUL 2013

CLAUSES INCORPORATED BY FULL TEXT

52.204-7 SYSTEM FOR AWARD MANAGEMENT (JULY 2013)

(a) Definitions. As used in this provision--

Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional System for Award Management records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same parent concern.

Registered in the System for Award Management SAM database means that--

(1) The offeror has entered all mandatory information, including the DUNS number or the DUNS+4 number, the Contractor and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see Subpart 4.14) into the SAM database;

(2) The offeror has completed the Core, Assertions, and Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The offeror will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record ``Active".

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number--

(i) Via the Internet at <http://fedgov.dnb.com/webform> or if the offeror does not have internet access, it may call Dun and Bradstreet at 1-866-705-5711 if located within the United States; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office. The offeror should indicate that it is an offeror for a U.S. Government contract when contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

- (i) Company legal business.
 - (ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.
 - (iii) Company Physical Street Address, City, State, and Zip Code.
 - (iv) Company Mailing Address, City, State and Zip Code (if separate from physical).
 - (v) Company Telephone Number.
 - (vi) Date the company was started.
 - (vii) Number of employees at your location.
 - (viii) Chief executive officer/key manager.
 - (ix) Line of business (industry).
 - (x) Company Headquarters name and address (reporting relationship within your entity).
- (d) If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.
- (e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
- (f) Offerors may obtain information on registration at <https://www.acquisition.gov>.

(End of clause)

52.211-14 NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE, EMERGENCY PREPAREDNESS, AND ENERGY PROGRAM USE (APR 2008)

Any contract awarded as a result of this solicitation will be DX rated order; DO rated order certified for national defense, emergency preparedness, and energy program use under the Defense Priorities and Allocations System (DPAS) (15 CFR 700), and the Contractor will be required to follow all of the requirements of this regulation. [Contracting Officer check appropriate box.]

(End of provision)

52.215-1 INSTRUCTIONS TO OFFERORS--COMPETITIVE ACQUISITION (JAN 2004)

(a) Definitions. As used in this provision--

“Discussions” are negotiations that occur after establishment of the competitive range that may, at the Contracting Officer's discretion, result in the offeror being allowed to revise its proposal.

“In writing or written” means any worded or numbered expression which can be read, reproduced, and later

communicated, and includes electronically transmitted and stored information.

“Proposal modification” is a change made to a proposal before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

“Proposal revision” is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a Contracting Officer as the result of negotiations.

“Time”, if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period shall include the next working day.

(b) Amendments to solicitations. If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals. (1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i) and (c)(1)(ii) of this provision.

(2) The first page of the proposal must show--

(i) The solicitation number;

(ii) The name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) Submission, modification, or revision, of proposals.

(i) Offerors are responsible for submitting proposals, and any modifications, or revisions, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii)(A) Any proposal, modification, or revision received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(1) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the provision at 52.215-5, Facsimile Proposals. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the solicitation.

(6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.

(d) Offer expiration date. Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).

(e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall--

(1) Mark the title page with the following legend: This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed--in whole or in part--for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of--or in connection with-- the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets]; and

(2) Mark each sheet of data it wishes to restrict with the following legend: Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award. (1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government's interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(i) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(iv) A summary of the rationale for award.

(v) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

(vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

(End of provision)

52.216-1 TYPE OF CONTRACT (APR 1984)

The Government contemplates award of a FIXED-PRICE INDEFINITE DELIVERY INDEFINITE QUANTITY JOB ORDER CONTRACT resulting from this solicitation.

(End of provision)

52.233-2 SERVICE OF PROTEST (SEP 2006)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from Resident Officer in Charge of Construction Camp Pendleton, ATTN: Catherine Jones, Bldg. 22101, PO Box 555229, Camp Pendleton, CA 92055-5229

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

<http://www.acquisition.gov/far/>
<http://farsite.hill.af.mil/>

(End of provision)

52.252-5 AUTHORIZED DEVIATIONS IN PROVISIONS (APR 1984)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(1) The use in this solicitation of any DFARS (48 CFR Chapter 2) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

252.204-7004 ALTERNATE A, SYSTEM FOR AWARD MANAGEMENT (FEB 2014)

(a) Definitions. As used in this provision--

``System for Award Management (SAM) database" means the primary Government repository for contractor information required for the conduct of business with the Government.

``Commercial and Government Entity (CAGE) code" means—

(1) A code assigned by the Defense Logistics Information Service (DLIS) to identify a commercial or Government entity; or

(2) A code assigned by a member of the North Atlantic Treaty Organization that DLIS records and maintains in the CAGE master file. This type of code is known as an ``NCAGE code."

``Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

``Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR 32.11) for the same parent concern.

``Registered in the System for Award Management (SAM) database" means that—

(1) The contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, and Contractor and Government Entity (CAGE) code into the SAM database;

(2) The contractor has completed the Core Data, Assertions, Representations and Certifications, and Points of Contact sections of the registration in the SAM database;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The Contractor will be required to provide consent for TIN validation to the Government as part of the SAM registration process; and

(4) The Government has marked the record ``Active."

(End of clause)

Section M - Evaluation Factors for Award

SECTION M

BASIS FOR AWARD

Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for the non-price factors. The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with offerors in the competitive range; and to award a single contract to the offeror submitting the lowest price technically acceptable offer.

The Government intends to evaluate proposals and award the contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In addition, if the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

The LPTA process is selected as appropriate for this acquisition because the best value is expected to result from selection of the technically acceptable proposal with the lowest evaluated price. A single award will be made. In order to permit efficient competition, the following methodology will be utilized. Proposals will be initially screened for price and placed in order of price (lowest price to highest price). The Government will then evaluate the non-price factors of the five (5) lowest priced proposals in accordance with the criteria of acceptability set forth in the solicitation.

However, the Government, at its sole discretion, reserves the right to increase the number of proposals it will review under this methodology. If one (1) of those proposals is technically acceptable, and if the price is determined to be reasonable in the price evaluation, the Government will make an award to that offeror with the lowest price. If there is no technically acceptable proposal, the next group of five (5) proposals will continue to be evaluated in the order of lowest price to highest price until one (1) has been determined to be technically acceptable. Accordingly, under this methodology, the non-price factors of some proposals may not be evaluated by the Government. If discussions are deemed necessary by the Contracting Officer, all proposals will be evaluated (both non-price and price) for the purpose of establishing a competitive range.

Each non-price factor will be rated as either Acceptable or Unacceptable. An “UNACCEPTABLE” rating in any factor results in the overall non-price proposal being rated “UNACCEPTABLE” unless corrected through discussions. An overall non-price rating of “UNACCEPTABLE” makes a proposal ineligible for award.

Technical Acceptable/Unacceptable Ratings	
Rating	Description
Acceptable (A)	Proposal clearly meets the minimum requirements of the solicitation.
Unacceptable (U)	Proposal does not clearly meet the minimum requirements of the solicitation.

DEFINITIONS – the following definitions are relevant to the evaluation process:

DEFICIENCY: A material failure of a proposal to meet a solicitation requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

WEAKNESS: A flaw in the proposal that increases the risk of unsuccessful contract performance.

SIGNIFICANT WEAKNESS: A flaw in the proposal that appreciably increases the risk of unsuccessful contract performance.

PAST PERFORMANCE: Relates to how well an Offeror has performed; e.g., the quality of work accomplished, schedule compliance, customer satisfaction.

EXPERIENCE: Pertains to work performed by an Offeror, within the prescribed timeframe, which is the same or similar to the work that may be ordered under this contract in terms of size, scope, and complexity. Experience is distinct from past performance (how well an Offeror has performed).

PROJECT: A design-build or design-bid-build construction activity or task, with a single starting point and a single ending point.

COMBINED PROJECT(S): Projects with multiple starting and ending points, performed under separate task orders, delivery orders, or multiple contracts combined in a single description. No credit will be given for work performed under MACC/IDIQ/JOC contracts in the aggregate or for multiple projects completed under more than one task/delivery order.

RENOVATION/REPAIR PROJECT TYPES: Refers to projects where the work modifies existing facilities.

NEW CONSTRUCTION: Refers to creating entirely new facilities (or new expansions to existing facilities where a new structure and foundation is provided as part of the expansion).

100% COMPLETE: The facility/work is completely constructed and ready for the intended use.

OFFEROR: Refers to the Contractor submitting the proposal as Offeror, including joint ventures, whose name appears in Block 14 of Standard Form (SF) 1442 (Solicitation, Offer and Award). In the event of a conflict or inconsistency between the Offeror's name cited on the SF 1442 and any other part of the proposal, the SF 1442 is the conclusive document in determining the Offeror who is submitting the proposal.

JOINT VENTURE (JV): A legal business entity formed between two or more companies (parties) to undertake the performance activities of a contract together. **ANY PROPOSED JV MUST MEET THE REQUIREMENTS OF 13 CFR 125.15.** See <http://www.law.cornell.edu/cfr/text/13/125.15>.

FIVE-YEAR PERIOD: The prescribed timeframe for this solicitation that refers to the period of time for which projects may be submitted for experience or past performance. The five-year period is calculated by counting back five years from the initial RFP issuance date.

DESIGN-BUILD: Refers to combining design and construction in a single contract with one contractor. Design-build projects require design of the project by a licensed professional (i.e. engineer, architect). Projects that only require shop drawing level effort are not design-build projects.

DESIGN-BID-BUILD: Refers to the traditional delivery method where design and construction are sequential and contracted for separately with two contracts and two contractors.

SELF-PERFORM: Refers to performing relevant major trade work in-house without subcontractors. This does not include administrative or management functions. Relevant major trade work is that which is the same or similar to the work that may be ordered under this contract.

PAGE: Refers to one printed side of a piece of paper. (For example, 5 pieces of paper printed on both sides would result in 10 pages of narrative.)

EVALUATION FACTORS FOR AWARD

The solicitation requires the evaluation of price and the following non-price factors:

- Factor 1 – Experience of the Offeror
- Factor 2 – Past Performance
- Factor 3 – Management Approach and Capabilities of the Offeror
- Factor 4 – Safety

“The distinction between experience and past performance is experience pertains to the types of work and volume of work completed by a contractor that are comparable to the types of work covered by this requirement, in terms of size, scope, and complexity. Past performance pertains to both the relevance of recent efforts and how well a contractor has performed on the contracts.”

Basis of Evaluation and Submission Requirements for Each Factor:

A. PRICE FACTOR

1. Price - Proposal Submission Requirements:

Price (**In sealed envelope in original proposal folder only**) – The envelope shall contain the following original documents:

- Cover Letter – **Tab 1**
- SF1442 (Solicitation, Offer, and Award) with blocks 14 through 20c completed; **Tab 2**;
- The Offeror shall submit Completed ELINs A001 and A002 for the prepriced and nonprepriced coefficient factors as well as a breakdown for these coefficients utilizing **Exhibit “A” – Tab 3**
- Bid Bond/Guarantee in the amount of \$1,000 (20% of price payable for the contract guaranteed amount– **Tab 4**;
- Financial Questionnaire (in sealed envelope from financial institution utilizing **Exhibit “B”**)- **Tab 5**
- Reps and Certs (Section K) print-out, SAM Reps and Certs printout, and **Exhibit “G”** (Clauses Fill-out) – **Tab 6**
- VETS-100 information – **Tab 7**

Failure to submit a Bid Guarantee conforming to the requirements of the solicitation may result in an Offeror's proposal being rejected as unacceptable.

2. Basis of Evaluation

The price evaluation is based on the numerical coefficient factors proposed for prepriced work and non-prepriced work for the Base Year. These multiplier factors represent the Offeror's adjustment to the unit prices established in R.S. Means Cost Data and include all indirect costs such as overhead, profit, bonds, and insurance. For example, a Coefficient Factor of 110% would be bid as 1.10. During the execution of the task order, the unit price of specific construction task is multiplied by 1.10 to obtain the final price to be paid for that task. Each unit price item in R.S. Means Cost Data is referred to as “Prepriced Items”. Non-prepriced Items are defined as construction materials, services, and work that are not listed by the R.S. Means Cost Data Book.

The coefficients bid for the base year, in conjunction with the applicable updated R.S. Means Cost Data Books, will be used throughout the duration of the contract.

Use **Exhibit “A”** under **Tab 3** to provide a breakdown for your coefficients. The breakdown should show the costs of doing the work under the contract resulting from this solicitation and the various elements that make up your coefficients. The proposed coefficient breakdowns will be evaluated to determine the reasonableness, realism, and completeness of the Offeror’s price proposal. They will be assessed in relation to the resources and management approach identified in the technical proposal. One or more of the following techniques will be used to ensure a fair and reasonable price:

- Comparison of proposed coefficient prices received in response to the solicitation.
- Comparison of proposed coefficient prices with the Independent Government Estimate.
- Comparison of proposed coefficient prices with available historical information.
- Comparison of proposed coefficient prices with resources proposed.
- Obtain information/reports from DCAA or other outside agencies as required.

A coefficient price that is found to be either unreasonably high or unrealistically low in relation to the proposed solicitation work may be indicative of an inherent lack of understanding of the solicitation requirements or the components of the coefficient and may result in the overall proposal not being considered for award.

Any inconsistency whether real or apparent, between proposed performance and price must be clearly explained in the price proposal. For example, if unique and innovative approaches are the basis for an apparently unbalanced/inconsistently priced proposal, the nature of these approaches and their impact on price must be completely documented. The burden of proof of coefficient price realism rests solely with the Offeror.

B. NON-PRICE FACTORS

FACTOR 1 –EXPERIENCE OF THE OFFEROR

1. Solicitation Submittal Requirements. Provide the following in the **Technical Proposal Volume II, Technical Proposal, Tab 1:**

- a. Submit **Exhibit “C”** (Construction Experience Project Data Sheet) under **Tab 1**, for each Project.
- b. Submittals: Submit five (5) relevant construction projects (sustainment, modernization, renovation, alterations, repairs) that best demonstrate the experience of the Offeror on projects which are similar in size, scope, and complexity to the projects/task orders that may be ordered under this contract.

For purpose of this evaluation, relevant projects are further defined as projects involving multiple trades and requiring extensive project management. Some of the trades that may be included, but are not limited to, are: interior and exterior finishes, interior and exterior facility components and trim, interior furnishings and equipment, interior and exterior structural and nonstructural components, flooring, glazing, ceramic tile, masonry and concrete, plumbing, mechanical, electrical (medium, low auxiliary and backup systems), electronic and control systems, communication systems, IT systems, fire protection/suppression systems, security systems, exterior improvements, minor earthwork, facility service utilities, etc.

- c. Projects may include, but are not limited to, work at commercial and administrative buildings (office buildings), barracks/bachelor living quarters, industrial buildings (vehicle maintenance facilities), retail, armories, training/educational centers, sports fields, recreational facilities, indoor swimming facilities, fire stations, warehouses, and correctional custody facilities.

Projects to be issued under this JOC will be for work not covered under NAICS 238990 or under a single Specialty Trade NAICS or Contractor. The dollar value of each project may range from \$2,000.00 to \$ 750,000.00.

d. Additional submission requirements:

Of the five (5) required projects for submission:

- Submit at least two (2) relevant projects with a construction cost of \$250,000 or above.
 - Submit a minimum three (3) relevant projects that are 100% complete. The other two (2) projects must be at least 80% complete.
- e. Projects submitted for the Offeror shall be completed within the past five (5) years of the date of issuance of this RFP.
- f. A project is defined as a construction project performed under a single task order or contract. Multiple award and indefinite delivery/indefinite quantity type contracts (basic contracts from which task orders are issued) are not permissible and will not be evaluated.
- g. The attached Offeror's Experience Project Data Sheet ("Exhibit C"– Factor 1 Worksheet) is MANDATORY and SHALL be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form. Individual blocks on this form may be expanded.
- h. A completed Exhibit C shall be submitted for each project submitted under this factor.
- i. For all submitted projects, the description of the project shall clearly describe the scope of work performed and the relevancy to the scope requirements of this solicitation (i.e., at least 3-4 sentences describing area, facility or structure, construction tasks and method).
- j. If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects shall be submitted for each Joint Venture partner. Offerors who fail to submit experience for all Joint Venture partners may be rated unacceptable. Offerors are still limited to a total of five (5) projects combined.
- k. If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442) that will perform major or critical aspects of the requirements, the proposal shall include relevant experience information of these affiliates/subsidiaries/parent/LLC/LTD member companies. The Offeror must provide a letter of commitment and an explanation of the meaningful involvement that the proposed firm will have in the performance of this contract. Regarding any such submitted project, if the Offeror fails to demonstrate the affiliate/subsidiary/parent firm's meaningful involvement in the performance of this contract, or fails to make clear the relationship(s), the project will not be considered relevant and will not be evaluated. *Offerors are still limited to a total of five (5) projects combined.*

2. Basis for Evaluation:

- a. The basis of evaluation will be the Offeror's demonstrated experience in performing five (5) relevant construction projects as defined in the proposal submission requirements above. The assessment of the Offeror's relevant experience will be used as a means of evaluating the capability of the Offeror to successfully meet the requirements of the RFP.
- b. Proposals which submit fewer than five (5) relevant construction projects or fail to demonstrate experience as required above will be rated Unacceptable.

- c. Any project submitted which is: (1) In excess of the five (5) required projects; (2) Combined projects (see definition); (3) Not 100% or at least 80% complete within the five-year period specified (see definition); or (4) Outside the scope of work of this solicitation, will not be evaluated.

FACTOR 2 – PAST PERFORMANCE

1. Solicitation Submittal Requirements. Provide the following in **Technical Proposal Volume II:**

- a. Evaluations under **Tab 2**, in the same order as the projects, presented for Factor 1, Experience, to which they pertain.
- b. IF A COMPLETED CONSTRUCTION CONTRACTOR APPRAISAL SUPPORT SYSTEM (CCASS) EVALUATION IS AVAILABLE, IT SHALL BE SUBMITTED WITH THE PROPOSAL. IF THERE IS NOT A COMPLETED CCASS EVALUATION, the Past Performance Questionnaire (PPQ), **“Exhibit D”**, included in the solicitation is provided for the Offeror and Team members to submit to the client for each project included in Factor 1, Experience. AN OFFEROR SHALL NOT SUBMIT A PPQ WHEN A COMPLETED CCASS IS AVAILABLE.

IF A CCASS EVALUATION IS NOT AVAILABLE, ensure correct phone numbers and email addresses are provided for the client point of contact. The Offeror should provide completed PPQs in the proposal. Offerors shall not incorporate by reference in their proposal PPQs or CCASS previously submitted for other RFPs. However, this does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation. If the Offeror is unable to obtain a completed PPQ from a client for a project(s) before proposal closing date, the Offeror should complete and submit with the proposal the first page of the PPQ, which will provide contract and client information for the respective project(s). The Government may make reasonable attempts to contact the client noted for that project(s) to obtain the PPQ information. However, Offerors should follow-up with clients/references to help ensure timely submittal of questionnaires. If the client requests, questionnaires may be submitted directly to the Government’s point of contact, Michele Hovis via email at michele.hovis@navy.mil prior to proposal closing date.

- c. In addition to the above, the Government may review any other sources of information for evaluating past performance. Other sources may include, but are not limited to, past performance information retrieved through the Past Performance Information Retrieval System (PPIRS) using all CAGE/DUNS numbers of team members (partnership, joint venture, teaming arrangement, or parent company/subsidiary/affiliate) identified in the Offeror’s proposal, inquiries of owner representative(s), and any other known sources not provided by the Offeror.
- d. The Government reserves the right to contact references for verification or additional information. The Government’s inability to contact any of the Offeror’s references or the references unwillingness to provide the information requested may affect the Government’s evaluation of this factor.
- e. While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete past performance information rests with the Offeror.
Performance award or additional information submitted will not be considered.

2. Basis of Evaluation:

- a. Past Performance shall be evaluated when using the LPTA process and will be rated on an “acceptable” or “unacceptable” basis using the ratings in the following table:

Acceptable (A)	Based on the offeror’s performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or
----------------	---

	the offeror’s performance record is unknown. (See paragraph d. below.)
Unacceptable (U)	Based on the offeror’s performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.

- b. This evaluation focuses on how well the Offeror performed on the relevant projects submitted under Factor 1 – Experience and past performance on other projects currently documented in known sources. In addition to the above, the Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. Other sources may include, but are not limited to, past performance information retrieved through the Past Performance Information Retrieval System (PPIRS) using all CAGE/DUNS numbers of Contractors who are part of a partnership or joint venture identified in the Offeror’s proposal, inquiries of owner representative(s), Federal Awardee Performance and Integrity Information System (FAPIIS), and any other known sources not provided by the Offeror.
- c. Offerors will be rated as acceptable when PPQs/CCASS evaluations and information obtained from any other sources reflect, at a minimum, a satisfactory level of performance considering the following: the contractor’s history of reasonable and cooperative behavior; commitment to customer satisfaction’ record of conforming to specifications and applicable law (i.e., Davis Bacon Wage Determinations/Safety Standards, etc.); quality of workmanship; record of recommending and/or implementing innovative approaches and/or technologies; record of controlling costs; safety performance record; and adherence to schedules.
- d. In the case of an Offeror without record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the Offeror may not be evaluated favorably or unfavorably on past performance (see FAR 15.305(a)(2)(iv)). Therefore, the Offeror shall be determined to have unknown past performance. In the context of acceptability/unacceptability “unknown” shall be considered “acceptable.”

FACTOR 3 – MANAGEMENT APPROACH AND CAPABILITIES OF THE OFFEROR

- 1. Solicitation Submittal Requirements. Provide the following for evaluation under **Tab 3** of the technical proposal Volume II:
 - a. Use the “**Exhibit E** “– Factor 3 Worksheet to address the following:
 - Provide both the single and aggregate bonding capacity of the Offeror. See paragraph (d) below for specific requirements regarding bonding capacity.
 - Provide an organizational chart identifying all of the Offeror’s key personnel (names, position titles) and team members (affiliates, subsidiaries), if any, responsible for the execution and technical administration of the contract with corresponding lines of authority. It should also indicate the full-time and part-time positions.
 - Provide the percentage of work that the in-house tradespeople employed by the Offeror will perform as the Prime SDVOSB Offeror in accordance with the RFP requirements.
 - For the affiliates or other partner members, explain the type of work they will be responsible to perform and the corresponding percentage of work that will be performed by each one. Offerors shall provide a letter of commitment for each affiliate or partner as applicable under separate attachment.
 - How the Offeror will respond to proposed task orders that may have short notice site visits and/or response times for submitting proposals.

- Describe the Offeror's commitment and capability to manage multiple concurrent task orders in various locations within the area of coverage of this contract.
 - If only one Project Manager is proposed to manage this contract, the Offeror will describe how the Project Manager will effectively manage work taking place simultaneously at all installations covered under this contract.
 - If more than one person is proposed to be Project Manager for the JOC, indicate how the work is to be divided so it is effectively managed between the different Project Managers.
 - Provide a detailed description of each Project Manager's authority, knowledge of, and experience with Job Order or SABER type of contracts, subcontracting coordination, construction safety, quality control, and anti-terrorism standards.
 - Describe how the Offeror will effectively perform quality control management including how the Offeror will go about selecting a Quality Control Manager (QCM) who meets the requirements of the RFP.
 - Submit (under **Tab "3"**) résumés for the Offeror's proposed key personnel: Project Manager(s), Quality Control Manager(s), Site Safety Health Officer, and Site Superintendent(s).
- b. Proposals that fail to address all of the elements or submit complete required information under this Factor **may** be rated Unacceptable.
- c. Offerors shall respond in the space provided on the worksheets using a minimum of 12 pt. Times New Roman or Arial font. The boxes may be expanded.
- d. The Offeror shall provide a bondability letter from the surety company to demonstrate the minimum single project bonding capacity and aggregate bonding capacity of, at least \$10,000,000, for the management of multiple concurrent projects at the higher dollar magnitude within the task order range. The letter will also indicate the current available bonding capacity.
- e. If applicable, the Offeror shall submit a signed copy of a joint venture agreement, partnership agreement, teaming agreement, or letter of commitment for each member of the Offeror's team identified above (e.g., joint venture partner, parent company, subsidiary, or other affiliated company, etc.).

2. Basis of Evaluation:

The basis of evaluation will be the Offeror's management approach and capabilities to be successful on this Job Order Contract (JOC). Management approach is defined as the Offeror's commitment, capability/resources to fulfill the JOC requirements. The management approach also includes the Offeror's team composition; the quality control process; the authority, knowledge and experience of the Offeror's Project Manager; the qualifications of the key personnel; the percentage of the effort the Offeror will self-perform; and the Offeror's bonding capacity.

- a. A well-developed approach that demonstrates an ability to coordinate and manage several concurrent projects which could result in annual contract awards of \$1,000,000 to \$ 6,000,000.
- b. An approach that identifies areas of risk in logistics and resource management, and provides a well thought-out contingency plan that addresses risks such as cost estimating capabilities when the government issues multiple task orders within a short timeframe (typically experienced at the end of the fiscal year) and staffing capabilities to meet simultaneous completion requirements of these projects.

- c. Quality control procedures for construction processes that demonstrate active monitoring of on-site subcontractor performance with respect to work schedules and quality of work, and high level of corporate oversight, identifying measures taken if less than satisfactory performance is evident.
- d. Demonstrates an aggregate bonding capacity that allows for the management of multiple, concurrent projects at the higher dollar magnitude within the task order price range.

The assessment of the Offeror's management approach and capabilities will be used as a means of evaluating the capability of the Offeror to successfully meet the requirements of the solicitation.

FACTOR 4 – SAFETY

1. **Solicitation Submittal Requirements:** The Offeror shall submit the following information in the **Technical Proposal Volume II under Tab 4** using “**Exhibit F**”. (For a partnership or joint venture, the following submittal requirements are required for each contractor who is part of the partnership or joint venture. TRC and DART Rates shall not be submitted for subcontractors.)
 - a. OSHA Total Recordable Case (TRC) Rate:

For the **three (3)** previous **complete** calendar years (2011, 2012, and 2013), submit your OSHA Total Recordable Case (TRC) Rate, as defined by the U.S. Department of Labor, Occupational Safety and Health Administration. If you cannot submit an OSHA TRC Rate, affirmatively state so, and explain why. Any extenuating circumstances that affected the OSHA TRC Rate data should be addressed as part of this element. OSHA TRC rates above 4.0, in any of the previous three years, will be considered UNACCEPTABLE, unless an adequate explanation is provided to address the extenuating circumstances that affected the rate.

- a. OSHA Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate:

For the **three (3)** previous **complete** calendar years (2011, 2012, and 2013), submit your OSHA Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate, as defined by the U.S. Department of Labor, Occupational Safety and Health Administration. If you cannot submit an OSHA DART Rate, affirmatively state so, and explain why. Any extenuating circumstances that affected the OSHA DART Rate data should be addressed as part of this element. OSHA DART rates above 3.0, in any of the previous three years, will be considered UNACCEPTABLE, unless an adequate explanation is provided to address the extenuating circumstances that affected the rate.

- a. Technical Approach for Safety:

Describe the plan that the Offeror will implement to qualify, evaluate, select and oversee its potential subcontractors. The Safety narrative shall be limited to one page. Offerors must submit both (1) a plan to include the safety performance of subcontractors in the selection process for all levels of subcontractors and (2) a plan to monitor the safety of those subcontractors during contract performance, highlighting what specific management practices will be in place for providing deliberate safety program management and mishap prevention support to those sub-contractors whose EMR is greater than 1.0, whose TRC is greater than 4.0 and whose DART rate is greater than 3.0. Offerors who fail to submit either of these will be rated UNACCEPTABLE.

2. **Basis of Evaluation:** The Government is seeking to determine whether the Offeror has an acceptable safety record. The Government will evaluate the Offeror's overall safety record as evidenced by the TRC and DART rates, if the Offeror's plan includes safety in the evaluation and selection of subcontractors, and if the narrative includes a plan to monitor the safety performance of subcontractors during performance. The evaluation will collectively consider the following:

- OSHA Total Recordable Case (TRC) Rate
- OSHA Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate
- Offeror Technical Approach to Safety

a. OSHA Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate:

The Government will evaluate the OSHA TRC Rate to determine if the Offeror's OSHA TRC rate is above 4.0 and extenuating circumstances that impact the rates. OSHA TRC rates above 4.0, in any of the previous three years, will be considered UNACCEPTABLE, unless an adequate explanation is provided to address the extenuating circumstances that affected the rate.

b. OSHA Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate:

The Government will evaluate the OSHA DART Rate to determine if the Offeror's OSHA DART rate is above 3.0 and extenuating circumstances that impact the rates. OSHA DART rates above 3.0, in any of the previous three years, will be considered UNACCEPTABLE, unless an adequate explanation is provided to address the extenuating circumstances that affected the rate.

c. Technical Approach to Safety:

The Government will evaluate the narrative to determine if subcontractor safety performance will be considered in the qualification, evaluation, selection, of all levels of subcontractors on the upcoming projects, and both the plan to monitor the safety of those subcontractors during contract performance, highlighting what specific management practices will be in place for providing deliberate safety program management and mishap prevention support to those sub-contractors whose EMR is greater than 1.0, whose TRC is greater than 4.0 and whose DART rate is greater than 3.0. Offerors who fail to address either of these items (i.e. whether the safety performance of subcontractors will be evaluated in the selection process for all levels of subcontractors and whether the safety of those subcontractors will be monitored during contract performance) will be rated UNACCEPTABLE.
